1. DESCRIPTION OF THE PLAN

The following description of the Inline Distributing Company 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Inline Distributing Company, ("Company") is the Plan Sponsor. The Plan is a defined contribution plan covering all full-time employees of the Company who have completed six months of service and are age 20 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. Plan funds are held by Matrix Trust Company (Custodian).

Contributions

Each year, participants may contribute up to 75% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 200% of the first $500 that a participant contributes to the Plan, then the Company contributes 25% of participants' contributions that exceed $500 to not to exceed $2,000 annually. Additional profit sharing amounts may be contributed at the option the Company's board of directors. During the year ended December 31, 2017, the Company did not make any discretionary non-elective contributions to the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

Vesting

Participants are vested immediately in their contributions, rollover contributions plus actual earnings thereon.

1. **DESCRIPTION OF THE PLAN** (continued)

Vesting (continued)

Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at the time loans are requested, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Each participant's share of the net assets of the Plan is allocated to an individual account. On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution. A participant may withdraw vested amounts from his or her account prior to termination of employment with the Company, in accordance with Plan rules.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $4,084 and $-0- respectively. If a participant terminates prior to vesting 100% in Company contributions, the Company has the option to (a) allocate the balance of the forfeiture account to current participants accounts or (b) use the balance to pay administrative expenses. In 2017, forfeiture amounts were used to pay administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and financial institution (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Administrative Expenses (continued)

and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. **FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. **FAIR VALUE MEASUREMENTS** (continued)

Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

		Fair Value Measurements Using:	
December 31, 2017	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
Mutual funds	$ 3,330,627	$ 3,330,627	$ -
Collective trust fund	921,579	-	921,579
Total	$ 4,252,206	$ 3,330,627	$ 921,579

		Fair Value Measurements Using:	
December 31, 2016	**Fair Value**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
Mutual funds	$ 2,632,475	$ 2,632,475	$ -

Total	$ 3,453,740	$ 2,632,475	$ 821,265

4. FINANCIAL INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The plan administrator obtained certification from Matrix Trust Company (Plan custodian) that the following Plan information furnished by them and included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as of December 31, 2017 and 2016
- Investment transactions, investment income and related transactions for the year ended December 31, 2017.

5. NET APPRECIATION OF INVESTMENTS

During the year ended December 31, 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $308,620. Substantially all appreciation was related to mutual funds.

6. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. As of December 31, 2017, information returns for years subsequent to 2014 remain subject to examination by the Internal Revenue Service.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. NONEXEMPT (PROHIBITED) TRANSACTIONS

During the Plan year ended December 31, 2017, certain participant contributions and loan repayments were not remitted timely as defined by DOL regulations by the Company to the Plan's custodian. Total late participant contributions and loan repayments for 2017 were $51,771. The related lost earnings in the amount of $23 has been deposited by the Sponsor. The Sponsor filed Form 5330 Return of Excise Taxes Related to Employee Benefit Plans of which taxes of $7 was assessed.

9. SEPARATED PARTICIPANTS WITH VESTED BALANCES

Upon termination of employment from the Company, Plan participants are entitled to withdraw or roll over their vested amounts from the Plan. Vested amounts allocated to accounts of separated participants who have not yet been paid as of December 31, 2017 amounted to $172,813.

10. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Matrix Trust Company (Matrix), the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan to Matrix for investment services amounted to $2,385 for the year ended December 31, 2017.

11. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

12. SUBSEQUENT EVENTS

Date of Management's Review

Management has evaluated subsequent events through September 4, 2018, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
