The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. **THE HILLMAN GROUP, INC. RETIREMENT SAVINGS
AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

(1) Description of the Plan

The following description of The Hillman Group, Inc. Retirement Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan with a cash or deferred arrangement covering all employees of The Hillman Group, Inc. (the "Employer") who have three months of service and are age twenty-one or older. All employees are automatically enrolled as soon as they meet the Plan's eligibility requirements with a salary deferral of three percent (3%) of compensation. If an employee is automatically enrolled, their deferral contribution rate will be increased by 1% each year until it reaches a maximum of 6% of compensation, unless elected otherwise. Employees are allowed to waive the automatic enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Fidelity Management Trust Company (the "Trustee") and Fidelity Investments Institutional Operations Company, Inc. are the trustee and record-keeper of the Plan, respectively.

(b) Contributions

Participants may contribute up to sixty percent (60%) of their compensation on a pre-tax basis limited to the amount allowed under federal tax laws. The Employer, at its discretion, may make matching contributions to the Plan each year. For the plan year ended December 31, 2017, the Employer elected to match fifty percent (50%) of the first six percent (6%) of the participants' compensation, subject to IRS limitations. The Employer contribution is allocated amongst investment options based on the participant's selected allocation percentages. Employer profit sharing contributions to the Plan are discretionary. The Employer's management group determines annually the amount, if any, of the profit sharing contribution. During 2017, there were no Employer profit sharing contributions.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer matching and profit sharing contributions and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations of matching contributions are based on participant earnings or account balances, as defined, and their selection of investments.

(d) Investment Options

Upon enrollment in the Plan, participants may direct their contributions in twenty-eight mutual funds and a common collective trust. Participants may change their investment options daily. The Employer contributions are invested in accordance with the participants' investment selections.

(e) Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

(f) Vesting

All participants are immediately vested in their participant and rollover accounts at the time such contributions are made. Participants become vested in employer matching contributions and profit sharing contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

(g) Notes Receivable from Participants and Hardship Withdrawals

Under the Plan, participants with account balances may borrow the lesser of \$50,000 or 50% of the amount in the participant's vested account balance. Principal and interest are paid through payroll deductions on the basis of straight-line amortization within five years from the date the loan is made except when used to acquire a principal residence. Interest rates on the loans vary from 4.25% to 10.50% with various maturities between 2018 and 2035.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

The Plan also provides for withdrawals in the event of immediate and heavy financial need.

(h) Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the employer contributions. These accounts may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$16,497 and \$61,685, respectively. Also in 2017, forfeited non-vested accounts of \$150,583 were used to pay employer contributions and \$37,989 were used to pay plan expenses.

(i) Payment of Benefits

The benefit to which a plan participant is entitled is the benefit that can be provided by the employee contributions made, vested employer contribution, and income earned on investments. Upon service or disability, retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of their account, including earnings. The benefit will be paid in a lump-sum amount. Benefits are recorded when paid.

(j) Administration Expenses

All expenses of administration are paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the plan administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expense incurred. Any administration expense paid to the Plan as a reimbursement shall not be considered an employer contribution. The Employer elected to pay some administration expenses incurred in 2017.

(k) Net Assets of Withdrawing Participants

No participants had elected to withdraw from the Plan prior to December 31, 2017 that had not received distributions before year end.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(3) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(4) Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code. Accordingly, any investment income of the trust is exempt from income taxes. Since the Plan is established by adopting the Fidelity Basic Plan Document No. 02, a non-standardized prototype profit sharing 401(k) plan, a determination letter is not considered necessary. The Plan instead relies on the opinion letter dated March 31, 2014 issued by the Internal Revenue Service.

Although the Plan has been amended since receiving that opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax

positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. As of the date at which the financial statements were available to be issued, the plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

(5) Fair Value Measurements

The Plan measures investments in accordance with Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"). ASC 820 applies to all assets and liabilities that are being measured and reported on a fair value basis. As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices for similar assets or liabilities in active markets, observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs reflecting the reporting entity's own assumptions that are significant to the fair value measurements.

ASC 820 establishes a hierarchy which requires an entity to maximize the use of quoted market prices and minimizes the use of unobservable inputs. An asset or liability's level is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016:

- | | |
|--------------------------|---|
| Mutual funds: | Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. |
| Common collective trust: | Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. |

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth the Plan's investments that were measured at fair value on a recurring basis during the period, by level, within the fair value hierarchy as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 93,796,958	\$ -	\$ -	\$ 93,796,958
Total assets in the fair value hierarchy	93,796,958	-	-	93,796,958
Investments measured at NAV (a)	-	-	-	8,492,884
Investments at fair value	\$ 93,796,958	\$ -	\$ -	\$ 102,289,842

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 80,193,814	\$ -	\$ -	\$ 80,193,814
Total assets in the fair value hierarchy	80,193,814	-	-	80,193,814
Investments measured at NAV (a)	-	-	-	8,637,153
Investments at fair value	\$ 80,193,814	\$ -	\$ -	\$ 88,830,967

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

(6) Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no transfers into or out of Level 1.

(7) Party-in-Interest

The Plan invests in mutual funds managed by Fidelity Retirement Services Company, an affiliate of the Trustee. Fidelity Management Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rule.

(8) Information Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2017

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

(9) Nonexempt Transactions

The Plan did not have any nonexempt transactions to report in 2017 and 2016.

(10) Risks and Uncertainties

The Plan invests in various investment securities, including mutual funds and a common collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

(11) Fidelity Bonding Requirements

The Plan was covered by a \$5,000,000 fidelity bond during 2017 and 2016.

(12) Subsequent Events

The plan administrator has evaluated subsequent events through September 21, 2018, the date the financial statements were available to be issued. The plan administrator is not aware of any subsequent events that would require recognition or disclosure in the Plan's financial statements.
