NOTE A - DESCRIPTION OF PLAN

The following description of Resource Acquisition & Managem 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering employees of Resource Acquisition & Management Services, Inc. and Resource Partnering Group, Inc. (collectively referred to as the "Company") that have completed one year of service and are 21 years of age or older. The Company manages the operation and administration of the Plan. Officers and employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was created January 1, 2017.

2. Contributions

A participant may elect to make pre-tax and after-tax (Roth deferral) contributions, subject to limits set by the Internal Revenue Service. Participants are also permitted to make Roth deferrals.

Employer matching and profit sharing contributions are discretionary. Profit sharing contributions shall be allocated to each employee in proportion to their compensation as a percentage of the compensation of all eligible employees. To be eligible for employer matching contributions a participant must be 21 years of age and have completed one year of service.

3. Participant Accounts

The participant accounts are participant directed investment options. The participants are allowed to change the percentage contributed to the Plan through payroll deductions at any time. Participants can also move individual accounts from one mutual fund to another or change how the funds are allocated among investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant in the Plan has a separate account that is credited with the participant's contribution, the Company's matching and discretionary contributions and an allocation of Plan earnings or losses and charged with an allocation of administrative expenses and any distributions taken. Allocations are based on participant account balances, as defined.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and/or profit sharing contribution portion of their accounts, plus actual earnings or losses thereon is based on years of service. Participants in the Plan start to vest in employer contributions after one year of credited service, at a rate of 33% annually and are fully vested after three years of credited service. Please refer to the Plan document for further details.

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, becomes totally and permanently disabled, or upon termination of the Plan.

5. Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 95% of one-half of their total vested account balance (not including Roth deferral accounts). Loan transactions are treated as a transfer from the investment fund to the participant loan account. Loan terms may range from one to five years, unless the purpose of the loan is for the purchase of a primary residence. The loans are collateralized by the balance in the participants' accounts and bear interest at the prime rate (3.75% at December 31, 2017) plus 1%, as defined by the Plan. Principal and interest is paid ratably through payroll deductions. Upon separation of service, the vested account payable to an individual who has an outstanding participant loan will be determined by reducing the vested account balance by the amount of the loan.

6. Payment of Benefits

A participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments computed in various manners, upon termination of service due to death, disability, or retirement. A participant may receive the value of the vested interest in his or her account as a lump sum distribution for termination of service due to other reasons. A participant may receive a lump sum or partial distribution from his or her vested interest, with certain limitations and/or conditions, while still in service. Generally, these distributions are limited to hardship cases or participants who have reached a certain age.

7. Forfeitures

Forfeited non-vested account balances may be used to reduce employer contributions and to reduce plan expenses paid by the Sponsor. The Plan has no forfeiture amounts as of December 31, 2017.

NOTE A - DESCRIPTION OF PLAN - Continued

8. Plan Termination

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become 100% vested in their employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Benefit Payments

Benefits are recorded when paid.

5. Expenses

Certain administrative expenses of the Plan are paid by the Plan and are reflected in the Plan’s financial statements. However, certain legal and other operating expenses of the Plan are paid by the Company and, therefore, are not included in the accompanying financial statements.

NOTE C - FINANCIAL DATA CERTIFIED BY THE TRUSTEE (UNAUDITED)

The investments of the Plan were held and administered by Mid Atlantic Trust Company (the "Trustee") during the plan year ended December 31, 2017. The Trustee has supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedule. The Plan administrator has obtained certifications from the Trustee certifying that the information provided by the Trustee is complete and accurate as of and for the six-month period ended December 31, 2017. In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan's independent certified public accountants. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to be complete and accurate by the Trustee:

Investment, at fair value		
Mutual funds	$	49,085
Investment Income		
Dividends	$	1,819
Net appreciation in fair value of investments	$	260

The Trustee's certifications also cover all information presented in the accompanying supplemental schedule of assets (held at end of year).

The Plan was created on January 1, 2017 and started receiving contributions from participants in July 2017. Accordingly, the Plan trustee held no assets of the Plan until July 2017.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement), unadjusted quoted prices in active markets for similar assets or liabilities (level 2 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017:

Mutual funds: Valued at the quoted net asset value of shares held by the Plan, as reported by the fund, at year end. These funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents financial assets measured at fair value on a recurring basis as of December 31, 2017:

	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Mutual funds	$ 49,085	$ 49,085	$ -	$ -
Total	$ 49,085	$ 49,085	$ -	$ -

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2017, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2017, there were no transfers between Level 1 and 2 and no transfers into or out of Level 3.

NOTE E - TAX STATUS

Effective January 1, 2017, the Plan adopted the use of the Paychex Prototype Non-Standardized Profit Sharing Plan ("Prototype Plan"). The Prototype Plan has been amended since receiving the Internal Revenue Service determination letter. The Plan sponsor believes that the Prototype Plan continues to qualify and operate as designated. The Company believes that the Plan, as amended, qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws.

NOTE E - TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The 2017 tax year is subject to examination.

NOTE F- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Plan paid the trustee $289 for recordkeeping services during the year ended December 31, 2017.

NOTE H - EXCESS CONTRIBUTIONS

In order to remain a qualified plan under Internal Revenue Service Regulations, the Plan must satisfy the 401(k) nondiscrimination requirements each year, which limit the percentage of compensation that can be contributed by highly compensated employees, as defined in the Internal Revenue Code, relative to the percentage of compensation contributed by non-highly compensated employees. The Plan has satisfied the requirements for 2017.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated events and transactions occurring subsequent to December 31, 2017 as of September 4, 2018 which is the date the financial statements were available to be issued.
