Note 1. Description of Plan

The following description of the Lasership 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, covering substantially all employees of Lasership, Inc.; Laser Courier, LLC; Laser Courier of Maryland, LLC; Mahmoud, LLC; e-Laser, LLC; Prestige Delivery Systems, Inc. and DAATA Management, Inc. (the Companies) who have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustees are responsible for oversight of the Plan. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions - Participants may contribute up to the maximum amount allowed by law of their pretax annual compensation and post-tax compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct their contributions and the Companies' contributions into various investment options offered by the Plan. The Companies may make matching contributions equal to a discretionary percentage of a participant's deferral. For the years ended December 31, 2017 and 2016 the employer match was 25% of the first 5% of base compensation that a participant contributed. The Plan has a one-year service requirement for matching contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specified participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus earnings or minus losses thereon. Vesting in the Companies contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. Upon death or total and permanent disability, a participant becomes 100% vested.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Note 1. Description of Plan (continued)

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period determined by the participant's life expectancy, or partial withdrawals provided the minimum is $5,000. If the total value of a participant's vested account balance is $5,000 or less, the Plan Administrator may require a distribution of the entire account balance in a lump sum. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts - Forfeited nonvested accounts totaled $11,369 and $9,333 at December 31, 2017 and 2016, respectively. These accounts can be used to pay administrative expenses or reduce employer contributions. Any remaining forfeitures are allocated to participants as an additional discretionary employer contribution. During the year ended December 31, 2017, $5,599 of forfeitures were used to offset employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. At December 31, 2017 and 2016 an allowance for loan losses of $51,774 and $56,138 has been recorded respectively.

Note 2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts permitted by the IRS are recorded as a liability with a corresponding increase to corrective distributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits - Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through September 4, 2018 the date the financial statements were available to be issued.

Note 3.

Investments

During 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,623,488 as follows:

Mutual funds	$ 1,622,884
Investment contract	604
	$ 1,623,488

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest fund: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Note 4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at December 31, 2017			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$12,245,636	$ -	$ -	$12,245,636
Guaranteed interest fund	-	554,789	-	554,789
	$12,245,636	$ 554,789	$ -	$12,800,425

	Fair Value Measurements at December 31, 2016			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 9,523,798	$ -	$ -	$ 9,523,798
Guaranteed interest fund	-	741,593	-	741,593
	$ 9,523,798	$ 741,593	$ -	$10,265,391

Note 5. Information Prepared and Certified by Custodian

The following information included in the Statements of Net Assets Available for Benefits and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Custodian:

	December 31,	
	2017	2016
Investments	$12,800,425	$ 10,265,391
Cash	11,369	9,333
Notes receivables from participants	144,920	195,118

The following information included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017 was obtained from data that has been prepared and certified as complete and accurate by the Custodians:

Net appreciation	$ 1,623,488
Interest and dividends	321,187
Interest income on notes receivable from participants	6,878

Note 6. Party in Interest Transactions

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Usual and customary fees were paid for the investment management services.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

Note 8. Tax Status

The Plan sponsor adopted a prototype plan that obtained a determination letter, dated March 31, 2014. The determination letter stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since the date of this determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Excess Contribution Payables

At December 31, 2017 and 2016, liabilities of $139,346 and $99,965, respectively, are recorded for amounts refundable by the plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
