STEERE ENTERPRISES, INC.
401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Steere Enterprises, Inc. (the "Company", "Plan Sponsor" or "Employer") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was originally established on February 1, 1985 and was amended and restated as of January 1, 2015 and covers all eligible employees. For purposes of participating in the Plan via the employee deferral and Company match contribution, an employee who has attained age 21 is eligible to participate upon completion of 90 days of service prior to any entry date. The entry dates are the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Effective April 1, 2017, the Plan will withhold an automatic deferral amount of 5% unless a participant makes an affirmative election. Participants may elect to contribute up to the maximum amount allowed by law of their compensation under the Plan. The Company makes discretionary matching contributions equal to 50% of employee deferrals that are 6% or less of the individual participant's compensation.

The Plan also has a profit sharing component in the form of a discretionary contribution, to be made at the election of the Company. Participants must be employed by the Company on the last day of the Plan year in order to receive an allocation of any discretionary contributions. No discretionary profit sharing contributions were made to the Plan for the years ended December 31, 2017 or 2016.

Vesting

Plan participants acquire vested nonforfeitable interest in the Plan Sponsor's matching contributions according to the following schedule:

Years of Service	Vesting Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

However, if an active participant dies or becomes permanently disabled prior to attaining his normal retirement age his vesting percentage shall be 100%. Participants are always 100% vested in their contributions to the Plan.

Allocation of Forfeitures

Forfeitures attributable to employer matching contributions are used to reduce the Employer's contribution or to pay administrative expenses for the plan year in which such forfeitures occur. Forfeitures amounted to $39,910 and $35,347 for the years ended December 31, 2017 and 2016, respectively. There were no accumulated unused forfeitures as of December 31, 2017 and 2016.

Participant Accounts

Separate accounts are maintained by Voya Institutional Trust Company, the Trustee, in the name of each participant. Participants direct their contributions and matching Plan Sponsor contributions to be invested into various investment options offered by the Plan.

Notes Receivable from Participants

The Plan allows for loans to participants from their individual account balances, which are limited to the lesser of $50,000 or 50% of the participants' available balance, reduced by the excess of the highest outstanding loan balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan was made. The loans have specific repayment schedules and interest rates ranging from 4.25% to 5.25%. For deemed loan balances of inactive participants, the participant loan balance is reduced and a benefit payment is recorded.

Benefits

Benefits are payable in either a lump-sum amount or in periodic payments. Lump-sum payments are made for distributions less than $1,000. For those distributions between $1,000 and $5,000, and for which receipt is not specified by the participant, an automatic rollover to an Individual Retirement Account is made.

Termination Provisions

Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event of termination, the accounts of the participants will be distributed in a manner determined by the Plan Administrator and in accordance with the provisions of the Plan.

Administrative Fees

The Plan pays all administrative fees, unless paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Investment Valuation

The Plan's investments in pooled separate accounts are stated at fair value at December 31, 2017 and 2016. The Plan's investment in a fully benefit-responsive investment contract is stated at contract value at December 31, 2017 and 2016.

The Plan has an interest in a traditional fully benefit-responsive group annuity contract as part of the Voya Fixed Account issued by the Trustee. Investment contracts held by a defined contribution plan are generally required to be reported contract value, which is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Voya Fixed Account is calculated with the methodology that the interest crediting rate is determined daily. The rate is net of all Trustee expenses and will apply to all new contributions and existing account balances for the specified period. The crediting rate is announced in advance of the upcoming crediting rate periods, which are quarterly, semi-annually and annually. Under the terms of the existing contract, the crediting rate is currently reset on a quarterly basis. Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include Plan termination, termination of Plan interest in contract assets, or similar events. The Plan Sponsor does not believe the occurrence of any such events that would limit the Plan's ability to transact at contract value are probable. The Voya Fixed Account guarantees a minimum rate of interest and may credit a higher interest rate from period to period. The credited interest rate is subject to change, up or down, but will never fall below the guaranteed minimum.

Gains and losses on investments that were purchased, sold or held during the year are included in net appreciation (depreciation) in fair value of investments. Purchases and sales of securities are reported on a trade date basis. Dividend income is recorded on the ex-dividend date. In accordance with the policy of stating investments at market value, net appreciation or depreciation (including gains and losses on assets sold during the year and unrealized gains and losses on assets held) for the year is reflected in the statements of changes in net assets available for benefits.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2018, the date the financial statements were available to be issued.

NOTE 3 - SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the Trustee, as of and for the years ended December 31, 2017 and 2016, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the Trustee as of and for the years ended December 31, 2017 and 2016, that such information is complete and accurate.

	2017	2016
Investments, at fair value	$ 12,965,951	$ 9,560,310
Fully benefit-responsive investment contract, at contract value	$ 1,383,791	$ 2,297,155
Dividend and interest income	$ 34,092	$ 63,150
Net appreciation in fair value of investments	$ 1,951,527	$ 694,872

NOTE 4 - INVESTMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methods.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Money market fund: Valued at the accumulation unit value of shares held by the Plan at year end.
- Pooled separate accounts: Valued at the accumulation unit value of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 12,965,951	$ -	$ 12,965,951

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Trustee by letter dated September 1, 2014 that the prototype plan, which was adopted by the Plan on January 1, 2015, is a qualified plan under Section 401(a) of the Internal Revenue Code ("IRC") and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The prototype plan has been amended since receiving the determination letter. However, the Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

NOTE 6 - PARTY-IN-INTEREST

Certain Plan investments are shares of a money market fund, pooled separate accounts, and a guaranteed investment contract that are managed by the Trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions.

Fees paid by the Plan to the Trustee related to these funds amounted to $8,636 and $5,293 for the years ended December 31, 2017 and 2016, respectively. There are also expenses deducted directly from investment earnings.
