Notes to Financial Statements**December 31, 2017 and 2016****1. Description of the Plan including summary of significant accounting policies**

The following brief description of Stevens Pass Mountain Resort, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution retirement Plan administered by Stevens Pass Mountain Resort, LLC (the “Company”, “Plan Sponsor” or “Plan Administrator”); it was adopted on February 15, 2012 (inception). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On November 17, 2011, the Company purchased the assets and operations of New Stevens, LLC which was an affiliate of Harbor Properties, Inc. Employees of New Stevens, LLC were eligible to participate in the Harbor Properties, Inc. Employee Savings & Security Plan. All Employees of New Stevens, LLC were terminated effective November 17, 2011 and all its participants became 100% vested in their accounts. On February 15, 2012, the participant account balances for all terminated employees of New Stevens, LLC were transferred into the Plan.

Eligibility

The Plan provides that all employees, except residents of Puerto Rico, and members of an excluded class, who have reached age 20.5 with one year of service and 720 hours may participate in the Plan. The entry date is the 1st day of each month. Service with the predecessor employer, New Stevens, LLC shall be counted for eligibility purposes. Participation continues until retirement, disability, termination of employment, or death, at which time the participant’s vested account balance becomes payable.

Contributions and vesting

Participants may make contributions to the Plan in an amount not to exceed 60% of their eligible compensation, subject to maximum annual legal limits established by the Internal Revenue Code (“IRC”). As of December 31, 2017 and 2016, the imposed limit was \$18,000. A participant may change the amount of elective deferral contributions monthly. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 are allowed an additional “catch-up contribution” not to exceed \$6,000 in 2017 and 2016. Participants direct their contributions into various investment options offered by the Plan. Participants may elect to change their investment options directly through Fidelity, at any time. Participant contributions vest immediately.

The Plan Sponsor may make discretionary profit sharing contributions to the Plan as determined annually by the Administrative Committee. For the years ended December 31, 2017 and 2016, the Plan Sponsor did not make any discretionary profit sharing contributions.

Discretionary employer contributions are recognized in the period for which they are declared. Non-discretionary employer and employee contributions are recognized in the period in which the related compensation is earned. Employer contributions vest on a 5-year graduated schedule based upon years of service.

Notes to Financial Statements

December 31, 2017 and 2016

1. Description of the Plan including summary of significant accounting policies (continued)

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit obligations

In conformity with guidance for accounting and disclosure by employee benefit plans, benefit obligations to terminated employees who have withdrawn from participation in the Plan are not accrued in the statements of net assets available for plan benefits; rather, such amounts are disclosed in the notes to the financial statements. There were no such benefit obligations as of December 31, 2017 and 2016.

Payment of benefits

Upon termination of service, death, or reaching retirement age, participants may: request a (i) lump sum cash distribution equal to the value of their vested account balance, and or (ii) roll-over their vested account balance into an Individual Retirement Account or another qualified employer plan. However, if the account balance is less than or equal to \$1,000, the participant does not need to request a distribution as the funds will be distributed to the participant automatically. Participants may request hardship distributions from their account balance for certain financial needs, as defined in the Plan.

Benefit payments are recorded when paid.

Administrative expenses

Trustee fees are paid from Plan assets. All other Plan expenses are paid by the Company. For the years ended December 31, 2017 and 2016, the Company paid administrative expenses of \$XXXXXX and \$12,200, respectively.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes to Financial Statements**December 31, 2017 and 2016****1. Description of the Plan including summary of significant accounting policies (continued)***Risks and uncertainties*

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of the valuation methodologies used in determining the fair value of the Plan's investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting standards updates

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, on *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965) Employee Benefit Plan Master Trust Reporting*. The amendments in ASU 2017-06 clarify presentation requirements for a plan's interest in a master trust and require more detailed disclosures of the plan's interest in the master trust. The ASU is effective for fiscal years beginning after December 15, 2016 for nonpublic entities with early adoption permitted. ASU 2017-06 is to be applied retrospectively. ASU 2017-06 does not materially affect the Plan. Management elected to adopt the ASU during the December 31, 2017 fiscal year.

2. Tax status

The Plan has adopted the Fidelity volume submitter plan document and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter dated March 31, 2014, that the Plan and related trust, as then designed, are in accordance with applicable sections of the IRC. The Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements**December 31, 2017 and 2016****4. Plan termination**

On August 15, 2018, the administration committee of the Plan Sponsor, approved the termination of the Plan. The net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

5. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Cash*: Money market securities are valued at the closing price reported in the active market in which the individual security is traded.
- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(Continued)

Notes to Financial Statements**December 31, 2017 and 2016****5. Fair value measurements (continued)**

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 2,136,509	\$ -	\$ -	\$ 2,136,509
Money Market	36,072	-	-	36,072
Total	<u>\$ 2,172,581</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,172,581</u>

Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, on Fair Value Measurement, effective January 1, 2018, which requires the use of fair value measurements based on the fair value hierarchy as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 1,722,188	\$ -	\$ -	\$ 1,722,188
Money Market	36,673	-	-	36,673
Total	<u>\$ 1,758,861</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,758,861</u>

6. Related party transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee and the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$7,123 and \$4,083 for the years ended December 31, 2017 and 2016, respectively.

7. Subsequent events

Management has evaluated subsequent events through September 17, 2018, the date on which the financial statements were available to be issued.
