1 – DESCRIPTION OF PLAN

GENERAL

The CenseoHealth 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2015, and covers substantially all employees of Censeo Health, LLC (the "Company"). The Plan's trustee is Bank of Texas, N.A. ("Trustee" or "BOKF"), and the recordkeeper is Bank of Oklahoma ("Recordkeeper"), an affiliate of Bank of Texas, N.A. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees of the Company who have completed 30 days of eligible service, as defined by the Plan document, are eligible to participate in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close to the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). The Plan also accepts after-tax, Roth contributions subject to the same IRC limitations. Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the Plan.

The Plan also allows for employer matching contributions in amounts to be determined by the Company based on eligible compensation contributed to the Plan each payroll. For the year ended December 31, 2017, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals per pay period up to 6% of a participant's compensation. The Plan also allows for Company profit sharing contributions, but none were made during 2017.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies and a money market fund in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in participant elective deferrals, rollover contributions, discretionary and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings, thereon, is based on years of continuous service. Participants are vested 100% following two years of employment or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses, reduce Company contributions, or are reallocated to participants. At December 31, 2017 and 2016, there were forfeitures of $36,818 and $23,549, respectively. These amounts are reported as a component of net assets available for benefits. During 2017, no forfeitures were utilized.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. At age 59 ½, participants are entitled to withdraw all of any portion of the previously unwithdrawn value of their accounts in accordance with the terms of the Plan. Participants may also make hardship withdrawals of the balance of their accounts related to participant elective deferral contributions. Account balances less than $5,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by the direct rollover into an individual retirement account or other eligible retirement plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the balance in the participant's account and bear interest at the National Prime Interest Rate plus 2%. Terms range from one to five years. As of December 31, 2017, outstanding notes receivable from participants bear interest at rates of 5.50% to 6.50% and have maturity dates ranging from January 2018 through October 2022. As of December 31, 2016, outstanding notes receivable from participants bear interest at rates of 5.25% to 5.75% and have maturity dates ranging from April 2017 through November 2021.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are the responsibility of the Company but may be paid by the Plan.

1 – DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

The Plan may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and 2016 for all other entities with early adoption permitted. Plan management has adopted ASU 2015-7 in 2017 with no impact to the financial statements.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Interest-bearing cash: Stated at cost which approximates fair value.

Mutual funds of registered investment companies and money market fund: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 129,103	$ -	$ -	$ 129,103
Mutual funds of registered investment companies	4,976,443	-	-	4,976,443
Money market fund	36,799	-	-	36,799
Total assets at fair value	$ 5,142,345	$ -	$ -	$ 5,142,345

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Bank of Texas, N.A., the Trustee and party-in-interest as defined by ERISA, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2017	2016
Interest-bearing cash	$ 129,103	$ -
Mutual funds of registered investment companies	4,976,443	2,505,924

Dividends	$ 84,085

5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a money market fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by BOKF, N.A. that received a favorable determination letter from the IRS dated September 30, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Therefore, the Plan qualifies under Section 401 of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

6 – TAX STATUS OF THE PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include shares of certain investments managed by Bank of Texas, N.A. Bank of Texas N.A. is the Trustee and recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

8 – RECONCILIATION TO THE 2017 FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2017	2016

Less: employer contributions receivable	-	(101,759)
Net assets available for benefits per the Form 5500	$ 5,166,250	$ 2,632,302

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017:

Net increase in net assets available for benefits per the financial statements	$ 2,432,189
Plus: employer contributions receivable	101,759
Net increase in assets available for benefits per the Form 5500	$ 2,533,948

9 – DELINQUENT CONTRIBUTIONS

During 2017, employee withholdings in the amount of $5,375 were late in being transferred to the Plan. The delays were unintentional, and the Company will calculate and remit lost earnings by following the DOL guidelines for late deposits in 2018.

10 – SUBSEQUENT EVENTS

In accordance with ASC 855, "Subsequent Events," the Company has evaluated events and transactions occurring subsequent to December 31, 2017, the Statements of Net Assets Available for Benefits date, through July 12, 2018, the date of the financial statements were issued, and determined no such events or transactions would impact the financial statements as of and for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN

GENERAL

The CenseoHealth 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2015, and covers substantially all employees of Censeo Health, LLC (the "Company"). The Plan's trustee is Bank of Texas, N.A. ("Trustee" or "BOKF"), and the recordkeeper is Bank of Oklahoma ("Recordkeeper"), an affiliate of Bank of Texas, N.A. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees of the Company who have completed 30 days of eligible service, as defined by the Plan document, are eligible to participate in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close to the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). The Plan also accepts after-tax, Roth contributions subject to the same IRC limitations. Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the Plan.

The Plan also allows for employer matching contributions in amounts to be determined by the Company based on eligible compensation contributed to the Plan each payroll. For the year ended December 31, 2017, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals per pay period up to 6% of a participant's compensation. The Plan also allows for Company profit sharing contributions, but none were made during 2017.

INVESTMENT OPTIONS

The Plan provides for contributions to be invested by the participants into a variety of mutual funds of registered investment companies and a money market fund in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in participant elective deferrals, rollover contributions, discretionary and qualified non-elective contributions plus actual earnings, thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings, thereon, is based on years of continuous service. Participants are vested 100% following two years of employment or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses, reduce Company contributions, or are reallocated to participants. At December 31, 2017 and 2016, there were forfeitures of $36,818 and $23,549, respectively. These amounts are reported as a component of net assets available for benefits. During 2017, no forfeitures were utilized.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. At age 59 ½, participants are entitled to withdraw all of any portion of the previously unwithdrawn value of their accounts in accordance with the terms of the Plan. Participants may also make hardship withdrawals of the balance of their accounts related to participant elective deferral contributions. Account balances less than $5,000 or less at the time of distribution will be cashed out as either an involuntary lump sum payment or by the direct rollover into an individual retirement account or other eligible retirement plan.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available to all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). The notes receivable from participants are secured by the balance in the participant's account and bear interest at the National Prime Interest Rate plus 2%. Terms range from one to five years. As of December 31, 2017, outstanding notes receivable from participants bear interest at rates of 5.50% to 6.50% and have maturity dates ranging from January 2018 through October 2022. As of December 31, 2016, outstanding notes receivable from participants bear interest at rates of 5.25% to 5.75% and have maturity dates ranging from April 2017 through November 2021.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are the responsibility of the Company but may be paid by the Plan.

1 – DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

The Plan may be terminated by the Company at any time subject to the provisions of ERISA. In the event the Plan is terminated, each of the participants will have a non-forfeitable, 100% vested interest in his or her account balance, including all Company contributions, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

INVESTMENT VALUATION AND INCOME RECOGNITION

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and 2016 for all other entities with early adoption permitted. Plan management has adopted ASU 2015-7 in 2017 with no impact to the financial statements.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Interest-bearing cash: Stated at cost which approximates fair value.

Mutual funds of registered investment companies and money market fund: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 129,103	$ -	$ -	$ 129,103
Mutual funds of registered investment companies	4,976,443	-	-	4,976,443
Money market fund	36,799	-	-	36,799
Total assets at fair value	$ 5,142,345	$ -	$ -	$ 5,142,345

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 2,505,924	$ -	$ -	$ 2,505,924
Money market fund	23,549	-	-	23,549
Total assets at fair value	$ 2,529,473	$ -	$ -	$ 2,529,473

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Bank of Texas, N.A., the Trustee and party-in-interest as defined by ERISA, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2017	2016
Interest-bearing cash	$ 129,103	$ -
Mutual funds of registered investment companies	4,976,443	2,505,924
Money market fund	36,799	23,549
Total investments	$ 5,142,345	$ 2,529,473
Accrued dividends and interest	$ 165	$ 131
Notes receivable from participants	$ 152,791	$ 102,698
Dividends	$ 84,085	
Interest on notes receivable from participants	1,606	
Net appreciation in fair value of investments	$ 553,918	

5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies and a money market fund. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by BOKF, N.A. that received a favorable determination letter from the IRS dated September 30, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC. Therefore, the Plan qualifies under Section 401 of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

6 – TAX STATUS OF THE PLAN, CONTINUED

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include shares of certain investments managed by Bank of Texas, N.A. Bank of Texas N.A. is the Trustee and recordkeeper as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

8 – RECONCILIATION TO THE 2017 FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
