Independent Auditor's Report

September 18, 2018

To the Participants and Plan Administrator of
The Raymond Consolidated Dealers Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Raymond Consolidated Dealers Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the

Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The Raymond Corporation Consolidated Dealers Savings Plan (the "Plan") of Raymond Sales Corporation (the "Company") is comprised of ten, majority owned equity entities ("Employer(s)") of the Company. The following description of the Plan provides only general information. Participants should refer to the Plan document for more complete information.

General

The Plan is a prototype defined contribution 401(k) salary reduction and profit sharing plan. Substantially all employees of the Plan are eligible to participate. Employees become eligible for elective deferral and employer match portions of the Plan subsequent to completion of 30 days of service and attaining the age of 18. Once an employee meets the eligibility requirements, the Plan automatically enrolls them under its Automatic Enrollment feature. Under Automatic Enrollment, a participant is automatically enrolled to begin making elective contributions of 5% of their annual compensation to the 401(k) plan. This deferral percentage is increased automatically by 1% each year, up to a maximum of 10%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. Employees become eligible to receive an allocation of any employer profit sharing contributions upon completion of one year of service and being employed by the Company on the last day of the Plan year. In addition, any participant who died, terminated employment after attaining normal retirement age, or became disabled during the Plan year will be eligible to receive an allocation of any employer profit sharing contribution that is made. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The plan is administered by the Company's Investment Committee.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations of contributions are based on participant earnings, and allocation of plan earnings are based on account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may contribute up to 75% of pretax annual compensation subject to the maximum allowable contributions under the Internal Revenue Code of $18,000 for 2017. Participants who are at least 50 years of age by the end of the calendar year are allowed to make additional "catch-up contributions" of $6,000 for 2017. Participants are immediately vested in their contributions and profit sharing contributions plus actual earnings thereon. Each participating Employer may elect to make discretionary matching contributions to the account of their respective eligible participant. Each participating Employer match and discretionary profit sharing contributions, plus actual earnings thereon, are fully vested after two years. Participants who have less than two years of vesting service have no vested interest in the respective participating Employer match and discretionary profit sharing contributions or actual earnings thereon. Participant contributions can be changed daily. The Plan accepts rollover contributions and transfers from other qualified plans.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to $50,000 reduced by their highest outstanding loan balance in the previous twelve months or 50% of their account balance, whichever is less. Participants may only borrow against their own contributions and accrued earnings thereon and may not borrow against the Company's matching contributions and accrued earnings thereon. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined yearly by the Company's Administrative Committee. Principal and interest are paid ratably through payroll deductions. The current interest rates on outstanding loans range from 4.25% to 8.25% as of December 31, 2017 and 2016. Interest income in the statement of changes in net assets available for benefits includes $169,482 of interest received on notes receivable from participants for the year ended December 31, 2017.

Payment of Benefits

Distributions resulting from retirement, death, or termination are made in the form of lump sum payments representing the entire amount of the participant's account at the valuation date. Upon termination of employment, if the account balance is greater than $1,000 but less than $5,000 and the participant does not make an election to either rollover or take a payout, the account balance is automatically rolled into an IRA in the participant's name. If the account balance is less than $1,000, the participant will receive a single lump sum amount equal to the value of his or her account. If the account balance is $5,000 or greater, the participant may elect to defer payment up to age 70-1/2. A nonspouse surviving beneficiary must withdraw within five years and a surviving spouse may elect to defer payment up to age 70-1/2. Hardship withdrawals of up to 100% of employee contributions are available if Internal Revenue Service guidelines are met. Distributions, without penalty, may be made upon the attainment of age 59-1/2.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce employer contributions. Forfeited nonvested funds available to reduce future employer contributions are $207,445 and $99,990 at December 31, 2017 and 2016, respectively.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value with the exception of common collective trust funds (see below) which are valued at the net asset value as a practical expedient as reported by the sponsor of the fund.

The FA Stable Value Fund and Wells Fargo Stable Return Fund are investment options that are common collective trust funds that are made up of investment contracts and security-backed contracts, which are mainly publicly traded securities. Common collective trust funds are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The NAV of a common collective trust account is based on the market value of its underlying investments. The NAV is not a publicly

2. Significant Accounting Policies (Continued)

quoted price in the active market, however is based on the fair value of the underlying investments held by the funds less its liabilities, with each of the individual prices of the underlying investments able to be obtained from the respective market price. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no redemption restrictions or unfunded commitments as of December 31, 2017 or 2016. Investments measured at NAV per share as a practical expedient are not required to be classified in the fair value hierarchy.

Investments in mutual funds are valued at the latest quoted sales price on the last business day of the year, which represents the value of shares held by the Plan at year end.

The net appreciation in investments, which consists of the realized gains or losses and the unrealized appreciation on those investments, is presented in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade-date basis. Gains or losses on sales of securities are based on the specific cost of investments sold.

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable become material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year, because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statement of changes in net assets available for benefits and deducted from the receivable balance.

Payment of Benefits
Benefit payments are recorded when paid.

Plan Transfers
The Company has an affiliate, The Raymond Corporation, that is the plan sponsor of The Raymond Corporation Savings Plan. Employees may be transferred between any Employers of the Company during a given plan year in the normal course of operations to The Raymond Corporate Savings Plan. Transfers of employees between these affiliated companies are not treated as a termination of employment by the transferring employer and a hiring of a new employee by the transferee employer, rather are considered a change in employer. Therefore, these changes in employer transfers do not result in a distributable event regarding the respective participant's account balance. As a result, the respective participant account balance transfers between plans are treated as plan transfers in for the transferee plan and plan transfers out for the transferring plan on the respective statement of changes in net assets available for benefits during the year in which the transfer of assets takes place.

2. Significant Accounting Policies (Continued)

Administrative Expenses
Certain administrative expenses of the Plan were paid by the Company with the remainder being paid by the Plan.

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various participant-directed investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events
The Plan has performed an evaluation of subsequent events through September 18, 2018, which is the date the financial statements were available to be issued. Subsequent to year end, Associated Material Handling Industries, Inc., a dealer acquired by the Company in 2018, is expected to be merged into the Plan in 2018.

3. Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. US GAAP describes three levels of inputs that may be used to measure fair value, which are provided in the table below**.** The related fair market value of these financial instruments is estimated using market based level 1 inputs obtained from independent quoted market prices for identical instruments with identical maturities and level 2 inputs obtained from independent quoted market prices for similar instruments with similar maturities.

Level 1: Quoted prices in active markets for identical assets or liabilities, which includes listed equities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

3 Fair Value Measurements (Continued)

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category includes auction rate securities where independent pricing information was not able to be obtained.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies – The investment portfolio consists of mutual funds, which are valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no changes in valuation methodologies as of December 31, 2017 and 2016.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Equity Funds	$120,806,320	$ -	$ -	$ 120,806,320
Fixed Income Funds	7,239,515	-	-	7,239,515
Total Investments, December 31, 2017	$ 128,045,835	$ -	$ -	$ 128,045,835

	2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Equity Funds	$ 52,872,837	$ -	$ -	$ 52,872,837
Fixed Income Funds	1,954,224	-	-	1,954,224
Total Investments, December 31, 2016	$ 54,827,061	$ -	$ -	$ 54,827,061

There were no transfers between Level 1, Level 2, and Level 3 for the year ended December 31, 2017.

4. Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Plan's Trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017 has certified that the trusteed investments and investment income included in the accompanying financial statements and supplemental schedule are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Income Tax Status

The Internal Revenue Service has determined and informed the trustee by a letter dated March 31, 2014 that the prototype plan, used by the Plan, is tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan sponsor and the Plan's legal counsel believe that the Plan is currently designed and operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties or interest for the year ended December 31, 2017. The Plan is subject to routine audits for all years since inception by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, at any time, to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant would continue to be fully vested in the value of his or her account. At termination, the net assets of the Plan would be distributed to each participant based upon his or her account balance as of the distribution date.

7. Related-Party Transactions

The Company pays certain legal, accounting and other administrative fees of the Plan which approximated $65,600 in 2017. Certain plan investments as of December 31, 2017 and 2016 and for the year ended December 31, 2017, are funds managed by Fidelity Management Trust Company, the Trustee of the Plan, as defined by the plan agreement. Investment fees paid by the Plan for investment management services are included in net appreciation of investments and qualify as exempt party-in-interest transactions. In addition, the Plan has contracted with Fidelity Management Trust Company to provide certain third-party administrative services. Fees paid for these administrative services are paid by the Plan, which amounted to $24,167 for the year ended December 31, 2017. These administrative fees qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

8. Summary of Plan Mergers

The Plan is comprised of ten, majority owned equity entities (the Employers), by the parent company, Raymond Sales Corporation. The Plan was amended on November 30, 2017, to allow for the merger of Stoffel Equipment Company 401(K) Plan, effective December 1, 2017. The Plan was amended on January 25, 2017, to allow for the merger of the Carolina Handling, LLC Plan, Werres Corporation Plan and Werres Systems, Inc. Plan, effective January 1, 2017. Furthermore, all acquired plan assets, including outstanding participant notes receivables of these plans at December 31, 2016, were merged under the Plan and were assigned to the trustees of the Plan, who hereby acknowledged acceptance as successor trustees of these assets and participant notes receivables as of December 31, 2016. The Plan recorded a receivable for transferred in assets from merged plans on the statement of net assets available for benefits as of December 31, 2016. These assets were received in January 2017. Details of the mergers as of December 31, 2017 and 2016, and for the year ended December 31, 2017, are as follows:

Plan Assets Merged on December 1, 2017
