Eligibility – The Plan covers employees of HIT Promotional Products, Inc. (the "Company") who have one year of service, have met the minimum number of service hour requirements and are age twenty-one or older.

Contributions – Participants may, through salary deferrals, make contributions of up to 100% of their annual compensation, subject to limits set by the Internal Revenue Service ("IRS"). Participants aged 50 and over may make catch-up contributions of up to $6,000 annually. At management's discretion, the Company may make a matching contribution and an elective profit sharing contribution. During 2018, the Company made a 2017 matching contribution of approximately 20% of eligible participants' contributions for 2017. The 2017 matching contribution is recorded as a contribution receivable in the accompanying statement of net assets. The Company did not make a profit sharing contribution during 2017. The trustee may accept a rollover or a direct transfer of assets into the Plan.

Excess Contributions Payable – At December 31, 2016, at total of approximately $7,000 in employee contributions, in excess of amounts allowed by IRS nondiscrimination rules were owed back to Plan participants. These excess contributions were returned to participants during 2017.

Allocation to participant accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative fees. Allocations are based on participant contributions or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately 100% vested in their participant contributions plus actual earnings thereon. Vesting in the Company's contribution portion of the accounts is based on years of continuous service. Participants vest 20% in the Company matching and profit sharing contributions after 2 years of service and vest 20% each year thereafter until fully vested after 6 years of service.

Distribution of benefits – Upon termination of service, disability or having reached age 59½, a participant's benefits shall be paid in the form of a lump sum or lump sum transfer to another qualified trust. In addition, under very limited circumstances, a participant may receive a hardship distribution of certain amounts.

Note 1 – Description of the Plan (Continued)

Termination – Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Tax status of participants – Contributions and allocations of income accumulate tax-free in the Plan. Such amounts become taxable upon distribution to participants.

Note receivables from participants – Participants may borrow from their fund accounts a minimum of $1,000 or any amount up to 50% of their vested account balance. However, a participant loan can be no more than $50,000.

Loan transactions are treated as transfers between the investment fund and the participant notes fund. Loan terms range from 1-5 years, unless for the purchase of a primary residence. Then the trustee may fix the term of repayment. The loans are secured by the balance in the participant's vested account and bear interest at the current prime rate plus one percent. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited accounts – Forfeited non-vested accounts can be used to reduce Company contributions and plan administrative expenses. As of December 31, 2017, and 2016, forfeited non-vested accounts totaled approximately $9,000 and $10,000, respectively. During the year ended December 31, 2017, approximately $10,000 of forfeitures were used to reduce employer contributions.

Plan expenses – The Company absorbs a significant amount of costs of plan administration. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related fees and expenses are netted against investment earnings.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements have been prepared on the accrual basis of accounting, except for benefit payments, which are reported on a cash basis, in accordance with guidelines of the American Institute of Certified Public Accountants' Audit and Accounting Guide, "Audits of Employee Benefit Plans."

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest is charged on the outstanding balances at a rate of 4.25% to 6%. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2 – Summary of Significant Accounting Policies (Continued)

Payments of benefits – Benefits are recorded when paid.

Investment valuation and income recognition – The Plan's investments in pooled accounts are stated at net asset value. Investments in pooled accounts represent a unit of account whose per unit value is the result of the accumulated values of the underlying investments. The underlying investments are investment vehicles valued using net asset value ("NAV") per share., as determined by the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

Included in pooled separate accounts, is a stable value fund which represents participation units of a collective investment trust for which the net asset value is based on the market value of the underlying investments. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The Plan has concluded that the net asset value as adjusted and reported by the trustee denotes readily determinable fair value.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of realized gains and losses on investments sold during the year and unrealized appreciation and depreciation on investments held as of the end of the year.

Note 3 – Party-in-Interest Transactions

The Plan has investments in participation units held in pooled separate accounts through subaccounts of John Hancock. John Hancock provides services to the Plan as the custodian and record keeper; therefore, these investments and transactions qualify as party-in-interest transactions. At December 31, 2017, the Plan also had an interest-bearing cash account with John Hancock with a balance of approximately $2,000.

Note 4 – Tax Status

The Plan's administrator obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving this determination letter; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits for any tax periods in progress. The Plan's income tax returns for the past three years are subject to examination by taxing authorities, and may change upon examination.

Note 5 – Information Certified by Trustee (Unaudited)

John Hancock Life Insurance Company ("John Hancock") has supplied the plan administrator with certain information utilized in preparing the financial statements and supplemental schedule. The plan administrator has obtained a certification from John Hancock that such information is complete and accurate, and accordingly, such information is not covered by the independent auditors' report. The certification covers all information in the supplemental schedule and the following as of December 31, 2017 and 2016, and for the year ended December 31, 2017.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
