REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Clune Construction Company
401(k) Retirement Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of Clune Construction Company 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The

Plan administrator obtained certifications from this entity as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in note C, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - GENERAL DESCRIPTION OF PLAN

General

The following brief description of the Clune Construction Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of Clune Construction Company (the Company). All permanent employees are eligible to participate in the Plan with initial eligibility as defined under the Plan. The Plan conforms to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Company. The committee of the Plan appointed Bank of America N.A. (Bank of America) as the Plan's record keeper and trustee.

Contributions

The Plan is designated as a qualified cash-deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code) and provides for the following participant contributions, which are to be maintained in separate accounts:

Participant Pretax Contributions - Contributions made at the direction of the participating employee and which amounts are withheld from the employee's compensation (and are excluded from the employee's reportable wages for the year), and are to be remitted to the trustee of the Plan. Such contributions, as defined in the Plan, may be made up to the maximum amount allowed by the Code.

Participant Roth Contributions - Contributions made at the direction of the participating employee and which amounts are withheld from the employee's compensation (and are subject to federal income taxes in the year of deferral), and are to be remitted to the trustee of the Plan. Such contributions, as defined in the Plan, may be make up to the maximum amount allowed by the Code.

Participant Rollover Contribution - To be made by the participant from amounts received from any other qualified plans, subject to the provision of applicable tax law.

The Plan provides for employer matching contributions to eligible participants. The matching percentage for the year ended December 31, 2017, was 50% of the first 6% of participant contributions. Matching contributions are invested in the same options as participant contributions at the participant's discretion.

Each participant may elect the percentages of the employee, rollover and employer matching contributions that are to be invested in each of the investment funds. Investment allocations may be made daily as allowed by the trustee.

Participant Accounts

Investment income or loss, including any adjustment for net appreciation or depreciation, is allocated daily to each investment fund held within each participant account. Each participant account is also charged with an allocation of administrative expenses, which are allocated ratably, based on participant account balances, as

defined. Certain expenses, such as loan setup fees, are charged to the specific participant's account to which the expense applies.

Vesting

Participants are immediately vested to the full extent of the employee, rollover and employer matching contributions and earnings thereon in their accounts, at all times.

Forfeitures

Forfeitures are generated from excess matching contributions if identified by discrimination testing. They are used to reduce employer contributions. There were $499 in forfeitures used to reduce employer contributions during 2017. At December 31, 2017 and 2016, forfeited accounts totaled $7,278 and $6,691, respectively.

Notes Receivable from Participants

The Plan permits participants to borrow against their respective account balances at an interest rate defined by the plan document as the prime rate plus 1%, over a term not to exceed five years (10 years if the funds are used to purchase a primary residence). Borrowings are a minimum of $1,000 and limited to the lesser of $50,000, or 50% of the participant's account balance. Principal and interest are paid ratably through bimonthly payroll deductions.

Loans are secured by the participant's account balance. Interest on participant loans is included in interest income and dividends on the statement of changes in net assets available for benefits.

Payment of Benefits

Distributions from the Plan of account balances are made to participants or their beneficiaries upon death, severance of employment or under a grant of financial hardship (as defined) in a single lump sum. Distributions are subject to the applicable provisions of the Plan agreement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value if the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain transactional fees are charged to the Plan in accordance with Plan provisions. All other expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.

- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Code Topic 820 (ASC 820), *Fair Value Measurement and Disclosures*, defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds - Valued using active quoted market prices of shares held by the Plan at year-end.

Investment measured at net asset value (NAV) - The collective trust is valued at the NAV of shares held by the Plan at year-end based on information reported by the trustee. The NAV, used as practical expedient to estimate fair value, is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$19,652,169	$ -	$ -	$19,652,169
Total assets in the fair value hierarchy	$19,652,169	$ -	$ -	19,652,169
Investment measured at NAV				1,161,645
Investments at fair value				$20,813,814

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$14,593,813	$ -	$ -	$14,593,813
Total assets in the fair value hierarchy	$14,593,813	$ -	$ -	14,593,813
Investment measured at NAV				1,137,631
Investments at fair value				$15,731,444

NOTE E - TAX STATUS

The Plan is a Merrill Lynch Non-standardized Prototype Defined Contribution Plan and Trust (Prototype Plan) sponsored by Bank of America Merrill Lynch and adopted by the Company. The Prototype Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be

taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - TRANSACTIONS WITH RELATED PARTY AND PARTIES-IN-INTEREST

Participant loans qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. Neither the Company nor its employees receive compensation from the Plan.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated the Plan's December 31, 2017 financial statements for subsequent events through August 20, 2018, the date at which the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Clune Construction Company
401(k) Retirement Plan

Report on the financial statements

We were engaged to audit the accompanying financial statements of Clune Construction Company 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The

Plan administrator obtained certifications from this entity as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in note C, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - GENERAL DESCRIPTION OF PLAN

General

The following brief description of the Clune Construction Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of Clune Construction Company (the Company). All permanent employees are eligible to participate in the Plan with initial eligibility as defined under the Plan. The Plan conforms to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by the Company. The committee of the Plan appointed Bank of America N.A. (Bank of America) as the Plan's record keeper and trustee.

Contributions

The Plan is designated as a qualified cash-deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code) and provides for the following participant contributions, which are to be maintained in separate accounts:

Participant Pretax Contributions - Contributions made at the direction of the participating employee and which amounts are withheld from the employee's compensation (and are excluded from the employee's reportable wages for the year), and are to be remitted to the trustee of the Plan. Such contributions, as defined in the Plan, may be made up to the maximum amount allowed by the Code.

Participant Roth Contributions - Contributions made at the direction of the participating employee and which amounts are withheld from the employee's compensation (and are subject to federal income taxes in the year of deferral), and are to be remitted to the trustee of the Plan. Such contributions, as defined in the Plan, may be make up to the maximum amount allowed by the Code.

Participant Rollover Contribution - To be made by the participant from amounts received from any other qualified plans, subject to the provision of applicable tax law.

The Plan provides for employer matching contributions to eligible participants. The matching percentage for the year ended December 31, 2017, was 50% of the first 6% of participant contributions. Matching contributions are invested in the same options as participant contributions at the participant's discretion.

Each participant may elect the percentages of the employee, rollover and employer matching contributions that are to be invested in each of the investment funds. Investment allocations may be made daily as allowed by the trustee.

Participant Accounts

Investment income or loss, including any adjustment for net appreciation or depreciation, is allocated daily to each investment fund held within each participant account. Each participant account is also charged with an allocation of administrative expenses, which are allocated ratably, based on participant account balances, as

defined. Certain expenses, such as loan setup fees, are charged to the specific participant's account to which the expense applies.

Vesting

Participants are immediately vested to the full extent of the employee, rollover and employer matching contributions and earnings thereon in their accounts, at all times.

Forfeitures

Forfeitures are generated from excess matching contributions if identified by discrimination testing. They are used to reduce employer contributions. There were $499 in forfeitures used to reduce employer contributions during 2017. At December 31, 2017 and 2016, forfeited accounts totaled $7,278 and $6,691, respectively.

Notes Receivable from Participants

The Plan permits participants to borrow against their respective account balances at an interest rate defined by the plan document as the prime rate plus 1%, over a term not to exceed five years (10 years if the funds are used to purchase a primary residence). Borrowings are a minimum of $1,000 and limited to the lesser of $50,000, or 50% of the participant's account balance. Principal and interest are paid ratably through bimonthly payroll deductions.

Loans are secured by the participant's account balance. Interest on participant loans is included in interest income and dividends on the statement of changes in net assets available for benefits.

Payment of Benefits

Distributions from the Plan of account balances are made to participants or their beneficiaries upon death, severance of employment or under a grant of financial hardship (as defined) in a single lump sum. Distributions are subject to the applicable provisions of the Plan agreement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value if the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain transactional fees are charged to the Plan in accordance with Plan provisions. All other expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.

- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Code Topic 820 (ASC 820), *Fair Value Measurement and Disclosures*, defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. That framework provides a fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds - Valued using active quoted market prices of shares held by the Plan at year-end.

Investment measured at net asset value (NAV) - The collective trust is valued at the NAV of shares held by the Plan at year-end based on information reported by the trustee. The NAV, used as practical expedient to estimate fair value, is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$19,652,169	$ -	$ -	$19,652,169
Total assets in the fair value hierarchy	$19,652,169	$ -	$ -	19,652,169
Investment measured at NAV				1,161,645
Investments at fair value				$20,813,814

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$14,593,813	$ -	$ -	$14,593,813
Total assets in the fair value hierarchy	$14,593,813	$ -	$ -	14,593,813
Investment measured at NAV				1,137,631
Investments at fair value				$15,731,444

NOTE E - TAX STATUS

The Plan is a Merrill Lynch Non-standardized Prototype Defined Contribution Plan and Trust (Prototype Plan) sponsored by Bank of America Merrill Lynch and adopted by the Company. The Prototype Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be

taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - TRANSACTIONS WITH RELATED PARTY AND PARTIES-IN-INTEREST

Participant loans qualify as party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. Neither the Company nor its employees receive compensation from the Plan.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

Plan management evaluated the Plan's December 31, 2017 financial statements for subsequent events through August 20, 2018, the date at which the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
