Report on the Financial Statements

We have audited the accompanying financial statements of The Mosser Group Employee Savings Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 – Description of the Plan

The following description of The Mosser Group Employee Savings Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all non-union full-time employees of WMOG, Inc. (the Plan Sponsor and administrator) and its participating subsidiaries (collectively, the Company). Eligible employees are permitted to make contributions to the Plan on the first day of the first calendar quarter following their employment date. A participant, who is employed by the Company on the last day of the Plan year, is entitled to share in the allocation of Company discretionary matching and participant forfeitures for that Plan year in which the participant is credited with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts

Participant accounts are credited with their elective contribution, as defined in the Plan, and an allocation of Company discretionary and matching contributions and Plan earnings (losses). Allocation of Plan earnings (losses) is based on the participant earnings or account balances, as defined. Participants direct the investment of their accounts among the investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested balance in the participant's account.

Contributions

Company discretionary and matching contributions are at the sole discretion of and are determined annually by the Board of Directors of the participating subsidiaries. Company contributions, if any, may be made in cash or Company stock. If the Company contributions are made in Company stock, such contributions are made to and held in The Mosser Group Employee Stock Ownership Plan and Trust (ESOP) in accordance with the terms of that Plan. Company contributions in cash may be designated by the Plan Sponsor whether such contributions are to be made to and held by the ESOP, or whether such contributions will be made to this Plan. The Company matching contributions amounted to 100% of the first 4% deferred by the participants for the 2017 and 2016 Plan years. The Company matching contributions of \$279,226 in 2017 and \$269,954 in 2016 were contributed to the ESOP. Company discretionary contributions are allocated to eligible participant accounts based on the relative compensation (not to exceed \$270,000 and \$265,000 in 2017 and 2016, respectively) of the participants or at an equal dollar amount per participant. In 2017 and 2016, the Company made a discretionary cash contribution of \$443,541 and \$1,344,808, respectively, to the ESOP.

Note 1 – Description of the Plan (continued)

Contributions (continued)

Participants may choose to have a percentage of their compensation contributed to the Plan on their behalf. Participants may also contribute amounts representing distributions from other qualified plans.

Payment of Benefits

Upon retirement, disability or death the Plan provides for distributions to be made in a single distribution at an elected date.

Benefits payable to terminated participants are based on the participant's vested account balance and are payable after five consecutive one-year breaks in service, except where as defined in the ESOP document, using substantially the same methods, as outlined above. Any participant contributions or rollover contributions are eligible to be distributed to the terminated participant as soon as administratively feasible.

Vesting

Participant balances representing Company discretionary contributions are fully vested after three years of credited service, or upon retirement, disability or death. Participant elective contributions and rollover contributions are immediately fully vested, as are Company safe harbor matching contributions.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are reallocated to the remaining participants. The reallocation, as added to the Company contribution, is based on the relative compensation of the remaining participants of the Company contributing during the year of the forfeiture, and is performed in the Plan year following the year in which the forfeiture occurs.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts become fully vested.

Note 1 – Description of the Plan (continued)

Administrative Expenses

The Company has the option to pay certain expenses necessary to operate and administer the Plan. Investment manager fees for the Plan years ended December 31, 2017 and 2016 have been deducted from Plan assets. Fees are paid by the Company for audit and other administrative expenses. Fees are paid to parties-in-interest.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In contrast, contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. There have been no changes in the valuation methods used. The Plan's investments were held by American Funds for the period January 1, 2016 through September 7, 2017, and by Transamerica Financial Life Insurance Company for the period from September 7, 2017 through December 31, 2017.

The Stable Value Core Account is a fully benefit-responsive investment contract valued at contract value, which represents deposits and transfers made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Units held in pooled separate accounts are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less any liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 2 – Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at net asset value.

Money market mutual funds are valued using penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Guaranteed Investment Contract

The Plan holds a traditional investment contract that meets the fully-benefit responsive investment contract criteria, and therefore is reported at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract issuer declares a guaranteed interest rate that applies for a six month period, after which it is reviewed for resetting.

THE MOSSER GROUP
EMPLOYEE SAVINGS PLAN AND TRUST

Notes to Financial Statements
Years Ended December 31, 2017 and 2016

Note 3 – Guaranteed Investment Contract (continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value without adjustment. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer. The contract permits the issuer or the Plan to terminate the agreement as defined in the contract.

Note 4 – Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of December 31, 2017 and 2016. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Total Investments at Fair Value	\$14,463,453	\$ 679,069	\$15,142,522

Note 5 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Volume Submitter Profit Sharing Plan with CODA (Cash or Deferred Arrangement), upon which the Plan is based, qualifies under section 401 of the Internal Revenue Code (IRC) and that the related trust, therefore, is not subject to tax under present income tax law. The Plan has been amended since receiving this opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
