H.H. BROWN SHOE COMPANY, INC. 401(k) PLAN FOR RETAIL EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the H. H. Brown Shoe Company, Inc. 401(k) Plan for Retail Employees (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

GENERAL INFORMATION

The Plan is a defined contribution plan that was established November 1, 1987 and amended as of January 1, 2015. The Plan covers all full time non-union, retail employees of H. H. Brown Shoe Company, Inc. and affiliated companies (the "Company" or "Employer") who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Retirement Plan Committee is responsible for oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

CONTRIBUTIONS

All eligible employees who do not affirmatively elect not to contribute or have a specific amount contributed to the Plan will automatically have their eligible compensation reduced by three percent as a contribution to the Plan invested in a predetermined account under the Qualified Automatic Contribution Arrangement ("QACA"). The automatic contribution increases by one percent annually unless chosen not to, subject to a maximum of six percent of the eligible employee's compensation.

Participants may also make voluntary contributions to the Plan by means of a salary deferral agreement. Each year, participants may elect to defer up to 50 percent of their compensation, as defined in the Plan. The Company makes matching contributions of 100 percent of salary deferrals up to the first one percent of a participant's compensation, and then 50 percent on the additional salary deferrals up to the next five percent of the participant's compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Additionally, participants may elect one of several available options of investing in a guaranteed investment contract or pooled separate accounts. There are no non-participant directed investments in the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANTS' ACCOUNTS

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. A participant is 100 percent vested after six years of credited service. However, all matching contributions made by the Company subject to the QACA become fully vested after two full years of credited service.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions.

NOTES RECEIVABLE FROM PARTICIPANTS

The Company may, at its discretion, make loans to participants on a reasonably equivalent basis that shall bear a reasonable rate of interest and shall provide for repayment over a reasonable period of time. The notes are secured by the balance in the participant's account and bear interest at rates of 4.25% to 5.25%. The note interest rate is set at the prime rate as published by the Wall Street Journal plus 1%. Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Each participant is limited to two loans outstanding at one time. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITED ACCOUNTS

At December 31, 2017 and 2016 there were no forfeited non-vested accounts. In 2017, Plan expenses and Company contributions were reduced by $8,760 from forfeited non-vested accounts.

PAYMENT OF BENEFITS AND WITHDRAWALS

On termination of service due to death, disability, retirement or other reasons, a participant (or a participant's beneficiary, in event of death) may elect to receive the balance in his or her account either in the form of a lump sum equal to the value of the participant's vested interest in his or her account, or installments over a designated period not to exceed the life expectancy of the participant or the participant and his or her designated beneficiary.

HARDSHIP WITHDRAWALS

Except from rollover contributions, the Plan does not allow participants to make hardship withdrawals. Participants are suspended from making salary deferrals for at least six months after receipt of the hardship distribution.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

BASIS OF ACCOUNTING (CONTINUED)

Contract value represents contributions and reinvested income, less any withdrawals and expenses, plus accrued interest, because these investments have fully benefit-responsive features. Under certain conditions, participants may receive less than the contract value of their accounts invested in the investment contract, as determined by Massachusetts Mutual Life Insurance Company ("MassMutual"), the custodian of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments in pooled separate accounts, which consist of the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments in pooled separate accounts.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in values of the investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the statements of net assets available for benefits.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at net asset value ("NAV"). There have been no changes in methodology used at December 31, 2017 and 2016.

Pooled separate accounts are valued at the closing prices at NAV of shares held by the Plan at year-end. The NAV is used as a practical expedient to estimate fair value. Each plan's share of a pooled separate account is determined on a participation-unit. The Plan's equity account provides a cumulative record of the number of participation units credited to the account and the number of units allocated or withdrawn from the account. The balance of participation units credited to the account multiplied by the current participation-unit value equals the amount of equity account assets held on behalf of the policyholder at any given time. The participation-unit value is adjusted periodically, usually each business day, to reflect investment results under the separate account.

As of December 31, 2017 and 2016, there were no unfunded commitments related to the pooled separate accounts. The pooled separate accounts may be redeemed on a daily basis with no redemption restrictions.

In accordance with Topic 820, the Plan's investments in pooled separate accounts and in a guaranteed investment contract have not been classified in the fair value hierarchy.

For the year ended December 31, 2017, there were no significant transfers in or out of levels 1, 2 or 3.

NOTE 4 – INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments in pooled separate accounts and interest on guaranteed investment contract for the year ended December 31, 2017, was obtained or derived from the information supplied to the Plan administrator and certified as accurate and complete by MassMutual, the custodian.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive group annuity insurance contract (the Contract) with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting. For this Contract, the average yield earned by the Plan, and credited to participants was 2.79 and 2.69 percent for 2017 and 2016, respectively.

The Contract does not specify any events that would limit the ability of the Plan to transact a contract value with the issuer or any events which would allow the issuer to terminate the Contract and settle for an amount different from the contract value.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by MassMutual. MassMutual is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments in pooled separate accounts, as they are paid through revenue sharing, rather than a direct payment. The Plan allows participants to take loans against their account balances, which also qualify as exempt party-in-interest transactions.

NOTE 7 – TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more-likely-than not would not be sustained upon examination by the applicable taxing authorities. For 2017 and 2016 no uncertain tax positions were taken by the Plan. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 8 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through September 28, 2018, which is the date the financial statements were available to be issued. No subsequent events have been identified requiring recognition or disclosure in the financial statements.
