**YEAR ENDED DECEMBER 31, 2017**

## **1. Description of Plan**

The following description of the RS Medical 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

### **General**

The Plan is a 401(k) defined contribution plan covering all employees of International Rehabilitative Sciences, Inc. (dba RS Medical) (the “Plan Sponsor”) and its wholly-owned subsidiary, Meagan Medical, Inc. (collectively, the “Companies”), who are not in an excluded employee group, have two months of service and are age 21 or older. The following employee groups are not covered under the Plan: union employees, non-resident aliens with no U.S. earned income, part-time temporary or seasonal employees who are not regularly scheduled to work 1,000 hours in a Plan year, leased employees and reclassified employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s administrative committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

### **Plan amendments**

During 2018, the Plan was amended and restated effective January 1, 2018. The amendment and restatement implemented an Eligible Automatic Contribution Arrangement (EACA) effective February 12, 2018. Under the EACA, newly-eligible participants and existing participants with deferral rates less than 6% of eligible compensation are automatically enrolled at 6% of eligible compensation. The EACA includes annual automatic escalations for all participants of 1% each year until participants reach 12% of eligible compensation. Participants can opt out of the EACA by filing a contrary election. The amendment did not have a material effect on the presentation or disclosure in the 2017 or 2016 financial statements.

### **Contributions**

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Companies may make discretionary matching contributions. For the year ended December 31, 2017, the Companies matched 50% of the first 3% of eligible gross wages contributed to the Plan by participants.

### **Participant accounts**

Each participant’s account is credited with the participant’s contribution and the Companies’ contributions, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in benefits derived from the Companies’ contributions and earnings thereon is based on years of service in accordance with a graduated scale. A participant is 100% vested after six years of credited service.

**YEAR ENDED DECEMBER 31, 2017**

**1. Description of Plan (continued)**

**Notes receivable from participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates of 2% above the prime rate as published in *USA Today*, which are commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest is paid ratably through regular payroll deductions. Effective February 1, 2015, new loans were eliminated from the Plan.

**Payment of benefits**

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent on the circumstances, participants may be able to elect lump sum payments.

**Forfeited accounts**

For the years ended December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately \$16,000 and \$9,000. Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions.

**2. Summary of significant accounting policies**

**Basis of accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are recorded as benefit payments based on the terms of the Plan agreement.

**YEAR ENDED DECEMBER 31, 2017**

**2. Summary of significant accounting policies (continued)**

**Payment of benefits**

Benefits are recorded when paid.

**Expenses**

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Subsequent events**

The Plan has evaluated subsequent events through October 2, 2018, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

**3. Certified Plan assets**

The financial information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank ("Charles Schwab"), in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**4. Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

**Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**YEAR ENDED DECEMBER 31, 2017**

**4. Fair value measurements (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2017 and 2016:

*Registered investment companies:* Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

*Common/collective trust:* A stable value fund, that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of a bank collective trust. The NAV, as provided by Union Bond & Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. At December 31, 2017 and 2016, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

**YEAR ENDED DECEMBER 31, 2017**

**4. Fair value measurements (continued)**

In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**5. Party-in-interest transactions**

Certain Plan investments are shares of registered investment companies managed by Charles Schwab. Purchases, sales and related fees incurred qualify as party-in-interest transactions.

Fees paid by the Plan to Charles Schwab for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. Certain recordkeeping fees are also paid through revenue sharing and are included in net appreciation in fair value of investments. Fees paid by the Plan for the recordkeeping, audit and investment management services that were not paid through revenue sharing amounted to approximately \$35,000 for the year ended December 31, 2017. The Companies pay directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**6. Plan termination**

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

**7. Tax status**

The Plan operates under a prototype plan agreement that received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which stated that the prototype plan agreement, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has been amended and restated since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
