Hy-Tek Material Handling, Inc. 401(k) Pension Plan and Trust

Notes to Financial Statements

December 31, 2017 and 2016

1. Description of the Plan

The following description of the Hy-Tek Material Handling, Inc. 401(k) Pension Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan for the employees of Hy-Tek Material Handling, Inc. ("the Company"). The Plan, which became effective January 1, 1990, is subject to the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Company who have attained 18 years of age are eligible to participate.

Effective January 1, 2017, the Plan was amended and restated to adopt a volume submitter plan. Effective April 1, 2018, the Plan was amended to eliminate the automatic deferral provision.

Contributions

Participants may contribute through payroll deductions the maximum amount allowable by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan allows for employer discretionary match and profit sharing contributions. The Company elected to make no contributions in 2017 or 2016.

Eligible participants will have automatic deferrals of 6% withheld from their compensation. Contributions are automatically invested in a default fund until changes by the participant. Participants may opt out of the automatic elective deferral at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in employer contributions. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$7,576 and \$4,383, respectively. Forfeiture amounts are used throughout the year to fund employer contributions. During 2017 and 2016, \$5,106 and \$7,153 were used respectively by the plan sponsor to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000, or fifty percent (50%) of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from one (1) to five (5) years, or up to fifteen (15) years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

1. Description of the Plan (Continued)

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution portion of their accounts plus actual earnings thereon is based on the number of years of credited service, as described in the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons and if the benefit is less than \$5,000, a participant will automatically receive the value of the vested interest in his or her account as a lump sum distribution.

Payment of Expenses

All administrative expenses may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan during 2017 and 2016.

Hardship Withdrawals

The Plan provides for withdrawals in the event of financial hardship. If a financial hardship is determined, participants may withdraw the elective deferral and matching contribution portion of their account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in various investment options. Employer contributions follow the same investment options elected. Participants may change their investment options daily. The investment options are diversified in conformity with the ERISA diversification requirement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Notes to Financial Statements

December 31, 2017 and 2016

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determined the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplementary schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Huntington National Bank (the Trustee of the Plan).

5. Tax Status

The Plan adopted a volume submitter plan which received an advisory letter on February 28, 2017, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Hy-Tek Material Handling, Inc. 401(k) Pension Plan and Trust

Notes to Financial Statements

December 31, 2017 and 2016

5. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2014.

6. Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

7. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies the Plan used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value of the underlying investments. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the investments will be sold for an amount different from the reported net asset value. Transactions (purchases and sales) may occur daily. There is are no unfunded commitments or significant redemption restrictions at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 10,275,728	\$ 0	\$ 0	\$ 10,275,728
Investments measured at net asset value				1,982,967
Total investments at fair value				\$ 12,258,695

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 7,806,862	\$ 0	\$ 0	\$ 7,806,862
Investments measured at net asset value				2,239,360
Total investments at fair value				\$ 10,046,222

8. Subsequent Events

Management evaluated the activity of the Plan through September 4, 2018 (the date the financial statements were available to be issued) and concluded that except for the amendment disclosed in note 1, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
