MID-WEST PRESORT MAILING SERVICES, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Mid-West Presort Mailing Services, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company who have one year of service and are age twenty-one or older, excluding leased employees. It was established on January 1, 1999 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Participation in the Plan is voluntary. Participants may elect to defer up to \$18,000 of their salary annually during each of the years 2017 and 2016, to be contributed to the Plan. In addition to this, participants who are age 50 or older as of December 31 are eligible to make additional "catch up" contributions of up to \$6,000 in each of the years 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified plans. During 2017 and 2016, the Company made a matching contribution of 25% of each participant's contribution, not to exceed 4% of compensation.

Participant Accounts

Participants direct investment allocations into the various investment options offered by the Plan. These options include a variety of mutual funds including equity funds, bond funds, target maturity funds, specialty funds and cash equivalents. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings, and is charged with an allocation for administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, in rollover contributions, and in the actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested in employer discretionary contributions after six years of credited service. All safe harbor contributions are fully vested at the time the contribution is made.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to 50% of their account balance, not to exceed \$50,000. These notes are secured by the balance in the participant's account and bear interest at a rate of between 4.25% and 5.50%, which is commensurate with local prevailing rates at the time the note was approved. Principal and interest payments are generally made on these loans through payroll deductions.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of the Plan (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant immediately becomes 100% vested in their account balance. Participants may elect to receive either a lump-sum amount or an annuity contract for payment of benefits. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in installments. Account balances under \$5,000 must be paid in a single lump sum.

Operating Expenses

Operating expenses associated with maintaining the Plan are paid by the Company.

Forfeited Accounts

If, upon termination of employment, a participant is not 100% vested in his or her account balance, such non-vested portion will become forfeited. These forfeited accounts will be reallocated to participants in the same manner as employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$0 and \$1,064, respectively. In 2017, \$1,064 of forfeited non-vested accounts was reallocated to participants.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- B. Use of Estimates – The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.
- C. Subsequent Events – Subsequent events were evaluated through September 14, 2018, which is the date the financial statements were available to be issued.
- D. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan held no fully benefit-responsive investment contracts as of December 31, 2017 or 2016.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

- E. Notes Receivable from Participants – Notes receivable from participants are measured and reported at the unpaid principal balance plus accrued interest and are secured by the participant's vested account balance. Interest income is recorded on the accrual basis. The Plan sponsor has determined that no allowance for uncollectible notes receivable is required as of December 31, 2017 and 2016. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment.
- F. Excess Contributions Payable – Amounts payable to participants totaling \$26,453 and \$22,978 as of December 31, 2017 and 2016, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS"), are recorded as a liability. These amounts were refunded to the participants prior to March 15th of the following year.
- G. Payment of Benefits – Benefits are recorded when paid.
- H. Expenses – Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Loan and other processing fees charged by the trustee are charged directly to the participant's account and included in administrative fees.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Cash equivalents consist of cash and short-term investment funds that maintain daily liquidity and have a constant unit value of \$1, and are classified as Level 1 instruments.

Note 4. Certified Information

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the investments reflected in the statement of net assets available for benefits at December 31, 2017, the related investment activity reflected in the statement of changes in net assets available for benefits for the year then ended, the supplemental schedule of assets (held at end of year) for the year ended December 31, 2017, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6. Tax Status

The IRS has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require such recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any periods in progress.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:
