For the years ended December 31, 2017 and 2016, the Company contributed 100% of the first 3% of the participant's elective deferral and 50% of the next 4% - 8% of the participant's elective deferral. Contributions are subject to certain limitations. Effective January 1, 2016, Package Pavement Company Inc. Profit Sharing and Asset Accumulation Plan and Trust amended the plan to include Roth deferrals and automatic enrollment at 3% with automatic escalation of 1% capped at 10%.

Participant Accounts
Participant accounts are credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings/(losses). Allocations are based on each participant's earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Notes Receivable from Participants
Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent of their vested account balance. Loan terms range from one to five years, with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent per annum. Principal and interest are paid ratably through payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer matching contributions is based on years of continuous service. The Plan's vesting terms for employer contributions are as follows:

Years of Vesting Service	Vested Percentage
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Thereafter	100%

Distributions
Upon termination, retirement or death, a participant receives a lump-sum amount equal to the value of his or her account. Upon termination, any non-vested portion of the account balance is forfeited.

The participant may elect to withdraw all or any part of the vested account, prior to termination of employment, if it is (1) an amount from the participant's rollover contribution or (2) an amount, in the event of hardship, from the participant's 401(k) elective deferral contribution (but none of the income earned on such contributions) or from discretionary contributions.

1. Plan Description (continued):

Forfeitures
Forfeitures in the amount of $14,056 and $5,464 were reallocated to participants as a discretionary matching and additional profit sharing contribution by the Company during 2017 and 2016, respectively. Forfeiture balances amounted to $29,328 and $14,731 as of December 31, 2017 and 2016, respectively.

Plan Termination
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their account balances.

Administration
The Plan is administered by the Company. Putnam Fiduciary Trust Company is the recordkeeper for the Plan and Great-West Life & Annuity Insurance Company of New York ("Great-West") is the trustee.

2. Summary of Significant Accounting Policies:

Basis of Accounting
The Plan uses the accrual method of accounting which recognizes income when it is earned and expenses as they are incurred.

Pervasiveness of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments sold during the year and held at year-end.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
All expenses of maintaining the Plan, to the extent that the Company does not pay such expenses, are paid by the Plan. Participant loan setup fees and distribution fees are deducted from the proceeds paid to the initiating participants.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is included in the balance. Delinquent loans are treated as distributions based upon the terms of the plan document.

Income Taxes
Effective August 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Putnam Fiduciary Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2017, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

2. Summary of Significant Accounting Policies (continued):

Risks and Uncertainties
The Plan utilizes various investment instruments which are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements. The Plan's investments are not insured or protected by the Plan's trustee. Accordingly, the Plan is subject to the normal investment risks associated with money market funds, mutual funds, stocks, bonds and other similar types of investments.

Subsequent Events
The date to which events occurring after December 31, 2017, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 18, 2018, which is the date on which the financial statements were available to be issued.

3. Information Certified by Trustee:
The following is a summary of the Plan's asset information as of and for the years ended December 31, 2017 and 2016, included throughout the Plan's financial statements and the supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule.

The following table presents the fair value of the assets in the Plan certified by Great-West.

As of December 31	2017	2016
Mutual Funds	$ 25,142,183	$ 20,308,921
Common Collective Trust	3,223,870	3,438,488
Total Certified Investments	28,366,053	23,747,409
Notes Receivable from Participants	565,379	467,251
Total Certified Plan Assets	$ 28,931,432	$ 24,214,660

Great-West also certified to the completeness and accuracy of $2,019,462 and $46,434 of net appreciation in fair value of investments and $1,983,785 and $1,095,152 of interest and dividends related to the aforementioned Plan Assets for the years ended December 31, 2017 and 2016, respectively.

4. Fair Value Measurements:
Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2: Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued):

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Value is based on the collective trust's underlying investments as based on information reported by the investment advisor using the financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as follows:

	December 31, 2017			
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual Funds	**$ 25,142,183**	**$ 25,142,183**	**$ -**	**$ -**
Common Collective Trust	**3,223,870**	**-**	**3,223,870**	**-**
	$ 28,366,053	**$ 25,142,183**	**$ 3,223,870**	**$ -**

	December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 20,308,921	$ 20,308,921	$ -	$ -
Common Collective Trust	3,438,488	-	3,438,488	-
	$ 23,747,409	$ 20,308,921	$ 3,438,488	$ -

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no significant transfers in or out of Level 3.

5. Related Party Transactions:

Certain Plan investments are managed by Putnam Fiduciary Trust Company, the recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to $68,515 and $56,456 for the years ended December 31, 2017 and 2016, respectively. These fees are offset by credits applied during 2017 and 2016 of $105,706 and $52,076, respectively.
