WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

1. Description of plan:

The following description of the Walbro Engine Management, LLC Employees' Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 2000, and has been amended several times since that date.

General:

The Sponsor of the Plan is Walbro, LLC (formerly Walbro Engine Management, LLC) (Sponsor).

The Plan is a defined contribution retirement plan covering substantially all full-time employees of Walbro, LLC who are scheduled to complete 1,000 hours of service in the twelve month period following their hire date. Employees represented in collective bargaining by a union are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer up to 60% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Upon satisfying eligibility requirements, participants who do not affirmatively elect otherwise are automatically enrolled in the Plan with a deferral rate of 6%. Participants are also able to designate salary deferrals as Roth deferrals. The Plan also permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

The employer may make a matching contribution equal to a percentage of the participants' elective deferral, up to 4% of the participant's eligible compensation. The employer will also make a safe harbor profit sharing contribution equal to 3% of the participants' eligible compensation. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, actual earnings thereon, allocations of the employer's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

1. Description of plan (continued):

Vesting:

Participants are immediately vested in their elective deferral contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's matching contribution portion of the participants' accounts plus actual earnings thereon is based on years of credited service. Participants vest 100% upon the completion of their third year of credited service or upon attaining their normal retirement date. The Plan defines a year of credited service to be a twelve consecutive month period commencing with the participant's hire date. The Plan also includes a safe harbor provision whereby participants are immediately 100% vested in the non-elective annual profit sharing contribution. Upon death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any whole percentage increments into any of several different investment options. Participants may change their investment options at any time.

Participant loans:

The Plan allows for participants to obtain loans from the Plan. A loan cannot exceed 50% of the vested portion of the participant's account, must be a minimum of \$1,000, and cannot exceed \$50,000. With limited exceptions as defined in the plan documents, all loans must be repaid within five years and will provide for the repayment of interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, or disability, the entire outstanding principal and accrued interest shall be immediately due and payable. Upon termination of employment, the loan shall continue to be payable in accordance with the provisions of the loan note. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participant loans are included in the statements of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to death, disability, retirement or other reason, a participant whose vested account balance exceeds \$5,000 may elect to receive a lump-sum amount payment equal to the value of their account balance. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. The Plan requires mandatory distributions under the Plan in excess of \$1,000 be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distribution.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw from his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). The minimum hardship withdrawal is \$500, and cannot exceed the demonstrated need. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including obtaining a loan from the Plan. The participant will be unable to contribute to the Plan for six months following receipt of a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or used to pay Plan expenses. At December 31, 2017 and 2016, nonvested accounts to be forfeited in future periods totaled \$1,908 and \$7,496. During 2017, approximately \$38,500 of forfeitures were used to reduce employer contributions.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2017 through October 3, 2018, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan, sponsored by Fidelity Management & Research Company, who obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the advisory letter. However, the Plan Administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2017, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 34,791,499	\$ 34,791,499	\$ -	\$ -

4. Fair value measurements (continued):

At December 31, 2016, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 29,389,619	\$ 29,389,619	\$ -	\$ -
Self directed brokerage accounts	<u>768,289</u>	<u>768,289</u>	<u>-</u>	<u>-</u>
	<u>\$ 30,157,908</u>	<u>\$ 30,157,908</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation method used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Self directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest, dividends, and other income for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

6. Related party transactions:

Certain Plan investments are managed by Fidelity Investments, the recordkeeper of the Plan. The Plan paid certain expenses to Fidelity Investments and other service providers during 2017 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Reconciliation of financial statements to Form 5500:

Administrative expenses per Form 5500	<u>\$ (3,842)</u>

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At times, certain investments held by the Plan may constitute a concentration in accordance with accounting standards. At December 31, 2017, two investments represented 28% of total investments.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2017

1. Description of plan:

The following description of the Walbro Engine Management, LLC Employees' Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 2000, and has been amended several times since that date.

General:

The Sponsor of the Plan is Walbro, LLC (formerly Walbro Engine Management, LLC) (Sponsor).

The Plan is a defined contribution retirement plan covering substantially all full-time employees of Walbro, LLC who are scheduled to complete 1,000 hours of service in the twelve month period following their hire date. Employees represented in collective bargaining by a union are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer up to 60% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Upon satisfying eligibility requirements, participants who do not affirmatively elect otherwise are automatically enrolled in the Plan with a deferral rate of 6%. Participants are also able to designate salary deferrals as Roth deferrals. The Plan also permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

The employer may make a matching contribution equal to a percentage of the participants' elective deferral, up to 4% of the participant's eligible compensation. The employer will also make a safe harbor profit sharing contribution equal to 3% of the participants' eligible compensation. Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, actual earnings thereon, allocations of the employer's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

1. Description of plan (continued):

Vesting:

Participants are immediately vested in their elective deferral contributions and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's matching contribution portion of the participants' accounts plus actual earnings thereon is based on years of credited service. Participants vest 100% upon the completion of their third year of credited service or upon attaining their normal retirement date. The Plan defines a year of credited service to be a twelve consecutive month period commencing with the participant's hire date. The Plan also includes a safe harbor provision whereby participants are immediately 100% vested in the non-elective annual profit sharing contribution. Upon death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any whole percentage increments into any of several different investment options. Participants may change their investment options at any time.

Participant loans:

The Plan allows for participants to obtain loans from the Plan. A loan cannot exceed 50% of the vested portion of the participant's account, must be a minimum of \$1,000, and cannot exceed \$50,000. With limited exceptions as defined in the plan documents, all loans must be repaid within five years and will provide for the repayment of interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, or disability, the entire outstanding principal and accrued interest shall be immediately due and payable. Upon termination of employment, the loan shall continue to be payable in accordance with the provisions of the loan note. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participant loans are included in the statements of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to death, disability, retirement or other reason, a participant whose vested account balance exceeds \$5,000 may elect to receive a lump-sum amount payment equal to the value of their account balance. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. The Plan requires mandatory distributions under the Plan in excess of \$1,000 be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distribution.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw from his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). The minimum hardship withdrawal is \$500, and cannot exceed the demonstrated need. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including obtaining a loan from the Plan. The participant will be unable to contribute to the Plan for six months following receipt of a hardship withdrawal.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or used to pay Plan expenses. At December 31, 2017 and 2016, nonvested accounts to be forfeited in future periods totaled \$1,908 and \$7,496. During 2017, approximately \$38,500 of forfeitures were used to reduce employer contributions.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated the events that have occurred subsequent to December 31, 2017 through October 3, 2018, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan, sponsored by Fidelity Management & Research Company, who obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the advisory letter. However, the Plan Administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2017, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 34,791,499	\$ 34,791,499	\$ -	\$ -

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2017

4. Fair value measurements (continued):

At December 31, 2016, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies	\$ 29,389,619	\$ 29,389,619	\$ -	\$ -
Self directed brokerage accounts	<u>768,289</u>	<u>768,289</u>	<u>-</u>	<u>-</u>
	<u>\$ 30,157,908</u>	<u>\$ 30,157,908</u>	<u>\$ -</u>	<u>\$ -</u>

Following is a description of the valuation method used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Self directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments:

At times, certain investments held by the Plan may constitute a concentration in accordance with accounting standards. At December 31, 2017, two investments represented 28% of total investments.
