1. Description of Plan

The following description of Mint Dentistry 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, the Company has considered events through September 28, 2018, the date these financial statements were available to be issued.

General - The Plan is a defined contribution profit sharing plan adopted as of January 1, 2017 by companies affiliated with Mint Dentistry, PLLC (the "Company"). The Plan began accepting contributions as of May 1, 2017. All employees of the Company, who are 21 years of age or older and have completed 12 months of service are automatically enrolled into The Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and is defined by Section 401(k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31. Participants are eligible to enter the Plan on the first day of each quarter with the Company provided that they are at least 21 years of age and completed 12 months of service.

Contributions - Participants may contribute up to a maximum amount determined by the Federal Government each year. For 2017, the maximum contribution was $18,000. Additionally, participants who have attained age 50 before the end of the year may make a catch-up contribution of $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the election of the Management, discretionary contributions and/or matching contributions. The Company elected not to contribute for the year ended December 31, 2017. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees - The Company absorbs certain costs of the Plan other than the fees charged by the Custodian.

1. Description of Plan (continued)

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions in any of several investment mutual fund options.

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeitures - Forfeitures result when participants terminate employment before becoming entitled to their full benefits under the Plan. The forfeited amounts may be used to supplement the Company's matching and discretionary contributions or Plan expenses. There were no forfeiture balances outstanding as of December 31, 2017.

2. Summary of the Accounting Policies

Basis of Presentation - The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation - The Plan's investments are stated at fair value and are based on closing market prices as certified by Ascensus Trust Company.

2. Summary of the Accounting Policies (continued)

Risks and Uncertainties - The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan does not obtain or require collateral for these investment securities.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

3. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan as the ability to access.

Level 2 – Inputs to the valuation methodology include

1) Quoted prices for similar assets and liabilities in active markets
2) Quoted prices for identical or similar assets or liabilities in inactive markets
3) Inputs other than quoted prices that are observable for the asset or liability
4) Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable input

3. Fair Value Measurements (continued)

Level 1 Fair Market Measurements – The fair value of mutual funds, $209,316 at December 31, 2017, is based on quoted net asset values of the shares held by the Plan at year-end. All of the Plan's investments at fair value are measured using Level 1 inputs.

4. Information Prepared and Certified by Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2017
Investments, at fair value	$ 209,316
Total investment income	21,450

5. Income Taxes

The Company adopted a Universal Pension, Inc. prototype defined contribution plan. The prototype plan received an opinion letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has not obtained a determination letter for the Plan subsequent to its initiation; however, the Company believes the Plan continues to operate in accordance with the requirements set forth in the Internal Revenue Code.

6. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, trustee, custodian and third party administrator qualify as party-in-interest transactions.

The Plan invests in certain funds managed by the plan trustee which qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.
