SELMAN CHEVROLET'S 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 1 - Description of the Plan

The following description of the Selman Chevrolet's 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan with a 401(k) arrangement covering substantially all employees of Selman Chevrolet Company (the Company or the employer) who have completed a minimum of six months of service and attained the age of 18 years. Participants may elect to contribute from 1% to 10% of their eligible compensation for the year. Highly compensated participants may elect to contribute from 1% to 6% of their eligible compensation for the year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Eligible participants may enter the Plan on the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Participants Accounts - Each participant's account is credited with the participant's salary deferral contributions, an allocation of the Company's discretionary matching contributions and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

C. Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer discretionary matching contributions is based on years of continuous service. Participants vest in these accounts at a rate of 20% per year of service and are fully vested after five years of service.

D. Participant Loans - As of March 1, 1999, the initiation of new participant loans is no longer permitted.

E. Payment of Benefits - Upon termination of service, a participant can receive benefits equal to the value of his or her vested account balance through a single lump-sum payment, periodic installments or rollover into another qualified plan.

F. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from Company contributions and related Plan earnings will be utilized first to reduce employer contributions, second to pay Plan expenses and third as distributions to participants. Forfeitures available to reduce future employer contributions at December 31, 2017 totaled $-0-.

G. Participant Investment options – Upon enrollment in the Plan, participants must direct their salary deferral contributions and their allocated share of employer contributions into various investment options as made available and determined by the Plan Administrator. The investment options are more fully described in the Plan's literature.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Note 2 - Summary of Significant Accounting Policies (continued)

B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in mutual funds are valued daily based on the respective fund's net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Payment of Benefits - Benefits are recorded when paid.

E. Subsequent Events – The Plan has evaluated subsequent events through September 17, 2018, the date the financial statements were available to be issued.

F. Recent Accounting Pronouncements - In July 2015, the FASB issued ASU No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient, that eliminates the requirements to measure fully benefit-responsive investment contracts at fair value; disaggregate investments by nature, risks, and characteristics; disclose individual investments that represent five percent or more of net assets available for benefits; and disclose net appreciation or depreciation for investments by general type. The Plan adopted Part II of this ASU as of December 31, 2016 and retrospectively revised the December 31, 2015 financial statements and disclosures to conform; Parts I and III are not applicable and therefore have not been adopted.

Note 3 – Funding Policy

Participants may contribute from 1% to 10% of their eligible compensation for the year. Highly compensated participants can contribute 1% to 6% of their eligible compensation. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Generally, any participant who contributes to the Plan, other than a rollover, is eligible for the discretionary matching contribution. Each year the Company may contribute to the Plan a matching amount, if any, which the Company's Board of Directors determines at its discretion. The contribution can be in an amount up to 20% of each participant's first 4% of compensation contributed as an elective deferral for the Plan year. Effective February 1, 2009 the Company suspended the matching contribution accordingly there were no employer matching contributions for the year ended December 31, 2017.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. As of February 1, 2009, the Company discontinued its matching contributions.

Note 5 – Information Certified by Bank of America N.A.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by Bank of America N.A. (Bank of America), trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that was certified by Bank of America as complete and accurate.

	2017	2016
Fair value as determined by quoted market prices:		
Mutual Funds	$ 8,431,427	$ 7,239,883

Bank of America also certified the completeness and accuracy of $838,704 of net appreciation in fair value of investments, $320 of interest and $410,972 of dividends related to the aforementioned investments for the year ended December 31, 2017.

Note 6 - Tax Status

The Company has adopted a non-standardized form of a prototype plan sponsored by Merrill Lynch Pierce Fenner & Smith, Inc. The prototype plan has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Company has not adopted any provisions outside the scope of the prototype plan and the Company believes that the Plan and the Trust established under the Plan are designed and are currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the Unites States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7 – Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for such functions. Certain administrative expenses for the Plan are paid directly by the Company or from Plan income.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 9 – Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 8,431,427	$ -	$ -	$ 8,431,427
Investments at fair value	$ 8,431,427	$ -	$ -	$ 8,431,427

December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 7,239,883	$ -	$ -	$ 7,239,883
Total assets at fair value	$ 7,239,883	$ -	$ -	$ 7,239,883

Note 10 – Plan Amendments

The Plan was amended effective February 28, 2018 to terminate the automatic enrollment of eligible employees hired on or after January 1, 2015.

The Plan was also amended to change the amount highly compensated participants can contribute to the plan from 1% to 7% of eligible compensation to 1% to 6% of eligible compensation effective January 1, 2016.

Note 11 – Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds managed by affiliates of Bank of America N.A.
