MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the Mexichem Fluor, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Mexichem Fluor, Inc., Mexichem Specialty Compounds, Inc. (previously, Alpha Gary), Mexichem America, Inc., and Mexichem Specialty Resins, Inc., collectively referred to as (collectively, the Company). Employees are eligible to participate upon his or her hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Through March 31, 2017, all participants were automatically enrolled to defer 3% of eligible compensation to the Plan. A participant's elective deferral percentage would automatically increase each April 1 by 1%, up to a maximum deferral of 6%. The plan was amended effective April 1, 2017 to increase participant automatic enrollment elections from 3% to 6% of eligible compensation for all active participants who have not elected to make participant elective deferral contributions of at least 6%, or who are not making participant elective deferral contributions. Automatic increases will be made to participants' elective deferral contributions as soon as administratively feasible on or after each April 1st by 1% up to a maximum automatic elective deferral contribution of 10%. This deferral can be cancelled or modified at any time. Each year, participants may elect to contribute the lesser of the maximum allowed by the Internal Revenue Code (IRC) or 75% of his or her eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes a qualifying non-elective safe harbor contribution (QNEC) of 3% of eligible compensation to the Plan. The Company makes matching contributions of 100% of the participant's contribution up to 6% of eligible compensation. The Company may make transition credit contributions to participants meeting certain requirements. The transition credit contribution is equal to a percentage of pay based on points determined by age and transition credit service. The transition credit contribution is a discretionary contribution. The Company may make, at its discretion, additional contributions to the Plan at the end of the plan year. The Company did not make any additional contributions for the year ended December 31, 2017.

Participant Accounts

Participants direct the allocation of their voluntary contributions and discretionary and matching contributions from the Company among investment options managed by the Plan's custodian, Principal Trust Company (Principal). Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) plan earnings and losses, and (d) allocated administrative expenses for investment management fees. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is limited to the vested balance in the participant's account.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the new loan is made, or 50% of their account balance reduced by any outstanding balance on the date the new loan is made, whichever is less. The number of outstanding loans is limited to two and no more than one loan shall be approved in any twelve-month period. The loans are secured by the balance in the participant's account and bear interest at variable rates. Principal and interest are paid through payroll deductions.

Vesting

Participants are immediately vested in their contributions, matching contributions, qualified non-elective contributions, and rollover contributions, plus actual earnings and losses thereon. Participants become vested in all other contributions, plus actual earnings and losses thereon, based on the following vesting schedule:

Years of Service	% Vested
Less than 3	0%
3 or More	100%

Payment of Benefits

Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Distributions may be made in the form of a lump sum payment or an alternate form of payment as permitted in the Plan Document. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures may be used to pay any administrative expenses incurred by the Plan, or to reduce future employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$-0-. During the year ended December 31, 2017, \$3,736 of forfeitures were used to pay plan expenses and/or to reduce employer contributions.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or the Plan as provided in the Plan Document.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Note 3. Information Certified by Principal Trust Company and Fair Value Measurements

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by information provided by Principal Trust Company, the custodian, and furnished to the Plan Administrator.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 3. Information Certified by Principal Trust Company and Fair Value Measurements (Continued)

The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2017	2016
Investments, at Fair Value		
Common Collective Trusts	\$ 47,654,987	\$ 39,863,933
Pooled Separate Accounts	14,956,115	10,997,552
Mutual Funds	5,147,489	3,903,843
Self Directed Brokerage	1,091,228	882,260
Total Investments, at Fair Value	\$ 68,849,819	\$ 55,647,588
Notes Receivable from Participants	\$ 2,540,958	\$ 2,250,267

The custodian also certified to the completeness and accuracy of \$9,067,562 of net appreciation in fair value of investments, \$44,638 of interest and dividends from investments, and \$110,211 of interest income on notes receivable from participants, for the year ended December 31, 2017.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- **Level 1**

Inputs to the valuation methodology are quoted prices (unadjusted) in identical assets or liabilities in active markets that the Plan can access at the measurement date.

Note 3. Information Certified by Principal Trust Company and Fair Value Measurements (Continued)

Fair Value Measurements (Continued)

- **Level 2**

Inputs other than quoted prices included within level one that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3**

Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self Directed Brokerage Accounts: Valued at the closing price reported on the active market on which the underlying securities are traded.

Pooled Separate Accounts: Valued at the NAV per unit of the underlying investments as adjusted for the Plan's participation unit in the pooled account.

Common Collective Trusts: Valued based on the NAV of units of the common collective trusts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 3. Information Certified by Principal Trust Company and Fair Value Measurements (Continued)

Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 5,147,489	\$ -	\$ -	\$ 5,147,489
Self Directed Brokerage	1,091,228	-	-	1,091,228
Total Assets in Fair Value Hierarchy	6,238,717	-	-	6,238,717
Investments Measured at NAV*	-	-	-	62,611,102
Total Investments at Fair Value	\$ 6,238,717	\$ -	\$ -	\$ 68,849,819
December 31, 2016	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,903,843	\$ -	\$ -	\$ 3,903,843
Self Directed Brokerage	882,260	-	-	882,260
Total Assets in Fair Value Hierarchy	4,786,103	-	-	4,786,103
Investments Measured at NAV*	-	-	-	50,861,485
Total Investments at Fair Value	\$ 4,786,103	\$ -	\$ -	\$ 55,647,588

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

December 31, 2017	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period

	<u>\$ 50,861,485</u>	<u>\$ -</u>		

Note 4. Related Party Transactions and Party-in-Interest Transactions

Certain investments of the Plan are managed by Principal Trust Company. Principal Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Tax Status

On June 11, 2014, the Plan received a favorable determination letter from the Internal Revenue Service regarding the Plan's compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

MEXICHEM FLUOR, INC. 401(k) PLAN

Notes to Financial Statements

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.
