Note 1 - Summary of Plan Provisions

The Troy Belting and Supply Company 401(k) and Profit Sharing Plan (Plan) was formed effective July 1, 1985. The Plan is sponsored by Troy Belting and Supply Company (Troy Belting).

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan with a profit sharing feature covering all eligible employees of Troy Belting and its wholly-owned subsidiaries, TIS Ansonia LLC (Ansonia) and TIS Brewer LLC (Brewer), collectively referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets are held and administered by Fidelity Management Trust Company, Trustee of the Plan, who invests cash received and income from investments based on instructions from the Company and participants and makes distributions to participants. The Plan Trustee and investment advisor are responsible for oversight of the Plan and for determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Contributions

Each year, participants may contribute a percentage or fixed dollar amount of their pre-tax annual compensation to the Plan subject to certain limitations as defined by the Plan and the Internal Revenue Code (IRC). The maximum participant deferral to the Plan was $18,000 for both years ended December 31, 2017 and 2016. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Company may make a matching contribution based on a discretionary formula, as determined by the Company. Troy Belting and Ansonia made contributions equal to 100% for the first 3% of a participant's eligible compensation contributed during the Plan years ended December 31, 2017 and 2016. Brewer made contributions equal to 50% for the first 5% of a participant's eligible compensation contributed during the Plan year, for a maximum employer contribution of 2.5% of a participant's eligible compensation during the years ended December 31, 2017 and 2016.

The Company may also make a discretionary profit sharing contribution, determined annually by the Company. The Company did not make discretionary profit sharing contributions for the years ended December 31, 2017 and 2016.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Note 1 - Summary of Plan Provisions - Continued

c. Plan Eligibility

Employees of the Company are eligible to participate in the Plan after attaining 21 years of age and completing two months of service. Eligible employees may join the Plan immediately following the date that they meet the eligibility requirements. Upon joining the Plan, employees are eligible to participate in the Plan with respect to the Company's discretionary matching and profit sharing contribution after completing one year of service in which the employee worked 1,000 hours.

An eligible participant must work 1,000 hours during the Plan year and be actively employed at the end of the Plan year to share in the employer's discretionary profit sharing contribution. Participants who are not actively employed due to death, total and permanent disability, or early or normal retirement, but otherwise meet the eligibility requirements, will share in the employer's discretionary profit sharing contributions.

d. Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of (a) the Company's discretionary matching and profit sharing contributions, if any, (b) the Plan's investment earnings (losses), net of investment expenses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is equal to the vested portion of the participant's account.

e. Vesting

Participants are vested immediately in their elective deferral amounts and rollover contributions, plus actual earnings thereon. Participants are fully vested in the Company's discretionary matching and profit sharing contributions after attaining three years of service. There is no partial vesting of Company contributions.

f. Participant Loans

Participant loans are not allowed under the Plan.

g. Payment of Benefits

Upon termination of service due to death, disability, attainment of normal retirement age, or termination of employment, a participant (or their beneficiary in the case of death) may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum payment or in installment payments. The Plan also allows for hardship distributions up to the participant's salary deferral account balance, and in-service distributions for participants upon attaining age 59½.

If the vested portion of a participant's account balance is less than $5,000, but greater than $1,000, and the distribution takes place before the participant's normal retirement age, the amount will be distributed to an Individual Retirement Account (IRA) for their benefit as soon as possible following termination, retirement, disability, or to the beneficiary following death. If the vested portion of a participant's account balance is $1,000 or less, this amount will be paid as a lump-sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

Note 1 - Summary of Plan Provisions - Continued

h. Forfeiture Accounts

The non-vested portion of terminated participants' accounts, as defined by the Plan, represents a forfeiture. Forfeitures are first used to pay Plan expenses. Amounts not used to pay Plan expenses are used to reduce the employer's discretionary profit sharing contribution. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $10,765 and $8,951, respectively.

Note 2 - Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) for defined contribution plans.

b. Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Administrative Expenses

Administrative expenses are paid by the Plan and the Company. Administrative expenses paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

f. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through October 1, 2018, the date the financial statements were available to be issued.

Note 3 - Information Certified by Plan Trustee (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

	December 31,	
	2017	2016
Investments, at fair value	$ 20,946,584	$ 17,537,286
Investment income (1)		
Interest and dividends	911,613	-
Net appreciation in fair value of investments	2,638,330	-

(1) Investment income for the year ended December 31, 2016 is excluded as the statement of changes in net assets available for benefits is not presented for the year ended December 31, 2016.

Note 4 - Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Investments and Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds and money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV per share of the fund provided by the Trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the fund, the Trustee reserves the right to require twelve-months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The fund's units are issued and redeemed daily at the constant NAV of $1 per unit. The Fund's investment objective is stability of principal and high current income.

The following tables set forth, by level within the fair value hierarchy, the major categories of the Plan's assets measured at fair value:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,041,437	$ -	$ -	$ 20,041,437
Stable value fund	515,610	-	-	515,610
Money market funds	389,537	-	-	389,537
Total	$ 20,946,584	$ -	$ -	$ 20,946,584

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,631,987	$ -	$ -	$ 16,631,987
Stable value fund	496,472	-	-	496,472
Money market funds	408,827	-	-	408,827
Total	$ 17,537,286	$ -	$ -	$ 17,537,286

Note 5 - Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with CODA adopted by the Plan, constitutes a qualified plan under Section 401(a) of the IRC and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Note 5 - Tax Status - Continued

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability or asset if an uncertain tax position was taken and it is more-likely-than-not that the tax position would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Related Party and Party-In-Interest Transactions

Certain administrative functions are performed by employees of the Company who do not receive compensation from the Plan for such functions.

Certain Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of investment earnings per the statement of changes in net assets available for benefit in the financial statements to investment earnings per Form 5500:

	December 31, 2017
Net increase in net assets available for benefits per financial statements	$ 3,418,375
Adjustment from fair value to contract value for stable value fund	(1,223)
Net income per Form 5500	$ 3,417,152
