NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Buckeye Ranch 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1988 as a noncontributory defined contribution plan for all employees of The Buckeye Ranch, Inc. (the Organization). Effective October 1, 2006, the Plan was amended to a contributory defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendment

In 2016, the Plan was amended to exclude certain compensation, including employee benefits such as group life insurance, paid memberships and small monetary awards or gifts.

Eligibility

An employee becomes eligible as a participant in the Plan after six months of employment if the employee is at least twenty and a half years old. However, the eligible employee shall not become an active participant in the Plan until the first day of the Plan year quarter following the date the employee has met the eligibility requirements.

Contributions

Each year, participants may contribute up to the maximum percentage of their defined eligible compensation allowable, not to exceed the limits imposed by the Internal Revenue Code (IRC). The Plan features automatic enrollment with 2% automatic deferral when participants do not make a deferral election. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into investment options offered by the Plan. The Plan offers various funds as investment options for participants. The Plan provides for discretionary matching contributions, which will be determined each year. An additional discretionary contribution may be made by the Organization each year in addition to the discretionary matching contribution. A participant must have one year of service and be actively employed on the last day of the Plan year in order to share in the discretionary contributions. During 2017, the Organization matched 100% of participant contributions up to 2% of compensation, and made an additional discretionary contribution of 0.5% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Organization's contributions and (b) Plan earnings. Allocation of the Organization's discretionary contribution is based on participants' annual salary. Allocation of Plan earnings is based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Vesting

Participants are immediately vested in their contributions, rollover contributions plus actual earnings thereon. Vesting in the Organization's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon retirement, death or disability, participants become 100% vested in their account.

Investment Options

A participant may direct all contributions in any of the investment options as allowed by the Plan. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or his/her beneficiary may receive a lump sum distribution or purchase an annuity with the proceeds of the participant's vested account balance.

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$3,692 and \$6,538, respectively. These accounts will be used to pay Plan administrative expenses or to reduce future Organization contributions. During the years ended December 31, 2017 and 2016, Organization contributions were reduced by \$38,220 and \$32,554 from forfeited non-vested accounts, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, with the exception of its fully benefit-responsive investment contracts (stable value funds), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan Administrator has elected to apply the guidance in FASB Accounting Standards Update 2015-12 (ASU 2015-12) to reporting its fully benefit-responsive investment contract. As permitted by ASU 2015-12, the Plan's fully benefit-responsive investment contract is reported at contract value separately from investments reported at fair value in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Certain fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Organization has evaluated subsequent events through September 25, 2018 the date at which the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan Administrator has received a certification from Charles Schwab Trust Company, the Trustee of the Plan's assets, as to the completeness and accuracy of the investments and related investment income. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The following tables set forth by level the Plan's assets at fair value as of December 31, 2017 and 2016:

2017	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 13,507,789	\$ -	\$ -	\$ 13,507,789
Total Investments at Fair Value	\$ 13,507,789	\$ -	\$ -	\$ 13,507,789
2016	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 11,058,522	\$ -	\$ -	\$ 11,058,522
Total Investments at Fair Value	\$ 11,058,522	\$ -	\$ -	\$ 11,058,522

NOTE 5 - PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of a money market fund managed by Charles Schwab. Charles Schwab is the Trustee of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivables from Plan participants and the related interest income are considered party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan participates in a fully benefit-responsive investment contract, referred to as a stable value fund, managed by an outside party. The fund issuer maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the stable value fund. As permitted by ASU 2015-12, the investment is reported at contract value. Contract value, as reported to the Plan by Wells Fargo Bank (the Bank), represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The stable value fund does not permit the Bank to terminate the agreement prior to the scheduled maturity date.

NOTE 8 - TAX STATUS

The Organization adopted a Prototype Non-standardized Profit Sharing Plan with CODA, which received its latest favorable opinion letter from the Internal Revenue Service on August 1, 2015. The opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code.

Internal Revenue Service guidelines allow adopting employers of a non-standardized prototype plan to rely on a favorable opinion for qualification requirements without requesting a separate determination letter if the following three requirements are met: 1) the employer's plan is identical to an approved prototype plan, 2) the employer has chosen only the options permitted under the terms of the approved plan, and 3) the employer has followed the terms of the plan.

BUCKEYE RANCH 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 8 - TAX STATUS - CONTINUED

Management believes the Plan has met the three guidelines stated above and intends to continue following the provisions of the prototype plan. Thus, the Organization has not requested a separate determination letter for the Plan. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
