1. DESCRIPTION OF PLAN

The following description of the Ewing Automotive Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participants of the Plan are eligible employees of Ewing Buick-Plano LP, Autohaus LLC, E A Group, Ewing Arlington LLC, Ewing Alfa Romeo Fiat Hurst, and Ewing Alfa Romeo Fiat of FW (the "Companies").

General

The Plan is a defined contribution plan established by the Companies under the provision of Section 401(a) of the Internal Revenue Code (the "IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC for the benefit of eligible employees of the Companies.

The Plan covers substantially all employees of the Companies who have completed 60 days of service, as defined, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Companies (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, Prudential Retirement Insurance and Annuity Company, is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation as defined in the Plan, subject to the maximum contribution allowed under the limits of IRC §401(k), §402(g), §404 and §415. The Plan permits pre-tax deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employees who have completed 60 days of service, as defined, are eligible for the employer contributions, provided they are at least 21 years of age. These contributions are subject to certain limitations. During the years ending December 31, 2017 and 2016, the Companies made pretax matching contributions for each participant not to exceed 10 percent of the first 6 percent of a participant's compensation, as defined. The Companies may also contribute a discretionary profit sharing contribution to the Plan at the option of the Companies' board of directors.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions, rollover contributions and the earnings received on those contributions. Vesting in the Company's contribution portion of their accounts and the earnings thereon is based upon vesting years of service with the Companies, as defined in the Plan. A participant is 100 percent vested after six years of credited service. Participants who leave the Companies before they are vested in the Companies' contributions forfeit their non-vested portion. Forfeited non-vested accounts are used to pay administrative expenses or to reduce future employer matching contributions.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Trustee, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of 50 percent of their vested balance less any outstanding loans or $50,000 reduced by the excess, if any, of the highest amount of loans outstanding within the previous twelve-month period over the balance of loans outstanding on the date the loan is made, whichever is less. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loans are secured by the balance in the Participant's account and bear interest ranging from 3.25 to 4.25 percent, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. Upon termination of employment, the Plan will make a mandatory distribution if the participant's account balance is less than $5,000. In addition, in-service and hardship distributions are permitted if certain criteria are met. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $1 and $245 respectively. Forfeitures of terminated participant's non-vested accounts are applied to Plan expenses, allocated as additional discretionary non-elective contributions, or allocated as additional discretionary matching contributions. Plan administrative expenses of $8,313 and $9,174 were paid from forfeited non-vested accounts during the years ended December 31, 2017 and 2016, respectively.

Expense Offset Arrangements

Certain fees incurred by the Plan for investment management services and recordkeeping are paid to vendors indirectly through revenue sharing arrangements with the Plan's fund providers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is as follows:

Method of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Companies for these expenses. Benefits are recorded when paid.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document, and taxable to the participant.

Investment Valuation and Income Recognition

Investments are stated at fair value, with the exception of the fully benefit-responsive investments. Changes in market value are reflected in operations. Mutual funds and guaranteed income accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Interest and other income are recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade-date basis. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the period and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution attributed to a fully benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the investment contracts on a contract value basis.

The Prudential Guaranteed Income Fund ("GIF") is a group annuity insurance contract issued by Prudential Retirement Insurance and Annuity Company ("PRIAC'') and is backed by the full faith and creditworthiness of the issuer. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The GIF is a traditional guaranteed investment contract ("GIC") and deemed to be fully benefit-responsive. Since the GIF is fully benefit-responsive, contract value is the relevant measurement. Contract value, as reported by PRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid with 90 days' notice or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either with 90 days' notice or over time.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The net interest crediting rate under the contract was 1.05% as of December 31, 2017 and 2016.

Risks and Uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding charge to corrective distributions and are reflected in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits as of and for the years ended December 31, 2017 and 2016. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 30, 2018.

3. FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* (formally FASB Statement No. 157), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2017 and 2016, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at other than fair value.

Insurance company general account funds: Valued at contract value as estimated by Prudential Retirement Insurance and Annuity Company. Contract value is based upon a cost approach, which is equal to deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan.

3. FAIR VALUE OF INVESTMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,034,887	$ -	$ -	$ 10,034,887
Total investments at fair value	$ 10,034,887	$ -	$ -	$ 10,034,887

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,669,292	$ -	$ -	$ 7,669,292
Total investments at fair value	$ 7,669,292	$ -	$ -	$ 7,669,292

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate as of and for the years ended December 31:

	2017	2016
Investments:		
Mutual funds	$ 10,034,887	$ 7,669,292
Insurance company general account funds	2,414,333	2,154,506
Total investments	12,449,220	9,823,798
Notes receivable from participants	374,506	343,258
	$ 12,823,726	$ 10,167,056
Investment income:		
Net appreciation in fair value of investments	$ 1,726,021	$ 498,282
Interest and dividends	116,787	107,141
	$ 1,842,808	$ 605,423

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

5. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are due at various dates through June 2027. Payments include interest at a reasonable and fair rate based on the prevailing rates charged by reputable financial institutions. The notes are collateralized by the participant's vested interest in the Plan. Notes receivable from participants are held at amortized cost which approximates fair value.

Participant loans earned interest of $12,975 and $10,722 for the years ended December 31, 2017 and 2016, respectively, and is included in the Statements of Changes in Net Assets Available for Benefits.

6. REPORTABLE TRANSACTIONS

During the years ended December 31, 2017 and 2016, there were no reportable transactions, no investments both acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

7. PROHIBITED TRANSACTIONS

During the year ended December 31, 2016, the Companies inadvertently failed to deposit $485 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions. No such prohibited transactions occurred during the year ended December 31, 2017.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of the Trustee and the third-party administrator and therefore, these transactions qualify as party-in-interest transactions. Such transactions under ERISA regulations are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. Upon termination, all participants would become 100 percent vested in their account balances and all benefits would be distributed to participants.

10. INCOME TAX STATUS

The Companies have adopted the Prudential Insurance Company of America Defined Contribution Prototype Plan. The Internal Revenue Service has issued an opinion letter dated April 29, 2014 stating that the prototype plan is acceptable under Section 401(a) of the IRC. The Companies are relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan was amended June 1, 2015, to bring the Plan into Compliance with the Pension Protection Act of 2006, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.
