Blanchard Valley Health System 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the Blanchard Valley Health System 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Blanchard Valley Health System (System) for the benefit of its employees. Employees are immediately eligible to participant in the Plan as a contributing participant upon commencement of employment with the System. One year of service is required to be eligible for employer matching contributions. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company, American United Life Insurance Company and Lincoln Financial Group Trust Company, Inc. serve as the Plan custodians. Lincoln Retirement Services Company, LLC (LRSC) serves as the third-party service provider.

Contributions

The Plan permits eligible employees to make annual contributions of up to 100 percent of eligible compensation through a salary deferral election. The Plan includes multiple employers of the System, who make matching contributions of 100 percent of eligible employee contributions up to a limit, ranging from 1 percent to 6 percent of eligible compensation depending on the election of each employer. Contributions are subject to certain limitations. Employee rollover and catch-up contributions are also permitted.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the System's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the contributions of the System, plus earnings thereon.

Blanchard Valley Health System 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of their account, payments in substantially equal amounts for a period elected by the participant or a joint and survivor annuity. Withdrawals other than for termination are permitted under circumstances provided by the Plan. At December 31, 2017 and 2016, there were no Plan assets allocated to the accounts of participants who had elected to withdraw funds from the Plan, but have not yet been paid.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. All loans are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings.

Plan Termination

Although it has not expressed an intention to do so, the System has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Blanchard Valley Health System 403(b) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) quoted market value of shares held by the Plan at year-end.

Pooled separate accounts are valued at the NAV per accumulation unit of the investment as provided by the issuer.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment options that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter as the Internal Revenue Service does not currently provide for that service for 403(b) plans. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid by the System or the Plan at the System's discretion.

Notes to Financial Statements

Note 3: Certification by Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2017 and 2016
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2017

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investment Contract With Insurance Companies

The Plan has entered into various fully benefit-responsive investment contracts with insurance companies, all of which maintain the contributions in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

As described in the basis of accounting disclosure, because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. Contract value, as reported to the Plan by the issuers, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The investment contracts are traditional investment contracts.

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Wilmington Trust Company, Transamerica Financial Life Insurance Company, Inc., Lincoln Financial Group Trust Company, Inc. and American United Life Insurance Company serve as the Plan custodians. Certain Plan investments are issued or managed by Wilmington Trust Company, Lincoln National Life Insurance Company, American United Life Insurance Company and Diversified Investment Advisors. Fees for trust and management services paid by the Plan to the custodians were \$3,055 and \$391 for the years ended December 31, 2017 and 2016, respectively.

Note 6: Reconciliation of Financial Statements to Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan (Form 5500) filed with the Internal Revenue Service and the accompanying financial statements relate to classification differences.

Note 7: Disclosures About Fair Value of Plan Assets

Fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Notes to Financial Statements

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
December 31, 2017				
Mutual funds	\$ 118,524,749	\$ 118,524,749	\$ -	\$ -
Pooled separate accounts (A)	133,434	-	-	-
	<u>\$ 118,658,183</u>	<u>\$ 118,524,749</u>	<u>\$ -</u>	<u>\$ -</u>

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Fair Value			
December 31, 2016				
Mutual funds	\$ 96,599,146	\$ 96,599,146	\$ -	\$ -
Pooled separate accounts (A)	114,090	-	-	-
	<u>\$ 96,713,236</u>	<u>\$ 96,599,146</u>	<u>\$ -</u>	<u>\$ -</u>

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued using the NAV as a practical expedient.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2017. The Plan had no liabilities measured at fair value on a recurring basis. Additionally, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Notes to Financial Statements

December 31, 2017 and 2016

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no investments classified as Level 2 or Level 3.

Note 8: Subsequent Events

Subsequent events have been evaluated through September 25, 2018, which is the date the financial statements were available to be issued.
