Note 1 - Description of the Plan and Significant Accounting Policies

The following description of East West Resorts, LLC 401(k) Savings and Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established established January 1, 1990, which has been most recently amended effective January 1, 2018. The Plan is available to employees of East West Resorts, LLC (the "Company") who are 18 years or older. The Plan is not available to union employees, non-resident alien employees, leased employees, or employees under written visa agreements. The entry date for eligible participants is January 1, April 1, July 1, or October 1 following obtaining eligibility. In order to receive a year of credited service for vesting purposes, employees must complete at least 1,000 hours of service within a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Officers of the Company administer the Plan. State Street Bank and Trust Company ("State Street") serves as trustee and holds Plan assets. Transamerica Retirement Solutions Corporation ("Transamerica") manages Plan assets and maintains the Plan's records. Transamerica offers Plan participants a variety of investment options through various mutual funds and a common/collective trust. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make contributions of their annual eligible compensation, designated as pre-tax or after-tax Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant's pre-tax and Roth 401(k) contributions cannot exceed the maximum amounts allowed by law. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. For the year ended December 31, 2017, all newly eligible participants are automatically enrolled to participate in the Plan at a deferral rate equal to 6% of eligible compensation, as specified in the Plan document, unless they elect not to participate or have specified a different percentage. Participants may change their elective contribution percentage at any time.

The Company may contribute matching contributions in an amount to be determined by the employer as well as a discretionary secondary match. Matching contributions are funded on a pay-period basis and are trued up based on participants' annual eligible compensation and contribution elections. Secondary contributions are funded on an annual basis. For the year ended December 31, 2017, the Company contributed a matching contribution of 25% of up to 6% of participants' eligible compensation to the Plan, totaling $443,282. No discretionary secondary match was accrued or paid.

Participants' Accounts

Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Any employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	40%
2	70%
3 or more	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 60) while an employee, retirement due to disability, or termination of the Plan.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Participants may have a maximum of two loans outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 4.25% to 5.50%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through August 2029. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 15 years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Loans in the amount of $4,724 were deemed a distribution in the current year.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to reinstate previously forfeited balances for rehired participants, offset future employer contributions, or pay Plan expenses. Forfeitures in the amount of $49,174 were applied to employer contributions and administrative fees during the year ended December 31, 2017. The balance of this account at December 31, 2017 and 2016 was $46 and $179, respectively, recorded in cash on the statements of net assets available for benefits.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum, partial payment, or installment payments in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the Plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous Plan year and is no longer employed by the Company.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policy utilizing information provided by the investment advisers, including the appointment of investment managers, and the monitoring of the performance of the Plan's investment funds. See Note 3 for discussion of fair value measurements.

Money market funds are recorded at cost, which approximates fair value.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The common/collective trust, consisting of guaranteed investment contracts with no unfunded commitments and which generally can be redeemed daily, is valued by the trustee based upon the net asset value ("NAV") of the investments comprising the trust. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some Plan investments held by State Street are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

During the year ended December 31, 2017, four investments accounted for 75% of investment income. At December 31, 2017 and 2016, five and four investments accounted for 73% and 61% of total investments at fair value, respectively.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. The Plan was amended effective January 1, 2018. The amendment modified the automatic enrollment provisions for newly eligible employees and the enrollment procedures. Additionally, the Plan changed third party administrators from Transamerica to Fidelity Management Trust Company during 2018. There were no additional material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Assets Certified by the Trustee

State Street has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the year ended December 31, 2017, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

Note 2 - Assets Certified by the Trustee (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

As of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 3,777	$ -	$ -	$ 3,777
Mutual funds at fair value	18,054,651	-	-	18,054,651
Investments measured at NAV*				1,211,117
Total investments at fair value	$ 18,058,428	$ -	$ -	$ 19,269,545

Note 3 - Fair Value Accounting (continued)

As of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 3,654	$ -	$ -	$ 3,654
Mutual funds at fair value	13,720,879	-	-	13,720,879
Investments measured at NAV*				1,340,668
Total investments at fair value	$ 13,724,533	$ -	$ -	$ 15,065,201

*Investments measured at NAV are not required to be classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

There were no changes to the valuation techniques used or significant transfers of investments between levels during the period.

Note 4 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operates with the trustee's opinion letter, which was issued on the basic Plan document March 31, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan. Transamerica receives revenue from mutual fund service providers for services Transamerica provides to the funds. Certain amounts of this revenue are used to offset amounts owed to Transamerica for its administrative services to the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are a money market fund and mutual funds, which are managed by Transamerica. Transamerica is the Plan recordkeeper, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.
