The Plan is a defined contribution plan covering all eligible employees of Brennan Industries, Inc. and Brennan Industries Cleveland Manufacturing Group (collectively, the Company). Each employee of the Company becomes a participant in the Plan on the first entry date following the date the employee attains the age of 21 and six months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year eligible participants may elect to contribute up to 100% of their compensation to the Plan on a pre-tax basis or after-tax basis, as defined by the Plan, up to the maximum dollar amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a matching contribution for those participants that are employed at year end, have been employed for six months, and earned a minimum of 1,000 hours of service during the Plan year. The matching contribution is a discretionary percentage determined by the Company on an annual basis. Company matching contributions were $94,892 and $95,728 for the years ended December 31, 2017 and 2016, respectively. The Company may also make additional discretionary profit sharing contributions for those participants who have met the above eligibility requirements and have been employed for twelve months. No additional discretionary profit sharing contributions were made for the years ended December 31, 2017 and 2016. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant’s elective deferral, the Company’s matching contributions and an allocation of discretionary profit sharing contributions, and Plan earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2017 and 2016, forfeited, nonvested accounts totaled $841 and $728, respectively. Forfeitures are used to reduce Company matching or discretionary profit sharing contributions. In 2017 and 2016, the Company used $692 and $506, respectively, of forfeitures to offset the Company's matching contributions.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service according to the following schedule:

Years of service	Vested percentage
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's total vested account balance. Loan terms are not to exceed five years unless borrowed for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with prevailing interest rates. Principal and interest are paid ratably through payroll deductions. Interest income of $4,220 and $4,743 for 2017 and 2016, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, or due to separation of service from the Company, a participant is entitled to receive a distribution of his or her vested account balance in the form of a lump-sum payment or in installments. The Plan will automatically make a lump-sum distribution to participants who are separated from service and have an account balance less than $1,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. A participant may also receive an in-service distribution if he or she experiences undue financial hardship or upon attainment of age requirements, as defined by the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses are paid by the Company. All other administrative expenses are paid by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Subsequent Events

The Company evaluated subsequent events through September 27, 2018, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INFORMATION CERTIFIED BY THE CUSTODIANS

The following table presents investments and notes receivable. The investments, investment activity, and notes receivable from participants have been certified as complete and accurate by Great West Life & Annuity Insurance Company and Great West Trust Company LLC, the custodians of the Plan, as of and for the years ended December 31, 2017 and 2016, and have not been audited by the independent auditors.

	2017	2016
Registered investment companies	$ 6,006,343	$ 5,123,931
Guaranteed portfolio fund	544,366	502,750
Notes receivable from participants	81,818	121,137
	$ 6,632,527	$ 5,747,818

During 2017 and 2016, the Plan's investments in registered investment companies (including gains and losses on investments purchased and sold, as well as held, during the year) appreciated in value by $572,287 and $315,170, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed portfolio fund - Value based on a discounted cash flow valuation methodology where the interest rate is reset at least annually.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Total
Registered investment companies	$ 6,006,343	$ -	$ 6,006,343
Guaranteed portfolio fund	-	544,366	544,366
Total assets at fair value	$ 6,006,343	$ 544,366	$ 6,550,709

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Total
Registered investment companies	$ 5,123,931	$ -	$ 5,123,931
Guaranteed portfolio fund	-	502,750	502,750
Total assets at fair value	$ 5,123,931	$ 502,750	$ 5,626,681

5. TAX STATUS

The Company adopted a Prototype Non-Standardized Volume Submitter Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been restated since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies and a guaranteed portfolio fund managed by Great West Life & Annuity Insurance Company and Great West Trust Company LLC. Great West Life & Annuity Insurance Company and Great West Trust Company LLC are the custodians, and therefore, these transactions are considered party-in-interest transactions.

8. EXCESS CONTRIBUTIONS PAYABLE

In order to pass the 2016 Actual Deferral Percentage (ADP) Test, the Plan administrator elected to refund excess elective deferrals and earnings thereon to highly-compensated employees. For the Plan year ended December 31, 2016, participants' contributions were reduced by $294. The reduction represents amounts payable to active participants to return to them excess deferrals, as required to satisfy the relevant nondiscrimination provisions of the Plan for the year ended December 31, 2016. These amounts have been included as excess contributions payable in the accompanying 2016 Statement of Net Assets Available for Benefits.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
