NOTE A – PLAN DESCRIPTION

The following description of the OFS International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by OFS International, LLC; Independent Inspection Services, LLC; Oilfield Services & Technologies, LLC, and Threading and Precision Manufacturing, LLC (the "Companies") with a plan year end of December 31st. The original Plan became effective January 1, 2013 and was most recently amended April 4, 2016. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ELIGIBILITY
All employees who are age 18 or older may elect to enter the Plan. There is no service requirement. In general, covered employees may enter the Plan on the first day of the month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute between 1% and 100% of their eligible compensation to the Plan, either in pre-tax contributions, or in after-tax Roth contributions, up to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company contributed a safe harbor matching contribution of up to 5 percent of eligible compensation that a participant defered into the plan until April 4, 2016.

The Plan allows for discretionary matching contributions. All employees who meet the eligibility requirements are eligible for discretionary contributions. There were no Company contributions for the year ended December 31, 2017. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions, discretionary company matching contributions, safe harbor company matching contributions and income or loss thereon.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. The term of the loan cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

See report of independent auditors on pages 1 and 2.

NOTE A – PLAN DESCRIPTION – Cont.

BENEFIT PAYMENTS
Distributions of benefits are defined in the Plan document. Generally, distributions may be made upon retirement, total and permanent disability, reaching fifty-nine and one half years of age, termination of employment, or demonstration of a financial hardship. Participants or beneficiaries receive, upon request, a lump-sum payment or may have the payment paid as a "direct rollover" to an individual retirement account (IRA) or to another employer's tax qualified plan.

FORFEITED ACCOUNTS
Non-vested portions of participant accounts, if any, are forfeited upon termination of employment. Forfeited accounts may be used to pay expenses under the Plan, or to reduce employer contributions at the discretion of the Company. The balance in the forfeiture account as of December 31, 2017 and 2016 was $1,891 and $1,879, respectively. No forfeitures were utilized during the 2017 Plan year.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through October 1, 2018, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after October 1, 2018.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, Fidelity Management Trust Company and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits and the notes receivable from participants.
b. Net Investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels in 2017 or 2016.

See report of independent auditors on pages 1 and 2.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market Account: Valued based on quoted prices in active markets for identical securities.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 1,902	$ -	$ -	$ 1,902
Mutual Funds	3,634,696	-	-	3,634,696
Investments at Fair Value	$ 3,636,598	$ -	$ -	$ 3,636,598

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 1,879	$ -	$ -	$ 1,879
Mutual Funds	3,107,269	-	-	3,107,269
Investments at Fair Value	$ 3,109,148	$ -	$ -	$ 3,109,148

NOTE E – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity is the trustee and custodian for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of investments and are paid through revenue sharing, rather than a direct payment. The Company provides certain accounting and administrative services to the Plan for which it receives no compensation. Audit fees and certain administrative expenses are rendered by parties-in-interest and are paid by the Company.

NOTE F – TAX STATUS

The Employer adopted a Volume Submitter Plan sponsored by Fidelity Management and Research Company, which has received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of and for the year ended December 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per the financial statements	$ 3,911,072	$ 3,321,267
Less: participant contributions receivable	(7,916)	(2,913)
Net assets available for benefits per the Form 5500	$ 3,903,156	$ 3,318,354

The following is a reconciliation of contributions per the financial statements to the Form 5500 as of and for the year ended December 31, 2017:

Contributions per the financial statements	$ 381,548
Less: participant contributions receivable 2017	(7,916)
Plus: participant contributions receivable 2016	2,913
Contributions per the Form 5500	$ 376,545

NOTE J – SUBSEQUENT EVENT

Subsequent to year end, the Plan was amended and restated to add a safe harbor employer contribution.

NOTE A – PLAN DESCRIPTION

The following description of the OFS International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) plan sponsored by OFS International, LLC; Independent Inspection Services, LLC; Oilfield Services & Technologies, LLC, and Threading and Precision Manufacturing, LLC (the "Companies") with a plan year end of December 31st. The original Plan became effective January 1, 2013 and was most recently amended April 4, 2016. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ELIGIBILITY
All employees who are age 18 or older may elect to enter the Plan. There is no service requirement. In general, covered employees may enter the Plan on the first day of the month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT AND COMPANY CONTRIBUTIONS
Each year, participants may elect to contribute between 1% and 100% of their eligible compensation to the Plan, either in pre-tax contributions, or in after-tax Roth contributions, up to the maximum allowed under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of all contributions into various investment options offered by the Plan.

The Company contributed a safe harbor matching contribution of up to 5 percent of eligible compensation that a participant defered into the plan until April 4, 2016.

The Plan allows for discretionary matching contributions. All employees who meet the eligibility requirements are eligible for discretionary contributions. There were no Company contributions for the year ended December 31, 2017. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions, discretionary company matching contributions, safe harbor company matching contributions and income or loss thereon.

NOTES RECEIVABLE FROM PARTICIPANTS
The Plan provides that participants can borrow funds to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate. The term of the loan cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

See report of independent auditors on pages 1 and 2.

NOTE A – PLAN DESCRIPTION – Cont.

BENEFIT PAYMENTS
Distributions of benefits are defined in the Plan document. Generally, distributions may be made upon retirement, total and permanent disability, reaching fifty-nine and one half years of age, termination of employment, or demonstration of a financial hardship. Participants or beneficiaries receive, upon request, a lump-sum payment or may have the payment paid as a "direct rollover" to an individual retirement account (IRA) or to another employer's tax qualified plan.

FORFEITED ACCOUNTS
Non-vested portions of participant accounts, if any, are forfeited upon termination of employment. Forfeited accounts may be used to pay expenses under the Plan, or to reduce employer contributions at the discretion of the Company. The balance in the forfeiture account as of December 31, 2017 and 2016 was $1,891 and $1,879, respectively. No forfeitures were utilized during the 2017 Plan year.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

PAYMENT OF BENEFITS
Benefit payments to participants are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through October 1, 2018, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after October 1, 2018.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, Fidelity Management Trust Company and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits and the notes receivable from participants.
b. Net Investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in the fair value of assets.

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no transfers between levels in 2017 or 2016.

See report of independent auditors on pages 1 and 2.

NOTE D – FAIR VALUE MEASUREMENTS – Cont.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market Account: Valued based on quoted prices in active markets for identical securities.

Mutual Fund Shares: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 1,902	$ -	$ -	$ 1,902
Mutual Funds	3,634,696	-	-	3,634,696
Investments at Fair Value	$ 3,636,598	$ -	$ -	$ 3,636,598

	Assets at Fair Value as of December 31, 2016

NOTE E – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity is the trustee and custodian for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of investments and are paid through revenue sharing, rather than a direct payment. The Company provides certain accounting and administrative services to the Plan for which it receives no compensation. Audit fees and certain administrative expenses are rendered by parties-in-interest and are paid by the Company.

NOTE F – TAX STATUS

The Employer adopted a Volume Submitter Plan sponsored by Fidelity Management and Research Company, which has received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. As such, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts including employer contributions.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
