WILLOWTREE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DESCRIPTION OF PLAN

The following description of the WillowTree (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to defer up to 100% of their eligible compensation per pay period, through payroll deductions, on a pre-tax basis or a post-tax basis. The Plan has an automatic enrollment feature, which initially enrolls participants at 3%. Participants may opt out of the automatic enrollment. Participants may also elect to designate their salary deferrals as Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make additional "catch-up" contributions up to the limits prescribed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company may elect to make discretionary matching contributions. For the years ended December 31, 2017 and 2016, the Company contributed discretionary matching contributions equal to 50% of each eligible participant's deferred compensation up to 3%. For any Plan year, the Company may contribute additional discretionary profit sharing amounts as determined by the Company. For the years ended December 31, 2017 and 2016, the Company did not make discretionary profit sharing contributions.

Participants direct the investment of both employee and employer contributions into various investment options offered by the Plan. Participants may change their investment options periodically. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as an allocation of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WILLOWTREE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS--(Cont'd)

DESCRIPTION OF PLAN--(Cont'd)

Vesting

Participants are immediately vested in their voluntary contributions and rollover amounts, plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant becomes 25% vested after one year of service. The vesting percentage increases by 25% each year until the participant becomes fully vested in the Plan after four years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant can elect to receive benefits in a lump sum as follows:

For participants with account balances of \$5,000 or less, the balance is paid out in a lump sum distribution.

For participants with account balances of over \$5,000, the participant can elect to receive the balance of his or her account as a lump sum or direct rollover, or to retain the balance in the Plan.

Forfeited Accounts

Forfeited nonvested accounts can be applied toward Plan expenses and used to reduce future employer contributions. There was \$31,868 and \$16,641 in the forfeiture account as of December 31, 2017 and 2016, respectively. No forfeitures were used to reduce employer contributions during the year ended December 31, 2017.

SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

WILLOWTREE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS--(Cont'd)

SUMMARY OF ACCOUNTING POLICIES--(Cont'd)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the **FAIR VALUE MEASUREMENTS** note for further discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. A portion of the administrative expenses were paid by the Company on behalf of the Plan and are excluded from these financial statements. The administrative expenses paid by the Plan Sponsor will not be reimbursed by the Plan. Fees related to the administration of notes receivable from participants and recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 25, 2018, the date the financial statements were available to be issued.

INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company (the trustee) and was not subjected to any auditing procedures performed:

1. Total investments, as shown in the accompanying statements of net assets available for benefits of \$4,330,929 as of December 31, 2017 and \$2,283,187 as of December 31, 2016.

INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE--(Cont'd)

2. Total investment income, as shown in the accompanying statement of changes in net assets available for benefits of \$629,531 for the year ended December 31, 2017.
3. All investment-related information in the accompanying supplementary schedule, schedule of assets (held at end of year) as of December 31, 2017.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Investments in the registered investment companies and the money market fund are stated at fair value as reported by fidelity management trust company (the plan's trustee), and are based on the fair value of the underlying securities. The fair value of the underlying securities is based on quotations from national exchanges.

FAIR VALUE MEASUREMENTS--(Cont'd)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Total assets at fair value	<u>\$2,283,187</u>	<u>\$.....</u>	<u>\$.....</u>	<u>\$2,283,187</u>

RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Company contributions to the Plan or benefits accrued or paid by the Plan for participants are not considered party in interest transactions.

The Plan allows for transactions with certain parties who may perform services for or have fiduciary responsibilities to the Plan, including the Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to \$10,140 for the year ended December 31, 2017.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS--(Cont'd)

TAX STATUS OF THE PLAN

The Plan is a Fidelity prototype plan for which a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014, has been received. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
