John T. Hedbring, Audit Committee Chairman
John Arnold, Secretary, ESOP Committee
The Adirondack Trust Company Employee Stock Ownership Plan
473 Broadway
Saratoga Springs, NY 12866

Dear Mr. Hedbring and Mr. Arnold:

In planning and performing our audit of the financial statements of The Adirondack Trust Company Employee Stock Ownership Plan (the "Plan") as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management and the Audit Committee of The Adirondack Trust Company Employee Stock Ownership Plan, and others within the plan, and is not intended to be and should not be used by anyone other than these specific parties.

John T. Hedbring
Audit Committee Chairman
The Adirondack Trust Company
473 Broadway
Saratoga Springs, New York 12866

Dear Mr. Hedbring:

We have audited the financial statements of The Adirondack Trust Company Employee Stock Ownership Plan for the year ended December 31, 2017, and have issued our report thereon dated September 18, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 3, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

-Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The Adirondack Trust Company Employee Stock Ownership Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's estimate of the value of The Adirondack Trust Company and 473 Broadway Holding Corporation common stock was based on an independent appraisal. We evaluated the key factors and assumptions used to develop the value of the Company's stock in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of investments in Note 6 to the financial statements due to the material amount of investments.

The financial statement disclosures are neutral, consistent, and clear.

-Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

-Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. During the course of our audit no such misstatements were identified.

-Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

-Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 18, 2018.

-Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

-Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

-Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Audit Committee and Management of The Adirondack Trust Company Employee Stock Option Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report

The Administrative Committee
The Adirondack Trust Company
Employee Stock Ownership Plan:

We have audited the accompanying financial statements of The Adirondack Trust Company Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Item 4I, Schedule of Assets Held for Investment Purposes and Schedule H, Item 4I, Schedule of Assets Acquired and Disposed of Within Year as of December 31, 2017, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description and Basis of Presentation

The following description of The Adirondack Trust Company Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the "Plan Document" for complete information.

A. **General** - The Adirondack Trust Company (Company) established The Adirondack Trust Company Employee Stock Ownership Plan (Plan) effective as of January 1, 1977. Effective January 1, 2016, the Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP), a 401(k) Plan and as a 401(m) Plan, and is designed to comply with the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions for the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising up to five persons appointed by The Adirondack Trust Company's Board of Directors.

Employees of the Company are eligible to participate in the ESOP portion of the Plan after one year of service providing they worked at least 1,000 hours during such plan year and have attained age 21. Employees of the Company are eligible to participate in the 401(k) portion of the Plan after three months of service.

B. **Contributions** - The amount of the employer contribution for the ESOP portion of the Plan is discretionary and is determined annually by the Board of Directors of The Adirondack Trust Company.

As of January 1, 2013, Plan participants that have completed three months of service and are not eligible to participate in The Adirondack Trust Company Pension Plan are eligible to receive a matching Employer contribution for the 401(k) portion of the Plan. Company matching contributions equal up to 100% of each participant's deferred compensation with a maximum of 3% of eligible compensation.

Participants have the option to defer their eligible compensation up to the maximum amount allowable to the 401(k) portion of the Plan. The option features an automatic enrollment feature with a pretax salary deferral of 3%. Contributions are automatically invested into a designated mutual fund until changed by the participant. Participants have the option to elect increased salary deferrals and the option to designate deferrals as Roth contributions on an after tax basis. Participants are permitted to make rollover contributions.

C. **Diversification** – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. After 10 years of service and attaining the age of 55, a participant has the right to direct the investment, or elect a distribution, of a portion of their ESOP account attributable to company stock. Participants may diversify the 401(k) portion of their account regardless of age or years of service into certain mutual funds

D. **Participant Accounts** - Each participant's account is credited with the participant's contribution and an allocation of (a) Employer's contribution (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts. Generally, the Employer's contribution and any forfeitures are allocated to each eligible participant in proportion to compensation. Investment earnings or losses (including net appreciation or depreciation) are allocated on the basis of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

For the year ended December 31, 2017, all available assets were allocated to participant accounts except for $327,524 of dividends and interest receivable and $350 of forfeitures (see Note 9). For the year ended December 31, 2016 all available assets were allocated to participant accounts except for $321,037 of dividends and interest receivable.

E. **Vesting** – Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Participants are vested in employer discretionary contributions based on years of service with the Company. A participant is 100% vested after five years of credited service. Participants who reach their normal retirement age, generally age 65, will become fully vested.

F. **Forfeited Accounts** - Forfeitures are created when a participant terminates employment prior to becoming fully vested. If, after five years, the participant does not rejoin the plan, the forfeited amount is reallocated to eligible participants in the same way as employer contributions are allocated. At December 31, 2017 and 2016 forfeitures reallocated to participants totaled $1,709 and $4,433, respectively.

G. **Payment of Dividends** - Employees who are vested members may elect to receive The Adirondack Trust Company and 473 Broadway Holding Corporation dividends earned. This election will reduce the participant's amount available at retirement.

H. **Voting Rights** - Participants are entitled to exercise voting rights attributable to the shares of The Adirondack Trust Company stock allocated to their account. If a participant does not timely exercise the right to vote Company stock, the trustee will vote such Company stock.

I. **Notes Receivable from Participants** – Participants may borrow from the 401(k) portion of their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The notes are secured by the participant's vested account balance and bear interest rates as determined by the Plan's administrator by reviewing the interest rate charged for similar types of notes by other lenders. In general, the terms of the note may not exceed five years and are required to be paid by payroll deductions or automated clearing house system for electronic funds transfer (ACH).

1. Plan Description and Basis of Presentation, Continued

J. **Payment of Benefits** - No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), after attainment of age 55 if the participant is fully vested, or under the prescribed circumstances in the event of financial hardship.

Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share. Unless a participant elects otherwise, distributions to a participant or the participant's beneficiary attributable to employer securities shall be payable in a lump sum for accounts not exceeding $84,000 or in substantially equal annual installments over a period not longer than five years (See Note 14a).

K. **Termination** - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, no further contributions will be made to the Plan and all amounts credited to participant's accounts will become 100% vested. The interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

L. **Put Option** - Under provisions of the Plan the participant or beneficiary will have two put options. The put options are rights to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay in cash or in installments over a period of five years or in some cases not in excess of ten years.

2. Summary of Significant Accounting Policies

A. **Basis of Accounting** - The financial statements are prepared using the accrual method of accounting.

B. **Use of Estimates** - The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C. **Concentrations of Credit Risk** – Financial instruments which potentially subject the Plan to concentrations of credit risk include cash investments. In some instances such cash investments may be in excess of the FDIC insurance limit.

D. **Investment Valuation and Income Recognition** - Investments held in the Plan are valued at fair value on December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Summary of Significant Accounting Policies, Continued

D. Investment Valuation and Income Recognition, Continued

Dividend income is recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

F. Payment of Benefits - Benefits are recorded when paid.

G. Reclassification - Certain prior year amounts have been reclassified to current period presentation.

3. Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated April 14, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

5. Administration of Plan Assets

Plan assets are held in a trust fund. The trustee is responsible for the safekeeping of the trust fund which is used for the accumulation of assets from which benefits will be distributed.

5. Administration of Plan Assets, Continued

The ESOP portion of the Plan's assets consist principally of The Adirondack Trust Company and 473 Broadway Holding Corporation common stock. The Adirondack Trust Company is a commercial bank serving customers primarily in northern Saratoga County, New York and surrounding towns and a wholly owned subsidiary that engages in insurance agency activities. 473 Broadway Holding Corporation is a one-bank holding company with operations and headquarters in Saratoga Springs, New York.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During the years ended December 31, 2017 and 2016, The Adirondack Trust Company absorbed substantially all administrative costs of the Plan.

6. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

- Level 2 inputs consist of observable inputs other than quoted prices for identical assets. The Plan did not hold Level 2 investments.

- Level 3 inputs are unobservable and have the lowest priority. The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, market comparables, and applicable discounts and premiums.

The fair value measurement for each investment is based on the lowest level of observable input for that investment. When available the Plan measures assets using Level 1 inputs because they generally provide the most reliable evidence of fair value.

6. Fair Value Measurements, Continued

The following table represents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2017:

	Fair Value Measurements as of December 31, 2017

The Adirondack Trust Company stock held by the Plan represents approximately 16.71% and 16.45% of the average outstanding common stock at December 31, 2017 and 2016, respectively.

The 473 Broadway Holding Corporation stock held by the Plan represents approximately 23.58% and 23.67% of the average outstanding stock at December 31, 2017 and 2016, respectively.

7. Nonparticipant-Directed Net Assets

The following table represents information about the net assets and significant components of the changes in net assets relating to the nonparticipant–directed investments.

	December 31,	
	2017	2016

Net Appreciation in Market Value of Common Stock	**503,510**
Distributions	**(2,037,464)**
	$ 550,081

8. Note Payable, Bank

On September 14, 2012 the Plan entered into a $3,000,000 non-revolving line-of-credit agreement with a bank (unrelated), the proceeds of which are to be used to purchase qualified employer securities, at an interest rate equal to the U.S. Prime Rate as published in the Wall Street Journal adjusted January 1st of each year with a minimum rate of 3.75% and a maturity date of December 31, 2022. The agreement was amended on December 9, 2013, increasing the line-of-credit to $3,330,966. The securities purchased with loan proceeds are to be held as collateral. Shares are released from collateral and allocated to participant's accounts as payments of principal and interest are made. The number of shares released in any year is equal to the number of shares held as collateral immediately before release multiplied by a fraction, the numerator of which is the principal and interest paid on the note that year and the denominator of which is the sum of the numerator plus the principal and interest to be paid for all future years, without taking into account extensions, renewals, or changes to interest rates.

At December 31, 2017, there was no outstanding balance payable on the loan.

As this is a non-revolving line-of-credit, the remaining amount available for future borrowings at December 31, 2017 was $469,193.

9. Reconciliation of Net Assets per the Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to schedule H of Form 5500 (see Note 1):

12. Related Party Transactions

The Plan recorded dividend income for the years ended December 31, 2017 and 2016 in the amount of $648,108 and $639,260, respectively for shares held of The Adirondack Trust Company and $431,970 and $429,720, respectively for the shares held of 473 Broadway Holding Corporation.

In addition, interest bearing cash accounts for the ESOP portion of the Plan are maintained by The Adirondack Trust Company and totaled $1,133,010 and $1,486,346 at December 31, 2017 and 2016, respectively.

13. Distributions to Participants

Distributions from the Plan during the year ended December 31, 2017, included benefits paid of $2,095,071 and dividends paid of $239,276. Distributions from the Plan during the year ended December 31, 2016 included benefits paid of $1,298,838 and dividends paid of $526,514.

14. Subsequent Events

a. Effective July 15, 2018, a distribution policy was adopted. Under the distribution policy, unless otherwise elected, distributions to a participant or a participant's beneficiary attributable to employer securities shall be payable in a lump sum for accounts not exceeding $325,000 or in substantially equal annual installments not longer than five years (See Note 1J).

b. The Plan Administrator has evaluated subsequent events through September 18, 2018 the date the financial statements were available to be issued.
