INDEPENDENT AUDITORS' REPORT

To The Trustees
Worcester Area Plumbers and Pipefitters Union Local No. 4
Money Purchase Pension Plan and Trust
Wallingford, CT 06492-7617

We were engaged to audit the accompanying financial statements of Worcester Area Plumbers and Pipefitters Union Local No. 4, Money Purchase Pension Plan and Trust (A Multiemployer Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by MassMutual, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that MassMutual held the Plan's investment assets and executed investment transactions.

The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedules, listed in the foregoing table of contents, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MONEY PURCHASE PENSION PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the Worcester Area Plumbers and Pipefitters Union Local No. 4, Money Purchase Pension Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Worcester Area Plumbers and Pipefitters Union Local No. 4 Money Purchase Pension Plan and Trust took effect January 1, 1987. The Plan is a defined contribution retirement plan.

The Plan covers employees working under the terms of the collective bargaining agreement between the Union and the employers, which participate in the Plan. Union officials and employees of the Union may also be eligible if contributions are made to the Money Purchase Pension Plan and Trust by the Union on their behalf pursuant to a participation agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Covered employment means employment with a signatory contractor pursuant to the collective bargaining agreement or employment with any employer (including the Union) who has agreed to contribute to the Money Purchase Pension Plan and Trust based on a participation agreement.

Allocation Provisions

All contributions go into each member participant's account. The participant selects his or her investment combinations. For non-member employees, all contributions go either to their respective union's supplemental pension plan or if none is available, the non-member employee is entitled to 100% of the amount contributed on his or her behalf.

Funding Policy

Contractors who employ members of the Worcester Area Plumbers and Pipefitters Union Local No. 4 are required to contribute an amount as specified in the joint agreement between the contractors and the Worcester Area Plumbers and Pipefitters Union Local No. 4. The rate was \$5.10 and \$4.75 at December 31, 2017 and 2016, respectively. The Plan's contributions for 2017 and 2016 comply with the minimum funding requirements of ERISA.

Eligibility for Benefits Distribution

Participants are eligible to receive a distribution of their Annuity money under the following circumstances:

- Normal, Late or Disability Retirement
- Pre-retirement Termination of Employment
- Death
- Hardship Distribution
- In Service Withdrawals

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Retirement Benefits

On termination of service due to total and permanent disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The normal retirement date is the first month coinciding with or succeeding the date the employee attains age 60. Employees may choose to retire at age 55, provided they are no longer working in covered employment. Employees may retire (at any time) if they become permanently and totally disabled under the plan.

At retirement, employees are entitled to 100% of all the balances in their account. They can receive the balances in one of the following ways:

- Lump Sum
- Life Annuity
- A Combination of Cash and Life Annuity
- Some Other Method That is Arranged by the Plan Administrator

Pre-retirement Termination of Employment

If an employee leaves the Local Union prior to his or her eligibility for retirement or disability benefits, he or she is entitled to receive 100% of the balances in his or her account. The Trustees need to verify that the employee has not been a member of the Local Union for a period of 12 consecutive months. The account balances can be received in one of the following ways:

- Lump Sum
- Life Annuity
- A Combination of Cash and Life Annuity

Death Benefits

Should a member receiving benefits die, the full value of their account will be paid to their beneficiary as a death benefit. If the designated beneficiary is not living at the time of the participant's death, or if no beneficiary was named, the death benefit will be paid to the decedent's estate.

Hardship/In-Service Withdrawals

Participants are entitled to receive hardship withdrawals subject to specified IRS restrictions. The withdrawal must be for a minimum of \$1,000 and have been in the account for at least two years.

In-Service Withdrawals

Members are entitled to a withdrawal of up to 50% of their account balance up to a maximum amount of \$20,000, if they are separated from employment for 90 consecutive days or more.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Participant Administrative Fees

The Plan charges an annual fee of \$125 per participant to cover administrative costs of the plan. For the years ended December 31, 2017 and 2016 the plan collected \$39,381 and \$41,542, respectively. In addition, a participant requesting a hardship withdrawal is charged a \$100 application fee for the years ended December 31, 2017 and 2016 the plan collected \$1,700 and \$2,800, respectively.

Vesting

Participants' rights in the net value of his account shall be fully vested and non-forfeitable at all times.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES:

Plan Termination

To protect against any unforeseen situations, the Trustees have had the Plan written so that they have the right to change the Plan and, if necessary, discontinue it. If it is necessary to discontinue the Plan, the assets of the Fund will be used to provide benefits according to the Plan document.

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is an acceptable alternative method of reporting under regulations issued by the Department of Labor. Investments are reported at fair value as prescribed by the Department of Labor. Dividend and interest income and routine contributions are recorded when received rather than when earned. Unrealized appreciation or depreciation in the fair value of investments is recognized currently.

Reclassifications

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation with no effect on previously reported net income.

Tax Status

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to section 401(a) of the Internal Revenue Code (IRC) as a tax-exempt organization. The trust has obtained a favorable tax determination letter, dated March 31, 2008, from the Internal Revenue Service and the Plan sponsor believes the trust continues to qualify, under the provision of section 501(a) of the code, and to operate as designed.

Cash and Cash Equivalents

The Fund considers all highly liquid debt investments purchased with an original maturity of three months or less, to be cash equivalents.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued):

Valuation of Investments

The Plan's investments are stated at fair value. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices.

Investment contracts held in Guaranteed Interest Funds are stated at cost, which represents contributions, reinvested income, less any withdrawals plus accrued interest. The investment contracts are fully benefit responsive because participants may take direct withdrawals and transfers at contract value. Interest rates approximate market rates.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

The Plan has a concentrated credit risk for cash and cash equivalents because it maintains deposits at banks that sometimes exceed amounts insured by the Federal Deposit Insurance Corporation.

NOTE 3 – INVESTMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a definition of fair value. That frame work provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topics 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

WORCESTER AREA PLUMBERS AND PIPEFITTERS UNION LOCAL NO. 4

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 3 – INVESTMENTS (Continued):

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

- Mutual Funds:
Valued at quoted prices from an active market which represents the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2017 and 2016, the Plan did not have any financial assets or liabilities that were measured using Level 2. The tables on the following page sets forth, by level within the fair value hierarchy, the Plan's investments at fair value:

NOTE 3 – INVESTMENTS (Continued):

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, MassMutual, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and the supplemental Schedule H, line 4i – Schedule of Investments (Held at Year End) as of December 31, 2017, and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2016.

As of December 31, 2017 and 2016 the Plan has invested \$30,728,492 and \$26,064,722 with MassMutual, respectively.

NOTE 4 – GUARANTEED INCOME ACCOUNT:

Through MassMutual Retirement Services (MMRS) the Plan has entered into a guaranteed income account (GIA) provided through a group annuity contract. MassMutual U.S. (MMUS) general investment account option for defined contribution plans is a GIA provided through a group annuity contract (Contract). Under the terms of the Contract, a crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at Contract Value. Contract Value represents contributions plus credited interest less participant withdrawals and fees. Contract Value is also often referred to as "Book Value". MassMutual considers this investment option to be fully benefit responsive notwithstanding the Contract provisions that limit the ability of the plan to transact at Contract Value when a market value even occurs.

Certain events may limit the ability of the plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification. The plan administrator believes that no events are probable of occurring that might limit the ability of the plan to transact at contract value at this time.

The average market yield and the average yield earned by the fund which is credited to participants for the years ended December 31, 2017 and 2016 was 1.83% and 1.78%, respectively. The average yield earned by the Plan and the average interest rate credited to participants is the same, therefore, no adjustment is needed.

NOTE 5 – BENEFITS PAYABLE:

During the course of the year, the Plan incurs a liability from services provided from traveling workers from other unions. The Plan has received employer contributions that have not been remitted to the participants or their active plan. The Plan is currently in the process of transferring the funds to the appropriate parties.

NOTE 6 – TRANSACTIONS WITH PARTIES IN INTEREST:

Fees paid during the year for legal, accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 7 – SETTLEMENT PROCEEDS:

During 2013 and 2014, the Plan received \$470,190 on behalf of its members for claims filed in connection with an MFS Class Action Settlement. During 2017, the plan received an additional \$7,332 on behalf of its members. The proceeds were awarded to members based on their eligible claim. Claims were calculated in accordance with a court approved Plan of Allocation. As of December 31, 2017 and 2016 the amount to be returned to the members by the Plan was \$17,394 and \$16,523, respectively.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:
