SAVINGS PLAN FOR HOURLY-RATED EMPLOYEES OF BHP COPPER INC.

Notes to Financial Statements

December 29, 2017 and December 31, 2016

1. Description of Plan

The following description of the Savings Plan for Hourly-Rated Employees of BHP Copper Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1987 as a profit sharing plan with a 401(k) directed feature qualified under sections 401(a) and 401(k) of the Internal Revenue Code (IRC) of 1986, as amended, and provides retirement benefits for individuals who are compensated on an hourly basis for services performed as an employee and whose duties are under the control of BHP Copper Inc. (BHP or the Company), including any affiliated or subsidiary company (collectively referred to as Participating Companies), and who is in a unit of employees subject to a collective bargaining agreement.

On August 31, 2016, the Teamsters Local 104, Operating Engineers Local 428, IBWE Local 518, Boilermakers Local 627, Plumbers 469 and USW relinquished all rights to represent hourly employees in the bargaining unit at BHP Billiton. As a result, the remaining hourly employees participating in the Plan were converted to salaried employees. Based on eligibility rules of the Plan, these participants ceased participation in the Plan and began participating in the BHP USA Retirement Savings Plan.

The Plan was amended and restated, effective January 1, 2015, to incorporate previous amendments and to comply with the latest tax laws and regulations, among other things. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective December 29, 2017, the Plan was merged into the BHP Retirement Savings Plan. Assets of \$3,800,429 were transferred out of the Plan and into the BHP Retirement Savings Plan at the end of the calendar day on December 29, 2017.

Administration

BHP is the Plan sponsor and the Plan administrator. Vanguard Fiduciary Trust Company (Trustee) serves as trustee for the Plan, and Vanguard Group, Inc. serves as recordkeeper for the Plan. Certain duties, on behalf of the Plan's sponsor and the Participating Companies, are carried out by the BHP Retirement Advisory Committee.

Contributions

Employees are eligible to participate in the Plan after the first payroll period in which the employee qualifies as an eligible employee. Each year, participants may make contributions to the Plan on a pre-tax, after-tax and/or designated Roth basis through payroll withholding of any whole percentage up to 50% of their eligible earnings, not to exceed the limitation set for in the IRC. Participants must reach the maximum pre-tax contributions (\$18,000 in both 2017 and 2016) set forth in Section 402(g) of the IRC before they can contribute on an after-tax basis. Participants may make catch-up contributions (pre-tax contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. A participant's total catch-up contribution was limited to a maximum of \$6,000 in both 2017 and 2016. Participants may also make rollover contributions from other qualified plans.

1. Description of Plan, continued

Contributions, continued

The Participating Companies contribute an annual Company Contribution in the amount of \$400 to eligible employees who are employed on the last day of the Plan year and who were hired prior to September 1, 2005 or who were rehired on or after September 1, 2005, subsequent to termination of employment with a vested benefit under the Pension Plan for Hourly-Rated Employees of BHP Copper Inc. that is not in pay status. The annual Company Contributions for the period from January 1, 2017 through December 29, 2017 and the year ended December 31, 2016 were \$0 and \$400, respectively, and were funded from forfeitures. Accordingly, no receivable for Company Contributions was recorded in either year.

The Participating Companies contribute an Employer Funded Contribution to all eligible employees who are first employed on or after September 1, 2005 or who are rehired on or after September 1, 2005 and who were not vested under the Pension Plan for Hourly-Rated Employees of BHP Copper Inc. when their prior employment terminated. The amount of the Employer Funded Contribution for each eligible employee is \$2,860 per year, pro-rated based on the number of weeks worked. The Employer Funded Contributions for the years ended December 31, 2017 and 2016 were \$0 and \$3,960, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Participating Companies' contributions, and an allocation of investment income (loss), net of administrative expenses. Investment income (loss) allocations are based on the performance of the funds in which the participant has directed his or her accounts to be invested. Upon the occurrence of a distributable event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Investment Options

The Plan offers mutual funds and a collective trust fund as investment options to participants. Participants may change their investment options at any time.

Vesting

Participants are 100% vested in their participant contributions, rollover contributions, and earnings thereon. Participants vest in the Participating Companies' contributions and earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 but less than 3 years	20%
At least 3 but less than 4 years	40%
At least 4 but less than 5 years	60%
5 years or more	100%

All participants whose employment was terminated due to the October 11, 2013 sale of the Pinto Valley Unit are fully vested.

All other participants become fully vested in all Participating Companies' contributions upon death, permanent disability, attainment of age 65, or completion of five years of service.

1. Description of Plan, continued

Forfeitures

All Participating Companies' contributions credited to a participant's account, but not vested, are forfeited by the participant upon distribution of the full vested value of his or her account (or his or her designated beneficiary in the event of death). Forfeitures are applied (i) first to reinstate any Plan benefits that are required to be reinstated, (ii) any remaining forfeitures are used to pay administrative expenses of the Plan, and (iii) thereafter, to offset future Participating Companies' contributions. At December 29, 2017 and December 31, 2016, available forfeitures totaled \$0 and \$91,599, respectively. Forfeitures of \$55,641 and \$5,665 were used to pay administrative expenses of the Plan during 2017 and 2016, respectively. Additionally, during the period January 1, 2017 through December 31, 2017 and the year ended December 31, 2016, forfeitures of \$0 and \$400, respectively, were used to offset Company Contributions, Employer Funded Contributions and to fund miscellaneous earnings.

Payment of Benefits

Upon retirement or other termination of employment, the participant (or his or her beneficiary in the event of death) will receive the value of the vested interest in his or her account according to the following four distribution options: (i) a single, lump-sum distribution in cash, (ii) two or more installments over such period of time as the participant or beneficiary elects, but not extending beyond the life expectancy of the participant and his or her surviving spouse or designated beneficiary, (iii) two or more partial withdrawals at the election of the participant or beneficiary, or (iv) a combination of the methods specified in (i), (ii) and (iii).

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Participating Companies and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as on investments held at the end of the year.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value (NAV) per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management elected to adopt ASU No. 2015-07 early during the 2015 Plan year. The adoption of ASU 2015-07 in 2015 impacted disclosures only by removing those investments measured at fair value using NAV as a practical expedient from classification in the fair value hierarchy in Note 3.

3. Fair Value Measurements

FASB Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016. The Plan held no assets at December 29, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Notes to Financial Statements

3. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's administrators believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2016:

Investments at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,210,490	\$ -	\$ -	\$ 3,210,490
Investment measured at NAV ^(a)				<u>571,240</u>
Investment at fair value				<u>\$ 3,781,730</u>

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016:

	<u>Fair Value December 31, 2016</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Vanguard Retirement Savings Trust	\$ 571,240	N/A	Daily	None

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements, including investments held at December 29, 2017 and December 31, 2016, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

5. Party-in-Interest Transactions

The Plan invests in shares of mutual funds and a collective trust fund, which are managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status
