Report on the financial statements
We were engaged to audit the accompanying financial statements of Elevate Credit, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note C, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2017 and 2016, and for the year ended December 31, 2017, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information
The supplemental schedule of assets (held at end of year) as of December 31, 2017 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified information described in Note C, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of the Elevate Credit, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which began on June 1, 2014, is a defined contribution plan covering all United States employees of Elevate Credit, Inc. (the "Company") who have completed one month of service, as defined in the Plan document, and are at least 21 years of age. The Company's employees are employed by Elevate Credit Service, LLC (the "Employer," "Plan Administrator" or "Plan Sponsor"), a wholly-owned subsidiary of Elevate Credit, Inc. The Plan is a Safe Harbor Matching Contribution Plan, where employees are automatically 100% vested in the employer match. The Plan is a qualified profit sharing plan with cash or deferred arrangements and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Fidelity Workplace Services LLC serves as the Plan's record keeper and Fidelity Management Trust Company (the "Trustee") serves as the Plan's trustee.

Contributions

Participants may contribute 1% to 70% of their eligible annual compensation, subject to certain limitations ($18,000 limit for 2017). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($6,000 limit for 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer provides matching contributions equal to 100% of each participant's elective deferral not to exceed 4% of the participant's eligible annual compensation.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants automatically enrolled have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until they are changed by the participant.

Additionally, the Plan allows for discretionary profit sharing contributions and qualified non-elective contributions ("QNEC") by the Employer. For the fiscal year ended December 31, 2017, there were no discretionary profit sharing contributions or QNEC contributions made.

Participants' Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their elective deferrals, rollovers, and Safe Harbor matching contributions. Nonelective contributions are Employer contributions which the participant could not have elected to receive in cash or as another taxable benefit. Nonelective contributions vest according to the following schedule:

Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

Participants also become fully vested in nonelective contributions at the normal retirement age or upon death or disability, while an active employee, regardless of years of service.

For the year ended December 31, 2017, there were no nonelective contributions.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance held under the Plan during the previous 12-month period. Participants may have only one loan outstanding at any time. All loans bear a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The repayment period of the loan cannot exceed five years, except for loans relating to the purchase of a primary residence, for which the repayment period is a maximum of 10 years. The loans are secured by the remaining balance in the participant's account. At December 31, 2017, participant loans bore interest at 5.25% - 6.25%. Principal and interest are paid ratably through monthly payroll deductions and mature between January 2018 and April 2027. At December 31, 2016, participant loans bore interest at 5.25% - 5.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either (i) a lump sum amount or (ii) installment payments. Upon death, the participant's vested balance will be distributed in a lump sum payment. The Plan allows participants to make hardship and in-service withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeited Accounts

Forfeitures are applied to reduce the amount of future employer contributions otherwise required to be paid. In 2017, $16,604 was used to reduce the amount of employer contributions. At December 31, 2017 and 2016, forfeiture account balances totaled $16 and $16,067 respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The preparation of the financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP") and in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income (Loss) Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2017 and 2016, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Administrative Expenses

Administrative expenses charged by the Trustee for maintaining the Plan are paid by the Employer. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Schedule H, Part IV, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust: The Federated Capital Preservation IP Fund, a collective investment fund that primarily holds investments in fully benefit-responsive contracts, is valued at net asset value as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

There are no redemption restrictions on any of the Plan's investments. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$23,602,278	—	—	$23,602,278
Collective investment trust, at NAV				375,691
Investments at fair value				$23,977,969

	Investments at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	$16,065,150	—	—	$16,065,150
Collective investment trust, at NAV				353,155
Investments at fair value				$16,418,305

NOTE E - COLLECTIVE INVESTMENT TRUST

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less

participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The stable value fund consists of the Federated Capital Preservation Fund ("the Fund"), which primarily holds guaranteed investment contracts ("GICs") and synthetic guaranteed investment contracts ("synthetic GICs"). GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration. The fair value of GICs is determined based on the present value of the contract's expected cash flows, discounted by current market interest rates for like duration and like quality investments. Synthetic GICs are portfolios of securities (debt securities or open end registered investment companies) owned by the Fund with wrap contracts that guarantee a fixed or variable rate for the term of the contracts.

The key factors that influence future interest credit rates for a synthetic GIC include: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the synthetic GIC; the investment returns generated by the fixed income securities underlying the GIC; and the duration of the fixed income securities underlying the synthetic GIC. Interest credit rates typically reset on a monthly or quarterly basis according to each synthetic GIC. While there may be slight variations from one to another, most use a formula that is based on the characteristics of the underlying portfolio of the fixed income securities. All synthetic GICs provide for a minimum interest credit rate of zero percent, which is intended to protect participant's principal and accrued interest.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events may include, but are not limited to, the following:

1. amendments to Plan documents (including complete or partial plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options;
3. bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the participants, is probable.

The GICs limit the circumstances under which the issuer may unilaterally terminate the GIC on short notice. These circumstances may include, but are not limited to, the following:

1. the Fund loses its qualified status under the IRC or is otherwise terminated;

2. the Trustee of the Fund fails to meet its material obligation under the GIC, attempts to assign the GIC, or engages in fraud or misinterpretation that materially affects the risk profile of the GIC; or
3. if the fixed income securities underlying the synthetic GIC fail to meet certain criteria as specified in the synthetic GIC.

If one of these events occurs, the issuer could terminate the synthetic GIC at the market value of the underlying fixed income securities (or in the case of a traditional GIC, at the hypothetical market value based on a contractual formula).

During 2017 and 2016, the average yields for the Fund were as follows:

Yield Analysis	2017	2016
Based on actual earnings	1.81%	1.55%
Based on interest rate credited to participants	1.68%	1.44%

NOTE F - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2017	**December 31, 2016**
Net assets available for plan benefits per financial statements	$ 24,588,753	$ 16,796,675
Contributions receivable from plan sponsor	(74,621)	(78,161)
Net assets available for plan benefits per Form 5500	$ 24,514,132	$ 16,718,514

The following is a reconciliation of the change in net assets per the financial statements to Form 5500:

	2017
Total increase in net assets per financial statements	$ 7,792,078
Employer contributions	3,540
Total increase in net assets per Form 5500	$ 7,795,618

NOTE G - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants in the Plan are considered party-in-interest transactions. In addition, fees paid by the Plan to the Trustee for administrative fees related to disbursements and loans totaled $6,551 for the year ended December 31, 2017. Certain investments are managed by an affiliate of the Trustee and qualify as party-in-interest transactions. These investments totaled $1,552,844 and $1,045,145 at December 31, 2017 and 2016, respectively.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their nonelective contributions.

NOTE I - TAX STATUS

On March 31, 2008, the Internal Revenue Service ("IRS") stated the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. Companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 1, 2018, which is the date the financial statements were available to be issued, and there are no events that would require recognition or disclosure in these financial statements.
