Able Roofing 401(k) & Profit Sharing Plan

Notes to Financial Statements

December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The following description of the Able Roofing 401(k) & Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General—The Plan is a defined contribution 401(k) plan which was established January 1, 1994 for the exclusive benefit of eligible employees of Able Roofing LLC (the “Company”), as defined in the Plan document. The amended and restated provisions of the Plan became effective on January 1, 2013.

Contributions—Each year, participants may contribute up to a maximum of 100% of their annual compensation, as defined in the Plan. However, these contributions shall not exceed the maximum amount permitted by the Internal Revenue Code. Effective January 1, 2012, all employees not currently participating in the Plan will be automatically enrolled at a 3% contribution rate. All newly hired, full-time employees are automatically enrolled the first day of the new quarter following 180 days of consecutive service.

The Company’s match for those participants eligible for the Plan is 50% of the first 3% of employee deferrals, for 2017 and 2016. The Company may, at its sole discretion for each plan year, contribute discretionary contributions to the Plan. For the year ended December 31, 2017 and 2016, the Company contributed \$185,954 and \$154,362 respectively. No discretionary contributions were made to the Plan for 2017 and 2016.

During 2017 the Actual Deferral Percentage (ADP) test failed. To correct this situation, the Plan elected to make an additional contribution to the lowest paid participants using a Qualified Non-Elective Employer Contribution (QNEC) in the amount of \$24,223. In addition, the benefits, rights and features testing failed, which required a correction using an enhanced match to nine participants who contributed at least 4% during 2017. The enhanced match was for \$8,949.

Upon enrollment, a participant may direct employee and employer contributions into any of the Plan’s investment options.

Participant Accounts—Each participant’s account is credited with the participant’s contributions and allocations of (a) Plan earnings or losses and (b) any Company matching or discretionary contributions. Earnings or losses of the Plan are allocated to individual participant accounts based on the participant’s account balance in the appropriate fund.

Notes Receivable from Participants—Loans to participants are not permitted under the Plan.

Vesting—Amounts contributed by participants and related earnings thereon become immediately vested. The Company’s matching and/or discretionary contributions and related earnings or losses become 100% vested upon entry into the Plan.

Able Roofing 401(k) & Profit Sharing Plan

Notes to Financial Statements

December 31, 2017 and 2016

Withdrawals—Any participant can withdraw all or any portion of participant contributions as a result of financial hardship or attainment of age 59-1/2. Financial hardship shall include qualified medical expenses, tuition for post-secondary education, expenses incurred for the purchase of a primary residence or the need to prevent the eviction or foreclosure on a participant's principal residence.

Benefits Paid to Participants or Beneficiaries—On termination of employment other than death, a participant will receive a lump-sum amount equal to the vested value of his or her account if the participant's account does not exceed \$1,000. Terminated participants who have balances greater than \$1,000 may elect to receive a cash distribution, rollover the balance or continue to participate in the Plan. Death benefits will be paid to the participant's designated beneficiary, which generally requires payment by the end of the calendar year following the date of death.

Plan Termination—Although it has not expressed any intention to do so, the Company has the right, at any time, to terminate the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting.

Administrative Expenses—Substantially all administrative expenses of the Plan are paid by the Company. Additionally, the Company provides certain accounting and administrative services at no cost to the Plan.

Benefits Paid to Participants or Beneficiaries—Benefits paid to participants or beneficiaries are recorded in the statements of changes in net assets available for benefits when paid. At December 31, 2017 and 2016 there was \$547 and \$0, respectively, due to participants who had elected to withdraw from the Plan.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the cash basis. Net appreciation or (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

December 31, 2017 and 2016

Forfeitures—Amounts forfeited by participants who have terminated employment with the Company will be used first to reduce future employer contributions. The balance, if any, will be used to offset the employer's plan administrative expenses. Forfeitures totaled \$4,364 and \$3,563 in 2017 and 2016, respectively. During 2017 and 2016, \$2,219 and \$7, respectively, from the forfeiture account was utilized to reduce 2017 and 2016 employer contributions. At December 31, 2017 and 2016 forfeitures in the amount of \$8,504 and \$6,061, respectively, were available for reduction of future employer contributions.

Subsequent Events—The Plan has evaluated subsequent events through October 4, 2018, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, which was prepared by or derived from information prepared by Fifth Third Bank, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements
December 31, 2017 and 2016

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Equity Index Common Collective Trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Stable Value Common Collective Trust: A stable value fund that is composed primarily of benefit-responsive contracts that is valued at the net asset value of units of the common collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund

will sell the investment for an amount different from the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan does not have any contractual obligations to further invest in this fund.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2 & 3	Total
Mutual funds	\$ 3,118,168	\$ -	\$ 3,118,168
Total assets in the fair value hierarchy	3,118,168	-	3,118,168
Investments measured at net asset value (a)	-	-	869,124
Total assets at fair value	\$ 3,118,168	\$ -	\$ 3,987,292

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2 & 3	Total
Mutual funds	\$ 2,901,033	\$ -	\$ 2,901,033
Total assets in the fair value hierarchy	2,901,033	-	2,901,033
Investments measured at net asset value (a)	-	-	398,253
Total assets at fair value	\$ 2,901,033	\$ -	\$ 3,299,286

- (a) In accordance with Subtopic 820-10 of ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTIES-IN-INTEREST

Certain Plan investments are collective trust funds managed by a Fifth Third Bank affiliate. These transactions qualify as party-in-interest transactions. The trustee and affiliates of Fifth Third Bank maintain and manage the common collective trusts in the Plan for which they receive management fees. These management fees are part of the annual operating expenses of each fund. The fees for the Fifth Third Bank Equity Index Fund were .20% of the value of the investment. These fees result in a reduction of earnings from investments.

6. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with various investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
