## 1 - Description of the Plan

The following description of the Walker International 401(k) Plan (the "Plan") provides only general information. The Plan became effective January 1, 2009. It was most recently amended July 1, 2017, to add a participating employer. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a 401(k) defined contribution plan covering all eligible employees of Walker International Transportation, LLC (the "Plan Sponsor" or "Plan Administrator"), WIT Worldwide, LLC (d/b/a WIT Logistics, LLC), and L.A. Enterprises, LLC (participating employer adopted the Plan effective July 1, 2017) (collectively, the "Company"), who have completed one year of service, as defined in the Plan, and are age 18 or older. Eligible participants may enter the Plan on January 1 or July 1 of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. ***Contributions*** - Plan contributions consist of compensation reduction elections of participants' 401(k) contributions, qualified nonelective contributions, safe harbor matching contributions, nonelective contributions, and rollovers from other qualified defined benefit or defined contribution plans. Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to statuory limits. Individuals who attain age 50 by the end of the Plan year may make additional pre-tax "catch-up" contributions up to statutory limits. The Company makes a safe harbor matching contribution equal to 100% on the first 3% of the participants' eligible earnings deferred and an additional 50% on the next 2% of the participants' eligible earnings deferred, as determined on a payroll period basis. For the year ended December 31, 2017, there were no qualified nonelective contributions and no nonelective contributions to the Plan.

   All investments are participant-directed. Participants direct the investment of current contributions into various mutual fund investment options offered by the Plan.

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings and expenses. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. ***Vesting*** - Participants are immediately vested in their elective contributions, the rollover portion of their account balances, employer safe harbor matching contributions, and the earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service according to a vesting schedule of 20% per year of credited service, beginning with the second full year of service. A participant is 100% vested in the employer contribution and earnings thereon after six years of credited service or upon attaining normal retirement age or in the event of death or disability, if earlier.

e. ***Notes Receivable from Participants*** - Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested balances or $50,000 reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made. All notes other than those used to purchase a principal residence must be repaid within five years. Notes used to purchase a principal residence can have longer terms upon approval by the Plan Administrator. The notes are secured by the vested balance in the participant's account. The interest rate on each note is set by the Plan Administrator at inception, based on local prevailing rates for similar notes as determined quarterly by the Plan Administrator. At December 31, 2017,

*Continued*

outstanding notes bear interest at 4.25% or 5.25% and have scheduled maturities through May 2021. Principal and interest are paid ratably through payroll deductions or another approved manner, with payments made not less frequently than quarterly. Upon termination of employment, remaining balances due on such notes become immediately due. Outstanding balances are deemed to be in arrears and delinquent when any payment is missed, including balances not repaid upon termination of employment. Should such amounts remain outstanding beyond the last day of the Plan year quarter immediately following the Plan year quarter in which the delinquency occurs, the remaining balance will be a deemed distribution, subject to taxes and penalties, as applicable.

f. ***Payment of Benefits*** - Participants may elect to receive a distribution of their benefits upon retirement, in the event of death or disability, in service distributions, in the event of an immediate and heavy financial hardship, or upon termination of employment. Normal retirement age is 65, or the participant's fifth anniversary of joining the Plan, if later. Participants receiving distributions upon retirement or in the event of death or disability will receive a lump-sum distribution of the amount equal to the vested balance in his or her account. Participants receiving distributions for termination of employment may receive the value of the vested balance in his or her account distributed to them as soon as administratively feasible following termination, in the form of a rollover to an IRA or another employer retirement plan, or a taxable distribution made directly to the participant. Participants with vested account balances less than $5,000 receive termination distributions as a lump-sum payment or rollover to IRA, regardless if consent is given.

g. ***Plan Costs*** - The Company has elected to absorb substantially all significant costs relating to the Plan. The Plan provides for direct transactional charges, such as for benefit payments or loan transactions, to be directly charged to the participant involved. Investment-related expenses are included in *net appreciation in fair value of investments.*

h. ***Forfeitures*** - Forfeitures by participants, as defined in the Plan, may be used by the Plan to reduce future Company contributions. There were no forfeitures at December 31, 2017 and 2016.

## 2 - Summary of Significant Accounting Policies

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. ***Use of Estimates*** - The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. ***Investment Valuation and Income Recognition*** - Investments held are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. During the year ended December 31, 2017, the Plan recorded a deemed distribution of note receivable from participant for one participant's loan amounting to $6,112 in the *statement of changes in net assets available for benefits.*

*Continued*

e. ***Payments of Benefits*** - Benefits are recorded when paid.

## 3 - Information Certified by the Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest income on the notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan trustee and certified as complete and accurate by Ascensus Trust Company, the custodian of the Plan.

## 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

***Level 1*** - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

***Level 2*** - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

***Level 3*** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value at December 31, 2017 and 2016. There have been no changes in the methodology used at December 31, 2017 and 2016.

***Mutual Funds*** - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*Continued*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

| | *Investments at Fair Value* | | | |
|---|---|---|---|---|
| | *Level 1* | *Level 2* | *Level 3* | *Total* |
| ***December 31, 2017*** | | | | |
| Mutual Funds | $3,343,134 | $ - | $ - | **$3,343,134** |
| ***Total Investments at Fair Value*** | $3,343,134 | $ - | $ - | **$3,343,134** |
| ***December 31, 2016*** | | | | |
| Mutual Funds | $2,280,929 | $ - | $ - | **$2,280,929** |
| ***Total Investments at Fair Value*** | $2,280,929 | $ - | $ - | **$2,280,929** |

The Plan's policy is to recognize transfers into and out of any level as of the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of any level for the years ended December 31, 2017 and 2016.

## 5 - Income Tax Status

The Internal Revenue Service determined and informed the Plan's third-party administrator by a letter dated March 31, 2008, that its prototype Plan was designed in accordance with applicable sections of the IRC and is exempt from income taxes. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the value in their accounts.

## 7 - Related Party Transactions

At December 31, 2017, Ascensus Trust Company was the custodian, as defined by the Plan. Plan investments are managed by and/or acquired via the custodian or its affiliates. These transactions qualify as party-in-interest transactions. Interest fees paid by the Plan for the investment management services are included in *net appreciation in fair value of investments*, as they are paid through revenue-sharing, rather than a direct payment. Fees paid by the Plan for professional fees amounted to $180 for the year ended December 31, 2017.

*Continued*

## 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the *statements of net assets available for benefits*.

## 9 - Subsequent Events

Subsequent events have been evaluated through October 4, 2018, the date the financial statements were available to be issued.
