GRUBE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Grube, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a single employer defined contribution plan, adopted February 1, 2015, covering substantially all employees of the 23 (24 in 2016) control group companies, who have 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Grube, Inc. oversees governance of the Plan. The 23 employers are Bethel Wing Company LLC, Blacksburg Wings Company LLC, Blue Ridge Investors Inc., Blue Water Investors Inc., Buckhannon Wing Company LLC, Grandview Wing Company LLC, Greenville Wing Company LLC, Grube, Inc., Hillard Wing Company LLC, LaVale Wing Company LLC, Lynchburg Wing Company LLC, Morgantown Wing Company LLC, Mountain Country Investors Inc. 2, Mountain View Investors Inc., Ohio Valley Investors LLC, Scarlet & Grey Enterprises Ltd., South Wing Company LLC, Springfield Wing Company LLC, Stonewall Investors Inc., Summerville Wing Company LLC, Tanglewood Wing Company LLC, Valley View Wing Company LLC, and Wilmington Wing Company LLC.

Eligibility – All employees, except union workers, non-resident aliens, and leased employees of the Companies are eligible to participate in the Plan after 90 days of service and make voluntary contributions into the Plan.

Contributions – Each year, participants may contribute a percentage of their compensation on a pre-tax or after-tax basis, up to IRS limits, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. After completion of one year of credited service, where the employee completes at least 1,000 hours of service, the Company makes "safe harbor" contributions in which they match 100% of the first 3% of compensation that a participant contributes to the Plan and 50% of the deferrals between 3% and 5%. Contributions are subject to certain limitations. The Company may also make a discretionary profit sharing contribution to participants' accounts.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment funds offered by the Plan.

Vesting – Participants are immediately vested in their contributions, the Company's safe harbor contributions, and actual earnings thereon. Participants will be vested in the Company's profit sharing contribution based on years of service as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Notes Receivable from Participants – Participants may borrow from their vested account, a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account and bear interest at a rate equal to 1%

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

above the prime rate. Principal and interest payments are generally made by payroll deduction or payment by check (for prepayments only). There were notes receivable from participants totaling \$10,057 as of December 31, 2017, \$7,829 as of December 31, 2016.

Payments of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, partial payments, annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy, or annuity contract. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the lump sum payment without the participant's consent. If a participant terminates employment and the participant's account balance is above \$5,000, the participant will be contacted by the Plan administrator and given the choice of receiving a distribution from the Plan or having the account balance rolled over into an individual retirement account.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Forfeited Accounts – At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$0. These accounts will be used to reduce future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review – Subsequent events were evaluated through August 30, 2018 which is the date the financial statements were available to be issued.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting – The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses - Certain expenses related to Plan administration are paid by the Plan. Other expenses are paid by the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

At December 31, 2017 and 2016, the following tables present total investments within the fair value hierarchy:

NOTE 4 –CERTIFIED INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, Charles Schwab Bank, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statement of changes in net assets available for plan benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

All Plan investments are managed by ABG of Michigan. ABG of Michigan is the record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment fees charged to the Plan are absorbed in investment income and amounted to \$4,413 and \$3,603 for the periods ended December 31 2017 and 2016.

Benefits paid to participants per the financial statements	\$ 46,172
Add: Amounts allocated to withdrawing participants at December 31, 2017	-
Less: Amounts allocated to withdrawing participants at December 31, 2016	-
Benefits paid to participants per Schedule H of Form 5500	<u>\$ 46,172</u>

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

NOTE 7– TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 26, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting Principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
