Note 1 - Plan Description

The following description of Maple Knoll Communities, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan providing eligible employees of Maple Knoll Communities, Inc.; its subsidiaries; and Cedar Knoll, LLC (collectively, the "Company") a means of accumulating funds for retirement through employee and employer contributions. The Plan is open to substantially all employees who have met certain age and service requirements, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a cash or deferred arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Under this arrangement and subject to plan provisions, participants may elect to defer up to a maximum amount allowed of their eligible compensation to the Plan. The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs.

Each year, at its discretion, the employer may choose to make a matching contribution. There were no matching contributions for the years ended December 31, 2017 and 2016.

The Company also makes a safe harbor nonelective contribution to the Plan in an amount equal to 3 percent of compensation.

In order for a participant to share in the allocation of a profit-sharing contribution, he or she must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year. The Company's nonelective allocation rate group structure is as follows: (1) directors and executives, (2) RN/salaried, and (3) hourly.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary matching and/or nonelective contributions and investment earnings and charged with withdrawals and an allocation of investment losses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, company safe harbor contributions, and rollovers, plus earnings thereon. Vesting in the Company's discretionary matching and/or nonelective contributions portion of their accounts, plus earnings thereon, is based on years of continuous service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of notes during the one-year period ending on the day before the note is made, over the outstanding balance of notes from the Plan on the date the note is made, or 50 percent of their vested account balances as of the most recent valuation date. The loans are secured by the balance in the participant's account. Interest on the loans is set at the time of loan issuance at a rate commensurate with rates currently being charged by commercial lenders for loans made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Benefit Payments

Participants may withdraw their contributions and the vested portion of the Company's discretionary matching and nonelective contributions upon hardship, retirement, the attainment of age of 59½, termination of service, disability, or death. In the event of a participant's death, payment will be made to designated beneficiaries. For termination of service, a participant may receive the vested percentage of the account balance in a lump-sum distribution, partial lump-sum distribution and partial installment payments, installment payments, or a joint and survivor annuity that can be provided from the participant's account. Vested account balances not exceeding \$1,000 will be payable in a lump sum as soon as practicable.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce employer contributions. At December 31, 2017 and 2016, forfeited account balances totaled \$0 and \$75, respectively.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Upon termination of the Plan, participants became 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Reliance Trust Company or its affiliates. Reliance Trust Company is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The employer pays certain administrative expenses on behalf of the Plan.

Notes to Financial Statements

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 27, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian. Outstanding participant note receivable balances and related interest are not certified by the Custodian.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

December 31, 2017 and 2016

Note 5 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Funds

The common collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2017				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 9,336,358	\$ 9,336,358	\$ -	\$ -
Investments measured at NAV - Common collective trust funds	8,994,596			
Total investments at fair value	<u>\$ 18,330,954</u>			

Notes to Financial Statements**December 31, 2017 and 2016****Note 5 - Fair Value Measurements (Continued)**

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2016			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 7,764,742	\$ 7,764,742	\$ -	\$ -
Investments measured at NAV - Common collective trust funds	<u>8,453,592</u>			
Total investments at fair value	<u>\$ 16,218,334</u>			

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2017 or 2016.
