NOTE 1 - Description of the Plan

The following description of the USMD Holdings, Inc. 401(k) Plan (“the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except as defined in the Plan document, of USMD Holdings, Inc. (“the Company”) who have at least six months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Company is the plan sponsor. Effective April 4, 2017, the Company delegated its responsibilities as the (“Plan Administrator”) of the Plan to the UnitedHealth Group Employee Benefits Plans Administrative Committee, which is responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans (“Investment Committee”) determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of annual compensation up to the maximum dollar amount permissible under the Internal Revenue Code (“the Code”). Elective contributions include pre-tax deferrals, Roth deferrals and rollover contributions. Participants are automatically enrolled in the Plan as soon as they meet the eligibility requirements at a pretax deferral rate of 3%, unless they decline to participate or elect a different pre-tax and/or Roth contribution rate. The Plan provides for automatic pre-tax contribution rate increases of 1% per year until the pre-tax contribution rate reaches 10%. Participants exclusively deferring on a Roth basis are not automatically increased. Participants are notified of the automatic rate increases in advance and have the opportunity to decline the automatic increase or establish a different automatic increase schedule and amount. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company makes a safe harbor non-elective contribution equal to 3% of eligible compensation, as defined in the Plan document. The Company may also make discretionary matching contributions. The Company did not elect to make a discretionary matching contribution for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's salary deferrals, rollover contributions, safe harbor non-elective contributions, an allocation of the Company's discretionary matching contribution, if any, and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. The Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them. In the event a participant does not make an investment election, contributions are invested in a designated balanced fund.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Safe harbor non-elective contributions are 100% vested after 2 years. Discretionary matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Service	Vesting
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Notwithstanding the vesting schedule above, safe harbor non-elective contributions and employer discretionary profit sharing contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, attainment of normal retirement age (age 59 ½), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited nonvested accounts totaled $5,026 and $6,102, respectively. During the year ended December 31, 2017, employer contributions were reduced by $131,549 from forfeiture accounts. Forfeitures can be used to reduce future employer contributions or to pay certain administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, age 59 ½, qualifying military duty, deemed severance or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or ad-hoc distributions. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan document.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2017 and 2016.

Notes Receivable From Participants

Participants may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at local prevailing rates as determined by the Plan Administrator (Prime +1%). Loans must be repaid within 5 years, unless the proceeds are used to purchase a primary residence, in which case the loans may be repaid within a period of no more than 10 years. Principal and interest are paid ratably through payroll deductions. Participants may only have one outstanding loan at a time.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly Prudential Bank & Trust, F.S.B and Prudential Retirement Insurance and Annuity Company, ("the Trustees"), have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("the SEC"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2017			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 100,303,987	$ 100,303,987	$ -	$ -
Pooled Separate Accounts	1,870,362	-	1,870,362	-
Total assets in the fair value hierarchy	$ 102,174,349	$ 100,303,987	$ 1,870,362	$ -

	December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual Funds	$ 89,937,056	$ 89,937,056	$ -	$ -
Pooled Separate Accounts	1,999,799	-	1,999,799	-
Total assets in the fair value hierarchy	$ 91,936,855	$ 89,937,056	$ 1,999,799	$ -

NOTE 5 – Fully Benefit-Responsive Investment Contracts

The Plan provides a guaranteed income fund to participants through an evergreen group annuity contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and expenses.

The contract issuer guarantees that all qualified participant withdrawals will be at contract value and that the crediting rate applied will not be less than 1.5%. Cash flow volatility (for example, timing of the benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Crediting rates are typically reset semi-annually to account for the difference between the contract value and the fair value of the underlying portfolio.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the contract issuer's ability to meet its financial obligations. The contract issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no events that limit the ability of the Plan to transact at contract value with the contract issuer. However, certain events, which are not in the ordinary course of the Plan operations, may defer the distribution of assets. These events include the following:

- A transfer that exceeds 10% of the guaranteed income fund pool (the issuer "pools" assets with other similar contracts)
- Termination of the contract agreement
- The closing or restrictions of the New York Stock Exchange for other than customary closings
- An emergency which makes disposal of the underlying assets of the fund by the issuer not reasonably practical
- The SEC orders a deferral through rules and regulations

No events are probable of occurring that might limit the ability of the Plan to transact on timely basis with the contract issuer and that also would limit the ability of the Plan to transact on a timely basis at contract value with the participants.

NOTE 6 – Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 7 – Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. The Plan invests in a fund managed by an affiliate of the Trustee. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 9 - Tax Status

The Plan uses a prototype plan document sponsored by the Prudential Insurance Company of America, which received an opinion letter from the Internal Revenue Service (IRS) dated April 29, 2014, which states the prototype document satisfies the applicable provisions of the Code. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2017, the Plan had investments of $56,628,988 concentrated in three mutual funds and the Guaranteed Income Fund. As of December 31, 2016, the Plan had investments of $40,506,699 concentrated in two mutual funds and the Guaranteed Income Fund.

NOTE 11 – Delinquent Participant Contributions

For the year ended December 31, 2017, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions totaled $72,852. The Company will compensate participants for lost earnings resulting from the delay in contributions.
