Notes to Financial Statements

December 31, 2017 and 2016

Note 1 - Description of plan:

The following description of the Pilgrim Quality Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pilgrim Quality Solutions, Inc. (the Company) who have completed at least one month of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The board of directors of the Company voted to terminate the Plan, which was effective December 29, 2017 at which point all participants became 100% vested. Participants were given the option to receive distribution of their account through a lump-sum payment, individual retirement account rollover, Roth 401(k) account rollover, or direct transfer to another qualified plan. All net assets were distributed by March 22, 2018.

Contributions

Each year, participants may contribute up to 100% of their compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and may make Roth contributions. Effective February 1, 2017, the Plan was amended to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically-enrolled participants have their deferral rate set at 3% of eligible compensation, increasing 1% annually up to 6%, and their contributions invested in a designated default investment fund until changed by the participant. The Company may make discretionary matching contributions equal to a certain percentage of a participant's compensation up to \$2,000 per participant. For 2017, the Company made discretionary matching contributions equal to 50% of the first 6% of eligible compensation that each participant contributed to the Plan, up to \$2,000 per participant. The Company also made discretionary profit sharing contributions to qualifying participants of approximately \$25,000 during 2017.

Note 1 - Description of plan - continued:

Investment options

Participants direct the investment of their contributions into various investments offered by the Plan. Participants may invest in various funds, each with different risk exposure and return potential. The Plan currently offers various mutual funds and a guaranteed interest account as investment options for participants. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of any profit sharing contributions and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service, as defined, as follows:

<u>Completed Years of Service</u>	<u>Percentage Matching Contributions Vested</u>	<u>Percentage Profit Sharing Contributions Vested</u>
1	20%	20%
2	50%	50%
3	100%	100%

Note 1 - Description of plan - continued:

Vesting - continued

Participants are immediately vested upon termination of the Plan, upon reaching the retirement age of 65, or upon disability or death while an employee of the Company. Forfeitures of terminated participants' non-vested accounts may be used to reduce the Company's contributions, if any, no later than the last day of the year following the Plan year in which the forfeiture occurred. At December 31, 2017 and 2016, forfeited, non-vested accounts totaled approximately \$0 and \$27,000, respectively. Also, during the year ended December 31, 2017, Company contributions were partially funded through the use of \$4,555 of forfeited, non-vested accounts and approximately \$25,000 was allocated to participants as a discretionary profit sharing contribution.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary, as applicable, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or partial withdrawal as provided by the Plan.

For termination of service due to other reasons, and if the vested account balance exceeds \$5,000, a participant may elect to receive a lump sum distribution or to remain in the Plan. If the vested account balance is less than \$5,000, the plan administrator will distribute the participant's entire vested account balance as a lump-sum distribution as soon as administratively feasible.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total vested balances. Note terms are for a period not exceeding five years unless they are for the purchase of a principal residence, in which case the note repayment period may be longer. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon rate based on prevailing market rates. Principal and interest is paid ratably through payroll deductions. Participants are allowed one outstanding note at any time.

Note 1 - Description of plan - continued:

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2016 financial statements to the liquidation basis used in presenting the 2017 financial statements.

Investment valuation and income recognition

In 2016, investments are reported at fair value. In 2017, the board of directors voted to terminate the Plan and as a result investments are reported at liquidation value which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully benefit-responsive investment contract

Notwithstanding the above, prior to the decision to terminate the plan, contract value was the relevant measurement attribute for investments in fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost plus contributions made under the contracts plus interest at the contract rates less withdrawals

and administrative expenses. This specifically affects the 2016 presentation of the amounts related to the Plan's participation in the guaranteed interest account (see Note 8). The 2016 statement of net assets available for benefits present the contract value of the guaranteed interest contract.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

PILGRIM QUALITY SOLUTIONS, INC. 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2017 and 2016

Note 2 - Summary of significant accounting policies - continued:

Subsequent events

The Plan has evaluated subsequent events through August 20, 2018, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2017, have been incorporated into these financial statements, including any effects related to the liquidation of Plan assets which occurred during 2018 (see Note 6).

Note 3 - Investments and information certified by the trustee:

Reliance Trust Company (Reliance) was the trustee for the Plan as of and for the year ended December 31, 2017 and as of December 31, 2016. The trustee holds the Plan's investment assets and executes investment transactions. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

PILGRIM QUALITY SOLUTIONS, INC. 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2017 and 2016

Note 4 - Fair value measurements - continued:

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

- Mutual funds are valued by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.

The methodology described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements at the reporting dates.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016.

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,909,986	\$ -	\$ -	\$ 4,909,986

Notes to Financial Statements - Continued

December 31, 2017 and 2016

Note 4 - Fair value measurements - continued:

At December 31, 2017, the Plan's investments, previously reported at fair value, are reported at liquidation value, which approximates fair value.

Note 5 - Related-party transactions:

Certain Plan investments are in shares of mutual funds and a guaranteed interest account managed by an affiliate of the trustee of the Plan. Reliance is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules. The Plan's administrative expenses are paid in part by the Plan and in part by the Company, as provided by the Plan document. In addition, certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

Note 6 - Plan termination:

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The board of directors of the Company voted to terminate the Plan in 2017, at which time contributions ceased and participants became 100% vested in their accounts. The Plan's net assets were fully liquidated on March 22, 2018.

Note 7 - Tax status:

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

PILGRIM QUALITY SOLUTIONS, INC. 401(k) PLAN

Notes to Financial Statements - Continued

December 31, 2017 and 2016

Note 7 - Tax status - continued:

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that, as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Fully benefit-responsive investment contracts:

Through a group annuity contract, the Plan offers a guaranteed interest account. The objective of this fund is to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. The fixed account is invested in the general asset account of Massachusetts Mutual Life Insurance Company (Mass Mutual) and is guaranteed by their claims paying ability. Mass Mutual credits the guaranteed account value with interest at a rate declared each calendar quarter, but not less than the minimum interest rate as specified in the contract. The contract has certain restrictions that impact the participants' ability to collect the full contract value. The agreement does not allow transfers and surrenders from the guaranteed account if the transactions in any 12-month period exceed one-sixth of the fixed account values under the agreement as of the most recent month-end value from one year prior, unless Mass Mutual consents.

Because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. In 2016, the guaranteed interest account is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Upon the decision to terminate the Plan in 2017, the Company elected the lump-sum payment option of the guaranteed interest account by which Mass Mutual applies a 96.752% liquidation factor against the contract value. The guaranteed interest account is presented at liquidation value, which is net of the liquidation factor, on the accompanying 2017 statement of net assets available for benefits (in liquidation) and supplemental schedule.
