PILGRIM QUALITY SOLUTIONS, INC. 401(k) PLAN

Notes to Financial Statements

March 22, 2018 and December 31, 2017

Note 1 - Description of plan:

The following description of the Pilgrim Quality Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Pilgrim Quality Solutions, Inc. (the Company) who have completed at least one month of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The board of directors of the Company voted to terminate the Plan, which was effective December 29, 2017, at which point all participants became 100% vested. Participants were given the option to receive a distribution of their account through a lump-sum payment, individual retirement account rollover, Roth 401(k) account rollover, or direct transfer to another qualified plan. All net assets were distributed by March 22, 2018 (date of liquidation).

Contributions

Prior to Plan termination, participants could contribute up to 100% of their compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and could make Roth contributions. The Company could make discretionary matching contributions equal to a certain percentage of a participant's compensation up to \$2,000 per participant or could make discretionary profit sharing contributions to qualifying participants. However, no participant or Company contributions were made during the period ended March 22, 2018 (date of liquidation) due to plan termination.

Investment options

Prior to Plan termination, participants directed the investment of their contributions into various investments offered by the Plan. Participants could invest in various funds, each with different risk exposure and return potential and could change their investment options daily.

Notes to Financial Statements - Continued

March 22, 2018 and December 31, 2017

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions (of which there were none in 2018) and Company matching contributions, as well as allocations of any profit sharing contributions (of which there were none in 2018) and Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and forfeitures

Participants were 100% vested in their contributions plus actual earnings thereon and upon Plan termination, all participants were 100% vested in Company contributions and earnings thereon.

At March 22, 2018 and December 31, 2017, forfeited, non-vested accounts totaled \$0.

Payment of benefits

On termination of service due to death, disability or retirement, a participant or their beneficiary, as applicable, could elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or partial withdrawal as provided by the Plan.

For termination of service due to other reasons, and if the vested account balance exceeded \$5,000, a participant could elect to receive a lump sum distribution or to remain in the Plan. If the vested account balance was less than \$5,000, the plan administrator would distribute the participant's entire vested account balance as a lump-sum distribution as soon as administratively feasible.

Upon termination of the Plan, all participants were given the option to receive a distribution of their account through a lump-sum payment, individual retirement account rollover, Roth 401(k) account rollover, or direct transfer to another qualified plan.

Notes to Financial Statements - Continued

March 22, 2018 and December 31, 2017

Note 1 - Description of plan - continued:

Notes receivable from participants

Prior to Plan termination, participants could borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their total vested balances. Note terms were for a period not exceeding five years unless they were for the purchase of a principal residence, in which case the note repayment period could be longer. Notes were secured by the balance in the participant's account and bore interest at an agreed-upon rate based on prevailing market rates. Prior to the termination of the Plan, principal and interest was paid ratably through payroll deductions. Participants were allowed one outstanding note. Upon termination of the Plan, participants were given the option to repay the outstanding notes or to receive such amounts as a distribution.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative costs. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

In 2017, the board of directors voted to terminate the Plan and as a result investments are reported at liquidation value on the accompanying statements of net assets available for benefits - liquidation basis. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 7 for information regarding liquidation value of the Plan's guaranteed interest account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

In the accompanying 2017 statement of net assets available for benefits - liquidation basis, notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2017.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

Prior to Plan liquidation, the Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits - liquidation basis.

Subsequent events

The Plan has evaluated subsequent events through August 20, 2018, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of March 22, 2018, have been incorporated into these financial statements.

Note 3 - Investments and information certified by the trustee:

Reliance Trust Company (Reliance) was the trustee for the Plan from January 1, 2018 through March 22, 2018 (date of liquidation) and as of and for the year ended December 31, 2017. The trustee held the Plan's investment assets and executed investment transactions. Certain information disclosed in the accompanying financial statements, including investments and notes receivable held at December 31, 2017, and net appreciation in fair value of investments, and interest and dividends for the period ended March 22, 2018 (date of liquidation), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

Note 4 - Related-party transactions:

Certain Plan investments were in shares of mutual funds and a guaranteed interest account managed by an affiliate of the trustee of the Plan. Reliance was the trustee for the Plan at March 22, 2018 (date of liquidation) and December 31, 2017, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules. The Plan's administrative expenses were paid in part by the Plan and in part by the Company, as provided by the Plan document. In addition, certain administrative functions were performed by employees of the Company. No such employee received compensation from the Plan.

Note 5 - Plan termination:

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The board of directors of the Company voted to terminate the Plan in 2017, at which time contributions ceased and participants became 100% vested in their accounts. The Plan's net assets were fully liquidated on March 22, 2018.

Note 6 - Tax status:

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that, as of March 22, 2018 (date of liquidation) there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Fully benefit-responsive investment contracts:

Prior to Plan liquidation, the Plan offered a guaranteed interest account through a group annuity contract. The objective of this fund was to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. The fixed account was invested in the general asset account of Massachusetts Mutual Life Insurance Company (Mass Mutual) and was guaranteed by their claims paying ability. Mass Mutual credited the guaranteed account value with interest at a rate declared each calendar quarter, but not less than the minimum interest rate as specified in the contract. The contract had certain restrictions that impacted the participants' ability to collect the full contract value. The agreement did not allow transfers and surrenders from the guaranteed account if the transactions in any 12-month period exceeded one-sixth of the fixed account values under the agreement as of the most recent month-end value from one year prior, unless Mass Mutual consented.

Note 7 - Fully benefit-responsive investment contracts - continued:

Because the guaranteed interest account was fully benefit-responsive, prior to the decision to terminate the plan, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Upon the decision to terminate the Plan, the Company elected the lump-sum payment option of the guaranteed interest account by which Mass Mutual applied a 96.752% liquidation factor against the contract value. The guaranteed interest account was presented at liquidation value, which is net of the liquidation factor, on the accompanying 2017 statement of net assets available for benefits - liquidation basis.
