INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Arrow Gear Company Incentive Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of the Arrow Gear Company Incentive Savings Plan (the Plan) as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Principal Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the Trustee is complete and accurate.

MEMBER INPACT
INTERNATIONAL ALLIANCE OF PROFESSIONAL ACCOUNTANTS

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of or for the year ended December 31, 2017, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ARROW GEAR COMPANY
INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

(1) SUMMARY DESCRIPTION OF PLAN:

The following description of the Arrow Gear Company (the Company) Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued on September 26, 2018, with subsequent events being evaluated through this date.

General -

The Plan is a 401(k) plan covering all full-time, eligible employees of the Company who have completed 500 hours of service during any six-month period, are age twenty-one or older, and elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions -

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the deferral that a participant contributes to the Plan, up to $1,200 for union employees. For non-union employees, the Company contributes 25% of the deferral that a participant contributes to the Plan, up to $1,700 for 2016 and $2,000 for 2017. During 2017, the Company also made a discretionary contribution for non-union employees. The contribution was 2% of base pay for 2017. Contributions are subject to certain IRS limitations.

Participant Accounts -

Each participant shall have an income deferral contribution account and an employer contribution account. These accounts are credited with the participant's contribution and an allocation of a) the Employer's contribution and b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after five years of continued service.

(1) SUMMARY DESCRIPTION OF PLAN: (Continued)

Forfeited Accounts -

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions and/or administrative expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $-0- and $905, respectively. Also, during 2017 and 2016, employer contributions were reduced by $12,303 and $6,063, respectively, from forfeited non-vested accounts.

Investment Options -

Upon enrollment in the Plan, a participant may direct contributions in any of nineteen investment options. Participants may change their investment options at any time during the year.

Participant Notes Receivable -

Participants may borrow up to an amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms may not exceed five years, unless it is for the purchase of a primary residence, in which case it is 15 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates applicable to all outstanding loans range from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits -

On termination of service, a participant may elect to receive either a lump sum amount equal to the value of his/her vested account balance, or annual installments over a period not to exceed the life expectancy of the participant or the joint life expectancy of the participant and his designed beneficiary. Participants may elect to defer payment of their benefit until a later date, if the value of the vested benefit is greater than $5,000. If it is $5,000 or less, it is paid in a lump sum or rolled into an IRA.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition -

Appreciation or depreciation in the market value of an investment held both at the beginning and end of the year is equal to the difference between the market value at the beginning and end of the year. Appreciation or depreciation in the market value of an investment acquired during the year and held at the end of the year is equal to the difference between the cost and the market value of the investment at the end of the year.

Gain or loss recognized from the disposition of an investment held at the beginning of the year is equal to the difference between the market value of the disposed asset at the beginning of the year and the proceeds from disposition. Gain or loss realized from the disposition of an investment acquired during the year is equal to the difference between the cost and the proceeds from disposition.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Payments of Benefits -

Benefits are recorded when paid.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

(3) FAIR VALUE MEASUREMENTS:

The Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(3) FAIR VALUE MEASUREMENTS: (Continued)

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed Investment Contracts: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,200,489	$ -	$ -	$ 16,200,489
Other investments measured at net asset value				3,334,943
Investments at fair value				$ 19,535,432

(3) FAIR VALUE MEASUREMENTS: (Continued)

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Insurance company general account	$ 3,334,943	$ -	Daily	1 day

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,140,515	$ -	$ -	$ 13,140,515
Other investments measured at net asset value				3,773,025
Investments at fair value				$ 16,913,540

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Insurance company general account	$ 3,773,025	$ -	Daily	1 day

(4) INVESTMENT CONTRACT:

The Plan has a benefit-responsive investment contract with Principal Financial Group (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(4) INVESTMENT CONTRACT: (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2017, was $3,334,943. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are revised on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2017	2016
Average yields -		
Based on actual earnings	1.55%	1.55%
Based on interest rate credited to participants	1.55%	1.55%

(5) ADMINISTRATION COSTS:

The Employer has chosen to absorb certain costs of administering the Plan.

(6) PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account.

(7) TAX STATUS:

The Plan has adopted a Principal Trust Company Prototype Plan, which has received a favorable opinion letter from the Internal Revenue Service (IRS) stating that the written form of the prototype plan is acceptable under Section 401(a) of the Internal Revenue Code (IRC) and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

(7) TAX STATUS: (Continued)

The Plan administrator believes the Plan has been operating in compliance with the applicable requirements of the IRC and, therefore, the Plan and the related trust are exempt from taxation. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(8) CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company (the Trustee of the Plan).

(9) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) PARTIES-IN-INTEREST:

Certain Plan investments are shares of mutual funds managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Participants covered under the Plan are considered to be parties-in-interest. Participant notes receivable in the amounts of $511,467 and $472,822 at December 31, 2017 and 2016, respectively, are considered to be party-in-interest investments.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the Arrow Gear Company
Pension Plan for Salaried Employees:

Report on the Financial Statements

We have audited the accompanying financial statements of the Arrow Gear Company Pension Plan for Salaried Employees (the "Plan"), which comprise the statement of net assets available for benefits as of September 30, 2017 and 2016, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Principal Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of September 30, 2017 and 2016, and for the years ended September 30, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

To the Trustees of the Arrow Gear Company
Pension Plan for Salaried Employees:

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Assets Held for Investment Purposes and Reportable Transactions, as of or for the year ended September 30, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ARROW GEAR COMPANY
PENSION PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2017 AND 2016

(1) DESCRIPTION OF PLAN:

The following description of the Arrow Gear Company Pension Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The financial statements were available to be issued on May 14, 2018, with subsequent events being evaluated through this date.

General -

The Plan is a non-contributory defined benefit pension plan covering substantially all non-union employees of Arrow Gear Company (Employer) that have completed six months of continuous employment as a full-time employee or have completed 1,000 hours of service in a twelve-month period. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Each year, the Employer contributes to the Plan a sum equal to the amount required to finance all benefits prescribed by the Plan. All such contributions shall be based upon a participant's average monthly compensation, as determined by the Plan Administrator, in a uniform, non-discriminatory manner. Employees are not required or permitted to make contributions under this Plan. The Employer contribution to the Plan meets the minimum contributions required by ERISA.

Pension Benefits -

Employees completing five or more years of credited service will be entitled to a vested pension beginning at normal retirement age. If employees terminate before completing five years of credited service, they will forfeit the right to receive the portion of their accumulated plan benefits attributable to the Employer's contribution.

After vesting, participants are entitled to monthly pension benefits beginning at normal retirement age (65) equal to .75% of the participant's final average compensation multiplied by years of benefit service (up to 45 years) plus .6% of the participant's average compensation in excess of their integration level multiplied by the number of years of expected benefit service (up to 35 years). However, the participant's monthly pension will not be less than the years of benefit service multiplied by $27.00. The early retirement benefit (age 50 and completion of five years of credited service) is calculated the same as normal retirement except the amount is multiplied by the fraction whose numerator is the number of years of benefit service at the early retirement date and whose denominator is the number of years of benefit service at normal retirement date (up to 35 years).

(1) DESCRIPTION OF PLAN: (Continued)

Disability Benefits -

Monthly pension benefits for disabled employees are the same as the amount of benefits payable on early retirement, with payments beginning on the disability retirement date.

Death Benefits -

The Plan provides for a regular death benefit for participants who have not attained normal retirement age, but have completed 20 or more years of credited service, or have reached the age of 50. Their beneficiary will be entitled to receive a monthly benefit equal to the amount the participant would have received at normal retirement. The Plan also provides for optional death benefits that vary based on the participant's age and years of credited service, if less than 20.

Payment of Benefits -

Participants may elect to receive their monthly pension benefits in the form of 1) an annuity for the lifetime of the participant, with payments guaranteed for a minimum period of sixty (60) months, 2) a joint and survivor annuity, 3) an optional form of payment of equivalent actuarial value, or 4) a lump-sum distribution.

(2) SUMMARY OF ACCOUNTING POLICIES:

Valuation of Investments -

If available, quoted market prices are used to value investments. Investments that have no quoted market price are stated at estimated fair value.

Credit Risk -

Financial instruments which potentially subject the Plan to concentrations of credit risk consist principally of cash. The Plan places its deposits with high credit quality financial institutions; however, deposits may exceed the federally insured limits.

Estimates -

The Plan prepares its financial statements according to generally accepted accounting principles which require the use of estimates and assumptions that may affect reported amounts and disclosures. Actual results may differ from those estimates.

Reclassifications -

Certain prior year balances have been reclassified in order to conform with the current year's presentation.

(3) FAIR VALUE MEASUREMENTS:

The Accounting Standards Codification for Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2017 and 2016.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Shares in registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(3) FAIR VALUE MEASUREMENTS: (Continued)

Pooled Separate Accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indication of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2017 and 2016:

	Assets at Fair Value as of September 30, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,101,462	$ -	$ -	$ 10,101,462
Other investments measured at net asset value				2,471,195
Investments at fair value				$ 12,572,657

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,471,195	$ -	Daily	1 day

	Assets at Fair Value as of September 30, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 8,586,213	$ -	$ -	$ 8,586,213
Other investments measured at net asset value				3,761,835
Investments at fair value				$ 12,348,048

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 3,761,835	$ -	Daily	1 day

(4) ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service that employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included to the extent that they are deemed attributable to employee service rendered to the valuation date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of October 1, 2017 and 2016, were (a) life expectancy of participants (the Moving Ahead for Progress in the 21st Century Act (MAP-21), (b) retirement age assumptions (the assumed average retirement age was 65), and (c) investment return. The interest rates used to discount the obligation for 2017 and 2016 were 6.25% and 6.50%, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

The actuary's calculations of the present value of accumulated Plan benefits as of September 30, 2017 and 2016, are as follows:

	2017	2016
Vested benefits:		
Participants currently receiving benefits	$ 8,460,978	$ 9,243,736

Non-vested benefits	72,800	81,141
Total actuarial present value of accumulated Plan benefits	$ 12,394,193	$ 13,404,783

(4) ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS: (Continued)

The changes in the actuarial present value of accumulated Plan benefits for the years ended September 30, 2017 and 2016, are as follows:

	2017	2016
Actuarial present value of accumulated Plan benefits as of beginning of year	$ 13,404,783	$ 12,071,117
Increase (decrease) during year attributed to:		
Increase for interest due to decrease in the discount period	713,157	756,519
Benefits paid	(888,489)	(878,571)
Benefits accumulated	84,991	204,086

Actuarial present value of accumulated Plan benefits at end of year	$ 12,394,193	$ 13,404,783

(5) PLAN TERMINATION:

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. Benefits attributable to employee contributions, taking into account those paid out before termination.

b. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

c. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.

d. All other vested benefits (that is, vested benefits not insured by the PBGC).

e. All non-vested benefits.

(6) INCOME TAXES:

The Plan obtained its latest determination letter on December 26, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(7) ADMINISTRATION COSTS:

The Employer has chosen to absorb certain costs of administering the Plan.

(8) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(9) CERTIFIED INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at September 30, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended September 30, 2017 and 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company (the Trustee of the Plan).

(10) PLAN AMENDMENT:

Effective September 30, 2016, entry into the Plan was frozen, with no additional benefits accruing after this date.
