SUMNER MANUFACTURING, CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following description of the Sumner Manufacturing Co., Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution retirement plan covering all Sumner Manufacturing, Co., Inc. (the Employer, Company, or Plan Administrator) employees. Employees at least 21 years of age become eligible to participate in the Plan following a three-month period of service. Employees enter the Plan on January 1 or July 1 after they have met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

B. Contributions - Employees

Participants may elect to contribute from 1% up to 90% of their pretax compensation, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute (rollover) amounts representing distributions from other qualified defined contribution or defined benefit plans.

The Plan has an automatic enrollment feature, which automatically results in 6% of a participant's eligible compensation being treated as a pre-tax salary deferral under the Plan, unless the participant expressly elects some other rate of deferral or elects not to participate.

Participants elect the way in which their contributions are invested among the various investment funds permitted by the Plan. The investment election will apply to both employee and employer contributions.

C. Contributions - Employer

The Company makes safe-harbor matching contributions, profit sharing contributions, and/or qualified non-elective contributions. The Company's safe harbor matching contribution was 100% of the first 1% of the participants' salary deferrals and 50% of the remaining participants' salary deferrals up to a deferral of 6%. No discretionary profit sharing or qualified non-elective contributions were made for the year ended December 31, 2017.

1. DESCRIPTION OF THE PLAN (Continued)

D. Participant Accounts

Separate accounts are maintained for each participant and reflect his or her contributions, allocations of Plan earnings, transfers, employer contributions, and administrative expenses. Allocations are based on participant earnings or account balances, as detailed in the Plan document. The benefit available to each participant is the participant's vested balance.

E. Vesting

A participant is immediately vested in his or her contributions, rollovers, and the earnings thereon, as well as Company safe harbor contributions. Vesting in Company discretionary matching and profit sharing contributions and earnings thereon is based on years of continuous service. Participants vest in Company discretionary matching and profit sharing contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

A participant will become fully vested if termination occurs as a result of retirement, death, or disability.

F. Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, or systematic installments. Upon attaining 59½ years of age, a participant has the option to take an in-service distribution for any reason. The Plan allows participants to take hardship withdrawals in accordance with the Plan document.

G. Forfeitures

At December 31, 2017 and 2016, forfeited non-vested account balances totaled \$0 and \$1,385, respectively. These amounts must be first used to pay any administrative expenses of the Plan, with any remaining unapplied forfeitures used to reduce employer

contributions. During the year ended December 31, 2017, \$1,497 of forfeitures were used to pay administrative expenses and no forfeitures were used to reduce employer contributions.

H. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms are for a period not exceeding five years, unless for the purchase of a principal residence. A participant is only allowed two outstanding notes at any time. The notes are secured by the balance in the participant's account and bear interest at an agreed-upon rate based on prevailing market rates. Principal and interest is paid ratably through payroll deductions; however, lump-sum repayments are permitted.

I. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Company reserves the right to elect to pay, or have the Plan pay, administrative expenses in the future. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with generally accepted accounting principles in the United State of America (U.S. GAAP).

B. Investment Valuation and Income Recognition

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments represents net realized and unrealized gains and losses.

C. Benefit Payments

Benefits are recorded when paid.

SUMNER MANUFACTURING, CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of any contingent assets and liabilities. Actual results could differ from those estimates.

E. Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make note repayments and the Plan Administrator deems the note to be in default, the participant note balance is reduced and a benefit payment is recorded.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

3. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. The Company transferred all assets of the Plan into the Southwire Company Hourly 401(k) Plan and Southwire Company Salaried 401(k) Plan in December 2017. As a result, the Plan was merged out of existence.

4. FINANCIAL INFORMATION CERTIFIED (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by Massachusetts Mutual Life Insurance Company (MassMutual), including the fair value of investments and notes receivable from participants

SUMNER MANUFACTURING, CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2017 AND 2016

held as of December 31, 2017 and 2016, and the net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2017, except for comparing such information certified by MassMutual to information included in the Plan's financial statements.

5. FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by MASSMutual. The framework for measuring fair value under U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	--

Level 2	Inputs to the valuation methodology include:
---------	--

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SUMNER MANUFACTURING, CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2017 AND 2016

5. FAIR VALUE MEASUREMENTS (Continued)

As previously described, the Plan had no assets or liabilities at December 31, 2017. The following is a description of the valuation methodologies used for assets and liabilities measured at fair value at December 31, 2016. There were no changes in the methodologies used at December 31, 2016.

Pooled Separate Accounts: The pooled separate accounts are stated at net asset value (NAV), as provided by the trustee, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account (less its liabilities) in relation to the total number of units outstanding. This practical expedient would not be used when it is determined to be probable that the accounts will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective trust fund: Units of participation in the collective trust fund are valued at the NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund (less its liabilities) in relation to the total number of units outstanding. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methodologies described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments classified in the fair value hierarchy at December 31, 2016. The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2016.

<u>December 31, 2016</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 3,810,046	N/A	Daily	12 Months
Collective trust fund	\$ 632,896	N/A	Daily	12 Months

SUMNER MANUFACTURING, CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
YEARS ENDED DECEMBER 31, 2017 AND 2016

6. RELATED PARTY TRANSACTIONS

MassMutual performs services for the Plan, sells products to the Plan, and manages and maintains investments for the Plan for which fees are charged to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

7. TAX STATUS

The underlying prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no known items that would result in an accrual for uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 26, 2018, which is the date the financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2017 have been incorporated into these financial statements.
