Notes to Financial Statements

Note 1: Description of Plan

The following description of the UBG 401(k) Plan – Country Partners Cooperative (The Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a voluntary, defined contribution plan sponsored by Country Partners Cooperative and adopted on January 1, 1994. The Plan is available to all full-time employees of the participating employer who have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The most recent amendment to the Plan became effective on January 1, 2016.

TRUST

The trustee for the Plan is the Alerus Financial, N.A. Alerus Financial, N.A. administers the Trust subject to direction from the Plan sponsor.

ELIGIBILITY

Generally, an employee of the Company is eligible to enter the Plan for purposes of making elective deferrals and receiving employer discretionary contributions after they reached the age of 21.

ENTRY DATE

Employees may enter the first day of each month coinciding with or following the date the Plan's eligibility requirements are satisfied.

CONTRIBUTIONS

Participants may make pre-tax or Roth contributions up to 80% of their earnings each pay period, as defined in the Plan. Country Partners Cooperative may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participants' elective deferrals each payroll period. Each year, Country Partners Cooperative will determine the formula for the discretionary matching contribution. The Plan will not match any catch-up deferrals.

Each year, the Employer may make a discretionary non-elective contribution to the Plan. In order to share in the non-elective contribution, a participant must be an employee on the last day of the Plan year. No discretionary employer contributions were made for the year ended December 31, 2017.

The total annual addition to a participant's account is subject to calendar year limits declared annually by the Internal Revenue Service. The limit for 2017 was \$54,000 or 100% of participant's compensation. The annual employee contribution is limited to \$18,000, for the year ended December 31, 2017. Employees age 50 or older may elect to make pretax "Catch-up Contributions" to the Plan after they have reached the Plan or legal limit. The maximum permitted catch-up contribution is \$6,000 for 2017.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account.

VESTING

A participant is always 100% vested in the employee contributions. A participant is vested in the discretionary contributions according to the following vested schedule:

Years of Service	Vesting Percentage
Less than 3	0%
3	100%

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct employee and employer contributions to any of the investment options.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1% on the date the loan is applied for.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

PAYMENT OF BENEFITS

Participants may elect to receive either a lump-sum amount equal to the value of their vested account or installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination upon early retirement age of 59 ½, from rolled over accounts or hardship as defined in the Plan Document.

FORFEITURES

Non-vested accounts attributable to employer contributions can be used to reduce future employer contributions and pay reasonable Plan expenses. At December 31, 2017 and 2016 forfeited non-vested accounts totaled \$0.

Note 1: Description of Plan (Continued)

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses, net of revenue sharing, incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses, net of revenue sharing, are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. For the year ended December 31, 2017, administrative fees amounting to \$9,955 were absorbed by the Plan for the services of Alerus Financial, N.A.

Note 2: Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both realized and unrealized investment gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies (Continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes Receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefits payments to participants are recorded upon distribution. As of December 31, 2017 and 2016, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

In May 2015, the *Financial Accounting Standards Board* (FASB) issued *Accounting Standard Updates* (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07), which is effective for fiscal years beginning after December 15, 2016 for entities other than public business entities. ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. As permitted by ASU 2015-07, the Plan has adopted this pronouncement for the period ended December 31, 2017 and 2016 and its investments in collective trust funds that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The adoption of the new guidance had no impact on the Plan's financial position or results of operations, but did change disclosures.

Note 3: Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Alerus Financial, N.A.

Alerus Financial, N.A. has certified its statement of accounts as of December 31, 2017 and 2016, and for the period January 1, 2017 to December 31, 2017. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

Notes to Financial Statements (Continued)

Note 4: Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements (Continued)

Note 4: Fair Value Measurements (Continued)

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimated fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Trust's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$5,587,699	\$0	\$0	\$5,587,699
Total Assets in Fair Value Hierarchy	\$5,587,699	\$0	\$0	\$5,587,699
Investments Measured at Net Asset Value	\$ 0	\$0	\$0	\$ 572,500
Investments at Fair Value	\$5,587,699	\$0	\$0	\$6,160,199

Investments Measured at Net Asset Value	\$ 0	\$0	\$0	\$ 706,612
Investments at Fair Value	\$4,369,948	\$0	\$0	\$5,076,560

The common/collective investment trust consists of security backed investment contracts, guaranteed investment contracts, and global-wrap contracts which are reported in the financial statements at fair value. There are no reserves against the contract value for credit risk of contract issuers or otherwise.

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Morley Stable Value Collective Trust Fund	\$572,500	N/A	*Daily	12 Months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Morley Stable Value Collective Trust Fund	\$706,612	N/A	*Daily	12 Months

*Withdrawals from the fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12-month (one year) advance written notice. The trustee may choose to disburse withdrawals in less than the required one-year period if, in the trustee's discretion, it determines that such a disbursement is in the best interest of the fund as a whole.

Note 5: Related Party and Party-in-Interest Transactions

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 6: Tax Status

As of December 31, 2017, the Plan uses a volume submitter plan document sponsored by Alerus Financial, N.A., which received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the advisory letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC, and the trust continues to be tax exempt as of December 31, 2017. Therefore, no provisions for income taxes is included in the Plan's financial statements.

Notes to Financial Statements (Continued)

Note 6: Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Subsequent Events

The Plan has evaluated subsequent events through September 26, 2018 the date the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
