Report on the Financial Statements
We have audited the accompanying financial statements of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matter-Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Hidden Eyes, LLC (the Company) who have completed three months of service and have attained twenty-one years of age. The purpose of the Plan is to enable eligible employees to save for retirement, as well as providing certain benefits in the event of death, disability or other termination of employment. The Plan was established effective January 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Participants may contribute up to the limits of the Internal Revenue Service (IRS) of $18,000 of pretax annual compensation for 2017. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2017, the annual catch-up contribution limit was $6,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's discretionary profit sharing or discretionary matching contribution, employers matching contributions and an allocation of the Plan earnings. Allocations of the Plan earnings are based on participants' account balances.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Participants are vested 100% in employer discretionary profit sharing contributions. Vesting for discretionary matching contributions and earnings thereon are based on years of service, as defined in the Plan, as follows:

Completed Years of Service	Vested Percentage
0-1	0%
2	100%

If, while an employee, the participant dies, becomes disabled, or reaches normal retirement age of 65 before the two year vesting period, the participant's account will be 100% vested.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and allocate contributions to the investment options available under the Plan. Employer contributions are allocated according to the participant's allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant.

Participants may change their investment options at any time using the Trustee's website or via telephone, which allows a participant to access their account using a personal identification number.

1. Description of the Plan (Continued)

Notes Receivable from Participants

The Plan does allow for loans to be taken out by participants if certain criteria are met. A participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Creditworthiness is considered and all loans must be adequately secured, generally by the vested interest in the Plan. A promissory note must be signed along with a loan pledge. Interest rates on outstanding loans from participants as of December 31, 2017 and 2016 were between 4.25% and 5.25%. Principal and interest are paid through payroll deductions. Loans that are outstanding at the occurrence of a distributable event will become due in their entirety. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance has been established for uncollectable loans from participants as of December 31, 2017 and 2016. The Plan uses the direct write-off method and declares a deemed distribution in the year in which the participant is in default.

Benefits Paid to Participants

If a participant ceases to be employed by the Company for any reason, other than death or total and permanent disability, prior to satisfying the age and service requirements for normal retirement, the terminated participant may elect, with the consent of his or her spouse, to receive in a lump-sum payment any vested amounts plus the earnings thereon. Employees must work at least 1,000 hours in order to be credited with one year of service for vesting purposes. If the participant's vested account balance is $5,000 or less, the Plan Administrator will direct the Trustee to distribute as a lump-sum payment upon termination.

Hardship Distributions

Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures from participants' pre-tax deferrals. Their deferrals are suspended for six months after receipt of a hardship distribution.

Forfeited Accounts

The forfeitures for the non-vested portion of the Company matching contributions can be used to pay Plan administrative expenses or reduce the Company's matching contributions. For the 2017 Plan year, the Company intends to use the entire ending balance of forfeitures to pay Plan administrative expenses. For the 2016 Plan year, the Company allocated the entire forfeiture balance to eligible employees based on the number of employees in the Plan and their 2016 gross wages. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $4,222 and $5,018, respectively.

Plan Termination

The Company anticipates that the Plan will continue without interruption, but reserves the right to terminate the Plan. In the event of Plan termination, the participants will become 100% vested in their accounts and the net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

2. Summary of Accounting Policies

Financial Statements

The Plan's financial statements are presented on the accrual basis of accounting. The Plan's financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

2. Summary of Accounting Policies (Continued)

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature include participant and employer contributions receivable as well as notes receivable from participants.

Benefits Paid to Participants

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as reported on the last business day of the year. Purchases and sales of investments are recorded on the trade date. Income from investments in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned.

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments. This amount consists of realized gains and losses and unrealized appreciation and depreciation of those investments.

Fair Value Measurement

The Company adopted the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Fair Value Measurements and Disclosures Topic established a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurement. The financial statements reflect the adoption of the Fair Value Measurements and Disclosures Topic.

Accounting Standards Update 2015-12

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

2. Summary of Accounting Policies (Continued)
Accounting Standards Update 2015-12 (Continued)

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully-benefit responsive investment contracts. Fully-benefit responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The Plan did not have any fully-benefit responsive investment contracts at December 31, 2017 or 2016.

- The amendments in Part II of this Update eliminated the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for plan benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipants-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not conclude with month-end. The amendments in Part III did not apply to the Plan at December 31, 2017 or 2016.

The Update may be adopted in whole or by part (I, II and III), as applicable. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The impact of adopting these amendments is reflected in the financial statements.

3. Administrative Expenses
Fees paid by the Plan for the year ended December 31, 2017 totaled $6,924.

4. Tax Status
Effective January 1, 2010, the Plan has adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. The Plan Administrator and Trustee will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

5. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quote prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value for the years ended December 31, 2017 and 2016.

Self-directed brokerage fund and mutual funds: Shares are generally valued at Net Asset Value Per Share (NAVPS) based upon net asset value of underlying portfolio securities and are published on a national exchange valued at the end of each day.

6. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets are set forth within the fair value hierarchy at December 31, 2017 as follows:

Description	12/31/2017	Level 1	Level 2	Level 3
Mutual funds	$ 1,236,534	$ 1,236,534	$ -	$ -
Total investments, at fair value	$ 1,236,534	$ 1,236,534	$ -	$ -

The Plan's assets are set forth within the fair value hierarchy at December 31, 2016 as follows:

Description	12/31/2016	Level 1	Level 2	Level 3
Mutual funds	$ 794,254	$ 794,254	$ -	$ -
Total investments, at fair value	$ 794,254	$ 794,254	$ -	$ -

Report on the Financial Statements
We have audited the accompanying financial statements of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matter-Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of Hidden Eyes, LLC 401(k) Profit Sharing Plan & Trust (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Hidden Eyes, LLC (the Company) who have completed three months of service and have attained twenty-one years of age. The purpose of the Plan is to enable eligible employees to save for retirement, as well as providing certain benefits in the event of death, disability or other termination of employment. The Plan was established effective January 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Participants may contribute up to the limits of the Internal Revenue Service (IRS) of $18,000 of pretax annual compensation for 2017. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2017, the annual catch-up contribution limit was $6,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's discretionary profit sharing or discretionary matching contribution, employers matching contributions and an allocation of the Plan earnings. Allocations of the Plan earnings are based on participants' account balances.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Participants are vested 100% in employer discretionary profit sharing contributions. Vesting for discretionary matching contributions and earnings thereon are based on years of service, as defined in the Plan, as follows:

Completed Years of Service	Vested Percentage
0-1	0%
2	100%

If, while an employee, the participant dies, becomes disabled, or reaches normal retirement age of 65 before the two year vesting period, the participant's account will be 100% vested.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and allocate contributions to the investment options available under the Plan. Employer contributions are allocated according to the participant's allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant.

Participants may change their investment options at any time using the Trustee's website or via telephone, which allows a participant to access their account using a personal identification number.

1. Description of the Plan (Continued)

Notes Receivable from Participants

The Plan does allow for loans to be taken out by participants if certain criteria are met. A participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Creditworthiness is considered and all loans must be adequately secured, generally by the vested interest in the Plan. A promissory note must be signed along with a loan pledge. Interest rates on outstanding loans from participants as of December 31, 2017 and 2016 were between 4.25% and 5.25%. Principal and interest are paid through payroll deductions. Loans that are outstanding at the occurrence of a distributable event will become due in their entirety. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance has been established for uncollectable loans from participants as of December 31, 2017 and 2016. The Plan uses the direct write-off method and declares a deemed distribution in the year in which the participant is in default.

Benefits Paid to Participants

If a participant ceases to be employed by the Company for any reason, other than death or total and permanent disability, prior to satisfying the age and service requirements for normal retirement, the terminated participant may elect, with the consent of his or her spouse, to receive in a lump-sum payment any vested amounts plus the earnings thereon. Employees must work at least 1,000 hours in order to be credited with one year of service for vesting purposes. If the participant's vested account balance is $5,000 or less, the Plan Administrator will direct the Trustee to distribute as a lump-sum payment upon termination.

Hardship Distributions

Hardship distributions are permitted by the Plan at the discretion of the Company for allowable expenditures from participants' pre-tax deferrals. Their deferrals are suspended for six months after receipt of a hardship distribution.

Forfeited Accounts

The forfeitures for the non-vested portion of the Company matching contributions can be used to pay Plan administrative expenses or reduce the Company's matching contributions. For the 2017 Plan year, the Company intends to use the entire ending balance of forfeitures to pay Plan administrative expenses. For the 2016 Plan year, the Company allocated the entire forfeiture balance to eligible employees based on the number of employees in the Plan and their 2016 gross wages. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $4,222 and $5,018, respectively.

Plan Termination

The Company anticipates that the Plan will continue without interruption, but reserves the right to terminate the Plan. In the event of Plan termination, the participants will become 100% vested in their accounts and the net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

2. Summary of Accounting Policies

Financial Statements

The Plan's financial statements are presented on the accrual basis of accounting. The Plan's financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

2. Summary of Accounting Policies (Continued)

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Financial Instruments Not Measured at Fair Value

The Plan's financial instruments that are not measured at fair value on the recurring basis but are recorded at amounts that approximate fair value due to their liquid or short-term nature include participant and employer contributions receivable as well as notes receivable from participants.

Benefits Paid to Participants

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on quoted market prices as reported on the last business day of the year. Purchases and sales of investments are recorded on the trade date. Income from investments in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned.

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments. This amount consists of realized gains and losses and unrealized appreciation and depreciation of those investments.

Fair Value Measurement

The Company adopted the Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification for fair value measurements of financial assets and financial liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. The Fair Value Measurements and Disclosures Topic established a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurement. The financial statements reflect the adoption of the Fair Value Measurements and Disclosures Topic.

Accounting Standards Update 2015-12

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) - (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

2. Summary of Accounting Policies (Continued)
Accounting Standards Update 2015-12 (Continued)

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully-benefit responsive investment contracts. Fully-benefit responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements. The Plan did not have any fully-benefit responsive investment contracts at December 31, 2017 or 2016.

- The amendments in Part II of this Update eliminated the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for plan benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipants-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy is no longer required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not conclude with month-end. The amendments in Part III did not apply to the Plan at December 31, 2017 or 2016.

The Update may be adopted in whole or by part (I, II and III), as applicable. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The impact of adopting these amendments is reflected in the financial statements.

3. Administrative Expenses
Fees paid by the Plan for the year ended December 31, 2017 totaled $6,924.

4. Tax Status
Effective January 1, 2010, the Plan has adopted a standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code. The Plan Administrator and Trustee will make any changes deemed necessary to ensure that the Plan is granted tax-exempt status. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

5. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quote prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value for the years ended December 31, 2017 and 2016.

Self-directed brokerage fund and mutual funds: Shares are generally valued at Net Asset Value Per Share (NAVPS) based upon net asset value of underlying portfolio securities and are published on a national exchange valued at the end of each day.

6. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets are set forth within the fair value hierarchy at December 31, 2017 as follows:

Description	12/31/2017	Level 1	Level 2	Level 3
Mutual funds	$ 1,236,534	$ 1,236,534	$ -	$ -
Total investments, at fair value	$ 1,236,534	$ 1,236,534	$ -	$ -

The Plan's assets are set forth within the fair value hierarchy at December 31, 2016 as follows:

Description	12/31/2016	Level 1	Level 2	Level 3
Mutual funds	$ 794,254	$ 794,254	$ -	$ -
Total investments, at fair value	$ 794,254	$ 794,254	$ -	$ -
