1. Description of Plan

The following description of the Diversified Service Options, Inc. dba GuideWell Source 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a Safe Harbor, defined contribution plan covering all employees of Diversified Service Options, Inc., dba GuideWell Source ("Employer" or "Company"), First Coast Service Options, Inc. ("FCSO"), Guidewell Allegiance, Inc., and, Novitas Solutions, Inc. ("Novitas") who are age eighteen or older and meet the eligibility requirements as outlined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Blue Cross and Blue Shield Association's ("BCBSA") National Employee Benefits Committee controls and manages the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee of the Plan (the "Trustee").

Contributions

Newly eligible and rehired employees are automatically enrolled in the Plan at a participant contribution rate of 3% unless they elect not to participate or to contribute at a different rate. Participants may contribute up to 50% of annual compensation on a pre-tax and/or after-tax Roth 401(k) contribution basis. Participants are also eligible to make additional pre-tax or after-tax Roth 401(k) catch-up contributions up to $6,000 if they are age 50 or older during the calendar year and reach the maximum employee contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will match 100% of the first 5% of eligible compensation that a participant contributes to the Plan (referred to as a "matching contribution").

Investment options

The Plan currently offers a diversified group of LifeCycle Funds (consisting of Fidelity Freedom K® Funds and Pyramis Index Lifecycle Funds), common collective trust funds, Core Investment Funds (consisting of individual stock, bond, and short-term investment funds), and a self-directed brokerage account entitled "Brokeragelink", which allows participants to purchase and sell mutual funds.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, any discretionary contribution, any non-elective contribution and investment earnings or losses, and charged with benefit payments and allocations of administrative expenses. Investment earnings or losses are based on the participant's account balances and their investment elections, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's matching contributions, any non-elective contributions paid to certain employees whose employer is subject to the federal Service Contract Act or Service Contract Labor Standards and actual earnings or losses thereon. Other discretionary contributions are fully vested after three years of service.

Notes receivable from participants

At the discretion of the Trustee, participants are permitted to borrow from the Plan. If approved, the interest rate charged for a loan will be equal to the prime rate published by Reuters on the last business day of the month plus one percent and applied to new loans beginning in the following month. No more than 50% of the participant's vested account balance can be considered by the Plan as collateral for the outstanding loan balance of all Plan loans made to a participant. The minimum loan permitted under the terms of the Plan is $1,000. The maximum amount of a participant's account balance that can be on loan at any given time is the lesser of $50,000 or 50% of the participant's vested interest. Loans used to acquire a principal residence may be repaid up to a maximum of thirty years. All other loans are required to be repaid within five years. At December 31, 2017, outstanding loans bore interest rates ranging from 4.25% to 5.25%. Principal and interest are paid ratably through payroll deductions. A participant may have no more than two loans outstanding.

Payment of benefits

On termination of employment, a participant may elect to receive a lump-sum, installment payments or partial payments equal to the value of the participant's vested account balance. The Plan allows a participant to take an in-service distribution for qualifying financial hardship. Active participants age 59-1/2 or over may request all or a portion of the full vested value of their program account, without having to prove financial hardship.

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $4,631 and $0, respectively. These accounts will be used to reduce future Company contributions. During 2017, no forfeitures were used.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

The Plan's investments are generally stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of investments which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest on notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through August 30, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurement

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2017 and 2016.The following is a description of the valuation methodologies used for assets measured at fair value:

Common and collective trust funds

A Common and Collective Trust Fund ("CCT") is a comingled pool of investments, not a mutual fund, with the objective of preserving principal while earning interest income. The fair values of the Plan's interest in the CCTs are based on the Net Asset Value ("NAV") reported by the fund manager as of the financial statement dates. The beneficial interest in the net assets of the trust is represented by units. Issues and redemption of units are recorded upon receipt of the unit holder's instructions in good order based on the next determined NAV per unit. NAV per unit is determined each business day.

One of the investment options offered by the Plan, the Wells Fargo Stable Value Fund E, is a common collective trust that is fully invested in Wells Fargo Stable Return Fund G, which is fully invested in contracts deemed to be fully benefit-responsive. A holding in this fund is considered an indirect investment in fully benefit responsive contracts, which should be measured at fair value. However, the NAV of this fund is measured at contract value and can be used to approximate the fair value as a practical expedient. The stable value CCT generally permits participant-directed withdrawals on any business day. The stable value CCT requires a 12-month notice for liquidation of the underlying assets in the case of any nonparticipant directed withdrawals. An example of a nonparticipant directed withdrawal is if the sponsor decided to change trustees. There are no unfunded commitments to the stable value CCT. The Plan's participants are permitted to redeem investment units at NAV on any business day.

Registered investment companies (mutual funds), including brokerage accounts
These investments are public investment vehicles valued using the NAV provided by the administrator of the fund and calculated daily at the close of business. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy. The mutual funds can be redeemed on any business day and there are no unfunded commitments to these mutual funds.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017 and 2016.

	Assets at Fair Value as of December 31, 2017

(a) In accordance with ASU Topic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the year ended December 31, 2017.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2017	2016
Investments	**$ 134,959,784**	$ 111,664,692
Notes receivable from participants	**$ 6,660,636**	$ 5,865,045
Net appreciation in fair value of investments	**$ 15,101,187**	
Interest and dividends	**$ 4,710,600**	
Interest income on notes receivable from participants	**$ 269,127**	

5. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee for were $209,802 for the year ended December 31, 2017.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

7. Tax Status

The Plan has obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The letter was received in January 2017 for the Plan (which at the time was sponsored by First Coast Service Options, a subsidiary of Diversified Service Options, Inc. dba GuideWell Source ("GuideWell Source"). GuideWell Source, the parent company, assumed sponsorship of the Plan in May 2017, but otherwise the Plan and its operation did not change. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

9. Non-Exempt Party-in-Interest Transaction

During the 2017 plan year, there were unintentional delays by the Company in submitting participant contributions in the amount of $432.13 to the trustee. These delinquent contributions constitute prohibited transactions and the Company has made contributions to the affected participants' accounts to compensate those participants an aggregate of approximately $6 for potential lost income due to the delays.

Schedule H, Line 4(l) – Has the plan failed to provide any benefit when due under the plan?

No. For administrative purposes, we do not consider delays in payment of a participant's benefit (including administrative mistakes and delayed payments) as a failure to pay a benefit when due. Further, in reliance on an IRS clarification of the intent of this question, we do not consider benefits payable to missing participants to be a failure to pay a benefit when due because of the diligence of our efforts to locate missing participants.
