NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 1: DESCRIPTION OF PLAN

The following description of the Gemini Duplication, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2005 and is a defined contribution plan covering all eligible employees of Gemini Duplication, Inc. (the "Plan Sponsor"). Employees are eligible to participate in the Plan who have completed 3 months of services and are age eighteen (18) or older. Participation begins on the first day of the month on or after eligibility requirements are met. Eligible participants will be auto enrolled at a deferral rate of 4% unless the participant affirmatively elects not to participate or selects a different deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Secretary Act of 1974 (ERISA). Three employees of the Plan Sponsor serve as the trustees to the Plan.

On March 2, 2017, the prototype sponsor of the plan, Great West Trust Company, amended the plan document to permit plan forfeitures to be used to offset employer qualified non-elective contributions, qualified matching contributions and ADP test safe harbor contributions to the same extent that they can be used to offset other employer contributions.

On March 20, 2018, the prototype sponsor of the plan, Great West Trust Company, amended the plan document to conform to requirements of Department of Labor Regulation Section 2650.503-1 regarding disability claims.

Plan Year

The Plan year begins January 1 and ends December 31.

Contribution and Allocations

The Plan allows for the following types of contributions:

- ***Salary Deferral 401(k) Contributions***
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code. The Plan has an auto deferral rate of 4%. In addition to making pre-tax contributions to a traditional 401(k) plan, participants may elect to make a Roth contribution with after tax dollars.

- ***Employer Discretionary Matching Contributions***
  The Plan sponsor has the discretion to make a matching contribution. This contribution will only apply to a participant's deferrals that do not exceed a dollar amount or percentage of included compensation to be determined by the sponsor.

NOTE 1: DESCRIPTION OF PLAN (Continued

- ***Employer Discretionary Profit Sharing Contributions***
  An additional contribution may be made at the discretion of the employer. The discretionary contribution is allocated to each eligible participant based on the percentage of each eligible participant's compensation to the total eligible compensation. Participants employed at any time during the Plan year are eligible for the discretionary contribution. The Plan Sponsor elected not to make discretionary contributions in 2017.

- ***Rollover Contributions***
  Participants may make rollover contributions from another qualified plan.

Participant Accounts
The Plan is set up to allow each participant the ability to self-direct their account between various investment options. The participant is allowed to invest their account in any one mutual fund or collective trust fund or in any combination of these funds. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected. The Plan may perform these allocations in accordance with the method it considers most appropriate for the investment type.

Vesting
Participants are always 100% vested in their voluntary contributions. Participants vest in their employer contributions over a four-year schedule as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
6 years and over	100%

Forfeitures
Forfeitures from employer contributions may be used to pay Plan expenses or reduce employer contributions. Forfeitures amounted to $2 during the year ended December 31, 2017.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) early retirement (age 59 ½); 3) termination of employment of the participant; 4) upon demonstration of financial hardship; 5) permanent disability and 6) death of the participant.

Benefit payments may be distributed to participants in a single lump sum or installments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Notes Receivable from Participants
The Plan allows participants to borrow up to the lesser of $50,000 or 50% of the participant's vested account balance, with a minimum loan amount of $1,000. Borrowings bear interest and are due no later than 5 years. Loans are secured by the balance in the participants' account. No allowance for credit losses has been recorded as of December 31, 2017. If the participant ceases to make loan payments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses
All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the trustees. Expenses related to specific participants are charged to the respective participant's account.

Basis of Accounting:
The financial statements of the Plan are maintained on the accrual basis of accounting and in accordance with generally accepted accounting principles of the United States (U.S. GAAP).

Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition
Investments are stated at fair market value using quoted market prices when available. Collective trust funds are valued internally based on information obtained directly from the investment provider. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the gains and losses on investments bought and sold, as well as held, during the year. Increases or decreases in the unit value of the investments are reflected in each participant's self-directed account. Investments are valued daily.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017. If a participant ceases to make loan payments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan has adopted a prototype plan which obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognized a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2017 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax period in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 3: INVESTMENTS

At December 31, 2017, investments, consisting of collective trust funds, that represent 5% or more of the net assets available for benefits as follows:

		2017
Putnam	Retirement Advantage 2040 Fund	$ 123,753
Putnam	Retirement Advantage 2050 Fund	$ 102,526
Putnam	Retirement Advantage 2035 Fund	$ 97,768
Putnam	Retirement Advantage 2045 Fund	$ 88,900
Putnam	Retirement Advantage 2020 Fund	$ 60,647
Putnam	Retirement Advantage 2055 Fund	$ 58,821
Putnam	Retirement Advantage 2030 Fund	$ 33,810

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement 157 (ASC 820), *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 157 are described below:

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar asset or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs that are derived principally from, or corroborated by, observable market data or by other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value.

Collective Trust Funds: These funds are valued internally based on information generally obtained directly from the fund house or other investment provider and using a net asset value expedient for fair value measurement. According to generally accepted accounting principles in the United States, investments valued in this manner should not be categorized within the fair value hierarchy described above. Therefore , the value of the collective trust funds are not classified as a level 1, 2 or 3 assets in the leveling table presented below.

Mutual Funds: Mutual funds are valued at the net asset value of shares held by the Plan at year end.

Fixed Annuities: Fixed annuity contracts are valued based on the valuation method disclosed in the annuity contract and as calculated by the annuity provider.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Index Funds	$ 16,666	$ -	$ -	$ 16,666
Fixed Annuities	-	12,688	-	12,688
Other investments valued at net asset value per share as a practical expedient (unclassified)				
Collective Trust Funds	-	-	-	602,639
Total assets at fair value	$ 16,666	$ 12,688	$ -	$ 631,993

NOTE 5: RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2017, Plan investments consisted of shares of collective trust funds, mutual funds and fixed annuities managed by Empower Retirement, a subsidiary of Great-West Trust Company, LLC. As Empower is the custodian and third party administer of the Plan, these transactions qualify as party-in-interest transactions. Fees paid for these investment management services are included in the net appreciation (depreciation) of the fair value of investments. Additional fees were paid by the Plan for certain administrative expenses to Empower Retirement which also serves as the third party administrator and record keeper for the Plan.

Effective October 10, 2017, all plan assets were transferred to Empower Retirement from the Plan's previous custodian, record keeper and third party administrator, Principal Life Insurance Company. The management of Plan investments by Principal Life Insurance Company, consisting of units of pooled separate accounts, and the administrative services provided by the company, qualified as party-in-interest transactions.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS (Continued)

Notes receivable from participants are considered party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7: ADMINISTRATION OF PLAN ASSETS

Certain administrative functions are performed by key employees of the Plan administrator. No key employee receives compensation from the Plan for the performance of administrative functions.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA of 1974. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan custodians and was not subjected to auditing procedures performed by the independent public accountants:

- All investments included in the Statement of Net Assets Available for Benefits as of December 31, 2017.

- Schedule of assets held for investment as of December 31, 2017.

NOTE 10: SUBSEQUENT EVENTS
