Plan Administrator, Board of Directors and Plan Management
K&M Tire, Inc. 401(k) Plan
Delphos, Ohio

As part of our audit of the financial statements of K&M Tire, Inc. 401(k) Plan as of and for the year ended December 31, 2017, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements, which were consistent with those used in the prior year. Management has the responsibility for the selection and use of appropriate accounting principles and their application.

Alternative Accounting Treatments

No matters are reportable.

Management Judgments and Accounting Estimates

No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Investments
- Disclosure about fair value of Plan assets and liabilities

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments, which, in its judgment, are required to prevent the financial statements from being materially misstated.

As a result of the 2017 audit, no adjustments were proposed.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

No matters are reportable.

Difficulties Encountered in Performing the Audit

There were no difficulties encountered in performing the audit. We would like to thank the management of K&M Tire, Inc. 401(k) Plan for being prepared for the audit and for being responsive to our inquiries and requests.

Other Material Written Communications

Listed below are other material written communications between management and us related to the audit:

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements of K&M Tire, Inc. 401(k) Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis. A deficiency in design exists when a control necessary to meet a control objective is missing or an existing control is not properly designed so that, even if the control operates as designed, a control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matter that we consider to be a deficiency.

Deficiency

Review of Third-Party Service's SSAE 18 Reports and Overall Plan Oversight

Plan management has outsourced the recordkeeping function relating to the Plan to Massachusetts Mutual Life Insurance Company (Mass Mutual); however, Plan management is not currently reviewing the annual Statement on Standards for Attestation Engagements No. 18, *Attestation Standards: Clarification and Recodification* (SSAE18) report that is provided by Mass Mutual. These reports are usually prepared on an annual basis for service providers and should be reviewed annually by Plan management to monitor any identified control deficiencies within the service provider. Plan management should also document the User Control Considerations identified in the report and determine if those are operating effectively as the sponsor of the Plan.

Additionally, we recommend that Plan management develop and establish a formal written investment policy that considers the Plan's goals (both short and long-term). The policy would allow the Board to maximize the income earned on investments at an acceptable level of risk and would safeguard assets against misuse. The investment returns and composition should be reviewed periodically to evaluate performance and adherence to the investment policy.

Lastly, we recommend that Plan management create an Administrative Committee to be responsible for monitoring and implementing Plan changes, amendments and overall Plan governance.

OTHER MATTER

Although not considered a material weakness, significant deficiency or deficiency in internal control over financial reporting, we observed the following matter and offer this comment and suggestion with respect to the matter which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, this matter is offered as a constructive suggestion for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss this matter further at your convenience and may provide implementation assistance for changes or improvements.

Plan Documentation

Currently, there is no documentation to support employees who decline participation in the Plan. We recommend that Plan management develop a formal document that employees are required to complete stating that they wish to not contribute to the Plan. This document should be retained by Plan management within the employee personnel files.

This communication is intended solely for the information and use of the Plan Administrator, Plan management and Board of Directors and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audits of the financial statements of K&M Tire, Inc. 401(k) Plan (Plan) as of and for the years ended December 31, 2017 and 2016, and supplemental schedule as of December 31, 2017. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's Rules and Regulations under ERISA. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

We understand that you will not express an unmodified opinion on the financial statements of the Plan for the year ended December 31, 2017, because at our request you did not audit investment information provided by the bank custodian.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated April 17, 2018, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) All minutes of shareholder meetings held through the date of this letter.
 - (e) All significant contracts.
8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by Plan procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.

10. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
12. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.
 - (e) Agreements to purchase assets previously sold.
 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
13. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
14. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
15. We acknowledge the Plan does not meet the definition of a "public entity" under generally accepted accounting principles.
16. Adequate allowances have been provided for any material losses from uncollectible receivables.

17. The fair values of financial assets recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
18. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan and any excess contributions have been disposed of in accordance with regulations.
19. The Plan instrument has not been amended during the year.
20. The Plan operates under a volume submitter profit sharing Plan Document sponsored by Massachusetts Mutual Life Insurance Company. This Plan Document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
21. The Plan has complied with the fidelity bonding requirements of ERISA.
22. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
23. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
24. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
25. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.

26. The Plan has not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
27. With respect to any non-attest services you have provided us during the year, including assisting with preparation of the financial statements and related notes:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
28. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
29. We have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.
30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.
31. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
32. With regard to supplementary information:
 - (a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.

- (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.
 - (f) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
33. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
34. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt does not exist.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Total Direct Compensation Paid **\$10,908.67**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Massachusetts Mutual Life Insurance Company EIN: 04-1590850

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **\$4,965.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2017 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **\$44.30**

Bank accounts and investments associated with short-term investment pool

This is an estimate based on the annual average rate of float (1.367% for 2017) earned on the bank accounts and investments associated with the short-term investment pool for the 2017 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor, subject to applicable regulation. The Plan Sponsor should consult with the Plan's/Plan Sponsor's tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over \$100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that some of the funds available through your service contract or arrangement are funds from The Hartford Financial Services Group, Inc.'s proprietary family of mutual funds (The Hartford Mutual Funds). These proprietary mutual funds have contracts for services with companies that are affiliated with Hartford Securities Distribution Company Inc.

The Hartford-affiliated companies that provide these services, and are compensated in connection with those services, are listed below. For more information about these proprietary mutual funds, see the applicable fund prospectus.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the K&M Tire, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan covering substantially all employees of K&M Tire, Inc. (Company) who are 18 years of age and have one year of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Massachusetts Mutual Life Insurance Company serves as the Plan custodian.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75 percent of eligible compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company may also match a portion of employee contributions, which is determined annually by the Company's Board of Directors. Matching contributions were \$154,362 during 2017. There were no matching contributions during 2016. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching contributions portion of a participant's account plus the earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service.

Notes to Financial Statements
December 31, 2017 and 2016

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a future period or a joint and survivor annuity. At December 31, 2017 and 2016, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited nonvested account balances. Forfeitures are used to pay Plan expenses or are reallocated to participants in the same manner as nonelective employer contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at the net asset value (NAV) of the units of the pooled separate accounts as provided by the custodian. The NAV is used as a practical expedient to estimate the fair value of the pooled separate accounts.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Tax Status

The Plan operates under a volume submitter profit sharing Plan Document sponsored by Massachusetts Mutual Life Insurance Company. This Plan Document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Administrative Expenses

Administrative expenses are paid by the Company or the Plan, at the Company's discretion.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3: Certification by Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2017 and 2016
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2017

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Fees for trust and management services paid by the Plan to the custodian, third-party administrator and an investment management company were \$10,909 and \$3,404 during 2017 and 2016, respectively.

The Plan incurs expenses related to general administration and record keeping. The Plan Sponsor pays these expenses and certain accounting and auditing fees relating to the Plan.

Notes to Financial Statements

December 31, 2017 and 2016

Note 5: Differences Between Financial Statements and Form 5500

Differences between the Annual Report/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements include classification differences.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

At December 31, 2017 and 2016, the Plan does not hold any investments classified as Level 1, Level 2 or Level 3 within the fair value hierarchy. The following is a summary of the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016:

	December 31,	
	2017	2016
Pooled separate accounts (A)	<u>\$ 6,167,436</u>	<u>\$ 4,232,102</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

K&M Tire, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Investments

The pooled separate accounts are valued based upon the net asset value (NAV) of the funds multiplied by the units held by the Plan at year-end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The underlying investments of the pooled separate accounts consist solely of mutual funds and the investment strategy of the respective pooled separate accounts aligns directly with the investment strategy of the underlying mutual fund investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments:

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 6,167,436	N/A	Daily	None

	December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts (A)	\$ 4,232,102	N/A	Daily	None

(A) Pooled separate accounts include various separate accounts. Details of the pooled separate accounts held are listed in the accompanying supplemental schedule of assets (held at end of year). Large Cap pooled separate accounts seek growth of capital and invest primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital. Mid-Cap pooled separate accounts seek capital appreciation primarily in stocks of leveraged companies. Small Cap pooled separate accounts invest primarily in companies with lower market capitalization at the time of purchase and have potential for capital appreciation. Target portfolio pooled separate accounts seek a high total return until the fund's target retirement date under normal market conditions. Balanced pooled separate accounts seek to provide an aggregate total return of the market index composed of small, medium, or large sized U.S. Companies and debt securities. Bond pooled separate accounts seek to provide consistent income through investments in debt securities offered by U.S. corporations and government agencies. International pooled separate accounts seek to invest in primarily non-U.S. companies that trade in foreign markets that are generally considered to be well established.

K&M Tire, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

Note 7: Investment Contract With Insurance Company

In 2001, the Plan entered into a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract is a traditional investment contract.

Note 8: Transfer to the Plan

On October 2, 2015, \$354,899 of assets were transferred to the Plan from Midwest Tire & Muffler, Inc. 401(k) Plan. During 2016, the remaining \$44,588 of assets were transferred to the Plan from Midwest Tire & Muffler, Inc. 401(k) Plan.

On April 12, 2017, \$661,529 of assets were transferred to the Plan from Becker Tire & Treading, Inc. Employee Savings Trust.

Note 9: Subsequent Events

Subsequent events have been evaluated through August 13, 2018, which is the date the financial statements were available to be issued.
