To the Trustees and Plan Administrator
Walters Metal Fabrication, Inc. 401(k) Salary and Savings Plan
Granite City, Illinois

Except as discussed in the following paragraph, in planning and performing our audits of the financial statements of *Walters Metal Fabrication, Inc. 401(k) Salary and Savings Plan* (the "Plan") as of and for the years ended December 31, 2017 and 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 8 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated September 26, 2018, on the financial statements of *Walters Metal Fabrication, Inc. 401(k) Salary and Savings Plan.* We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss these comments in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. In that regard, we offer the following comments for your consideration:

Wage Authorization

During contribution testing and through discussion with management, we noted that proper wage authorization documentation is not kept on file. Management should develop controls to ensure that wages are properly authorized and documented in employee files.

Timely Remittance of Contributions

During remittance testing, we noted that the timing of contribution remittances for three payroll periods was made in 10 days compared to 5 or 6 days for all other payroll periods. Contributions should be remitted to Charles Schwab as soon as administratively feasible. Management should develop controls to ensure that contributions are not only remitted timely, but that each subsequent remittance is sent within the same time frame. For example, all contributions are remitted within five to seven days after payroll checks are issued.

Census Wages

We noted that the wages listed in the census did not agree to the W-3 mainly due to wages for union employees being included on the W-3 and not the census since these employees do not participate in the Company's 401k plan. Wages provided to RPS Benefits ("TPA") should be reconciled to the W-3 in order to verify that the proper eligible wages are included in the census. Census wages are used to perform annual compliance testing and it is important that the proper eligible wages are used when performing those tests.

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of *Walters Metal Fabrication, Inc. 401(k) Salary and Savings Plan* (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 11, which was certified by Charles Schwab Trust Company ("Schwab"), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Schwab holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from Schwab as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan Administrator by Schwab is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. NOTE 1 DESCRIPTION OF PLAN

The following description of *Walters Metal Fabrication, Inc. 401(k) Salary and Savings Plan* (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1997 and last amended on January 1, 2016 by Walters Metal Fabrication, Inc. (the "Plan Sponsor"). Collectively, the Plan is a multi-employer plan covering all non-collectively bargained employees of the Plan Sponsor, Metro Marble and Granite of Columbia, Missouri Steel Fabrication, Inc., Metro Marble and Granite, LLC, CDS Engineering Company, Midwest Tile and Granite, LLC, and Premiere Hardwoods, LLC.

The Plan is a defined contribution plan for the benefit of its employees who are age 21 or older. An employee will become eligible for participation after completing the Plan's eligibility requirements as stated in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may defer salary up to an annual maximum of the lesser of 100% of eligible compensation or the amount specified by the Internal Revenue Service for the years ended December 31, 2017 and 2016. The total of participant and employer contributions for a given year cannot exceed the lesser of the amount specified by the Internal Revenue Service for the years ended December 31, 2017 and 2016 or 100% of the participant's annual compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover distributions from other qualified defined benefit or defined contribution plans.

The Plan was amended January 1, 2011 to allow elective deferrals to a Roth individual retirement account ("Roth IRA"). The Plan will also permit a rollover contribution to a Roth IRA elective deferral account on or after the effective date of the amendment. Roth IRA elective deferrals will be included in the participant's gross income at the time of deferral. Those deferrals, along with gains and losses, will be separately accounted for as sub-accounts of each participant account. Neither the Roth IRA elective deferral account, nor the Roth IRA rollover account may be withdrawn as a participant loan, but can be withdrawn for a hardship distribution.

Each year, the Plan Sponsor may make matching contributions to be determined annually based on a percentage of participant salary deferrals. For the year ended December 31, 2017, the Plan Sponsor did not elect to make matching contributions. In addition, the Plan Sponsor may make a discretionary profit sharing contribution to be determined by the Plan Sponsor. Each eligible participant will receive a portion of this discretionary profit sharing contribution based on their eligible compensation. The Plan Sponsor did not elect to make a discretionary profit sharing contribution for the year ended December 31, 2017.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant account is credited with the participant's contributions, employer matching contributions, if any, an allocation of the Plan Sponsor's discretionary contribution, if any, and Plan earnings. Each account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. Participants vest in their employer contributions plus actual earnings thereon at a rate of 20 percent per year and are fully vested after five years of credited service.

Participant Hardship Withdrawals

Participants may withdraw from the Plan the portion of their account resulting from salary deferrals in the event of undue financial hardship. The maximum hardship withdrawal is the total of a participant's vested balance.

Payment of Benefits

The Plan provides for retirement benefits to begin upon retirement age of 59 ½, but no later than April 1 of the calendar year in which participants attain age 70 ½. Upon death and total or permanent disability of a participant while employed, the account balance becomes fully vested. On termination of service, participants with vested account balances less than $5,000 will receive a lump sum amount equal to the value of their vested account balance. The distribution will be made as soon as administratively feasible. Participants with account balances greater than $5,000 may elect for an immediate lump sum distribution for the value of their vested account balance. Participants may elect to receive the distribution or have the distribution paid as a direct rollover to another qualified plan.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in any of the applicable investment options available to Plan participants.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Administrative Expenses

Administrative expenses of the Plan are paid both by the Plan Sponsor and the participants of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimated amounts.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the common collective trusts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (quoted market prices). The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. The common collective trusts are measured at net asset value and contract value. See Note 3 for discussion of fair value measurements, Note 4 for discussion of investments measured at net asset value, and Note 5 for discussion of investments measured at contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Level II – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

		Fair Value Measurement Using:
December 31, 2017	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level I)
Registered investment companies	$ 1,110,436	$ 1,110,436
Total	**$ 1,110,436**	**$ 1,110,436**
December 31, 2016		
Registered investment companies	$ 826,720	$ 826,720
Cash and cash equivalents	3,772	3,772
Total	**$ 830,492**	**$ 830,492**

NOTE 4 INVESTMENTS MEASURED AT NET ASSET VALUE

Common collective trusts are composed primarily of fully benefit-responsive investment contracts that are valued at net asset value of units of the fund's collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an account different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The following table summarizes investments measured at fair value based on net asset value per share:

NOTE 5 INVESTMENTS MEASURED AT CONTRACT VALUE

The Wells Fargo Stable Value Fund Class C (the "Fund") invests all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo Bank, N.A. The value of this Fund is based on the underlying unit value reported by Wells Fargo Stable Return Fund G. As of December 31, 2017, the Fund held a 20.61% ownership interest in Wells Fargo Stable Return Fund G.

The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity. The contract value of the stable value fund as of December 31, 2017 and 2016 totaled $57,559 and $30,978, respectively.

There are several risks specific to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

NOTE 6 INVESTMENTS

The following presents participant-directed investments that represent 10 percent or more of the Plan's net assets as of December 31:

	2017	2016
Investments, at Fair Value		
Schwab Indexed Retirement Trust 2020	$ 439,402	$ 631,830
Schwab Indexed Retirement Trust 2030	783,463	686,404
Schwab Indexed Retirement Trust 2040	387,781	356,312

NOTE 7 EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

Benefit distributions of $297 and $1,580 for the Plan years ended December 31, 2017 and 2016, respectively, were made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's Statements of Net Assets Available for Benefits as corrective distributions payable at December 31, 2017 and 2016.

NOTE 8 TAX STATUS

The Plan is designed to be a qualified trust under Section 410(a) of the Internal Revenue Code ("IRC") that provides that a qualified trust is exempt from federal income taxes. The Plan is required to operate in accordance with the Plan Agreement and the applicable federal laws in order to maintain its qualification. The prototype plan received a favorable opinion letter dated March 31, 2014, stating that the Plan is a qualified plan under the applicable section of the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan is not aware of any action or event that has occurred that might affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2014.

NOTE 9 RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Charles Schwab Trust Company ("Schwab"). Schwab is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment. Retirement Plan Services, LLC is the third-party administrator for the Plan and is therefore also considered a party-in-interest. As disclosed in Note 2, the administrative fees are paid by both the Plan and the Plan Sponsor.

NOTE 10 BENEFIT OBLIGATIONS

All amounts allocated to withdrawing participants for benefit claims that have been processed and approved for payment prior to December 31, 2017 were paid to the participants on or before that date. Net assets available for benefits at December 31, 2016 include $230,997 allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the Plan and requested a distribution, but had not been paid out.

NOTE 11 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by Schwab at December 31:

NOTE 12 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 13 RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
