## **1. DESCRIPTION OF PLAN:**

The following description of The Oneida Group 401(k) Plan (formerly, the EveryWare Global 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering all eligible employees, as defined, of The Oneida Group (formerly, EveryWare Global, Inc.) and adopting affiliated companies (collectively, the Employer). Effective July 1, 2017, the Plan was restated and renamed from the EveryWare Global 401(k) Plan and Trust to the Oneida Group 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Eligibility**

Full-time employees are immediately eligible to enter the Plan. Part-time employees, as defined, who are age 21 and have completed 1,000 hours of credited service are eligible to participate in the Plan. Certain employees are excluded from participation, as defined in the Plan. An employee may participate in the Plan as of the first day that the employee meets the eligibility requirements.

### **Contributions**

Employees may contribute up to 75% of eligible compensation, as defined, each year, subject to Internal Revenue Service (IRS) limits. Eligible employees are automatically enrolled in the Plan at 3% of eligible compensation with an automatic increase of 1% annually up to a maximum of 10%, unless the employee has elected to decline participation or has elected a different contribution percentage. The participants' elective deferral must be at least 1% of eligible compensation. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants may also contribute rollover contributions representing distributions from other qualified plans. Participants who reach age 50 may contribute up to 100% of eligible compensation, as defined, each year, subject to IRS limits and may also elect to make catch-up contributions.

The Plan provides for discretionary Employer matching contributions, annual non-elective Employer contributions and annual discretionary non-elective Employer contributions to certain eligible employees, as defined by the Plan document. The Employer made discretionary matching contributions to certain union employees according to the respective collective bargaining agreements during 2017 and 2016. During 2017 and 2016, the Employer made non-elective contributions of a fixed percentage to certain union employees according to the respective collective bargaining agreements. The Employer did not make an additional discretionary non-elective contribution during 2017 or 2016.

### **Participant accounts**

Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contributions, related Employer contributions, and an allocation of Plan investment earnings. Each participant's account is decreased by an allocation of investment losses, administrative expenses and any participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan's investments are participant-directed.

### **Vesting**

Participants are immediately vested in all contributions plus actual earnings thereon.

**Payment of benefits**

Upon termination of service, death, disability, retirement, or reaching age 59 ½, distributions may be made to the participant or beneficiary in a single lump sum payment, or certain installment payments. Normal retirement is at age 65; however, the Plan also provides for early retirement upon attaining age 55. A participant may also elect to withdraw his or her deferred contributions and vested Employer contributions in the event of financial hardship, subject to Plan provisions.

**Participant notes receivable**

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Notes are repaid over a period not to exceed five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

**Administrative expenses**

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable or other transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:****Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment valuation and income recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Payment of benefits**

Benefits are recorded when paid.

### **Participant notes receivable**

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant notes are reclassified as distributions upon default, as defined, based upon terms of the Plan. No allowance for credit losses has been recorded at December 31, 2017 and 2016.

### **Subsequent events**

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 4, 2018, the date the financial statements were available to be issued.

## **3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:**

The following information included in the accompanying financial statements and supplemental schedules as of and for the years ended December 31, 2017 and 2016 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company (Fidelity), the trustee of the Plan:

Investments  
Net appreciation in fair value of investments  
Interest and dividend income  
Assets held at the end of year

## **4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methods used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

*Registered investment companies:* The fair value of these securities is based on the net asset value (NAV) of shares held by the Plan at year end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

*Common collective trust:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Interest-bearing cash:* The carrying value approximates fair value.

*Self-directed brokerage account:* Account represents investments in registered investment companies, common stock and interest-bearing cash. The registered investment companies are valued at the NAV of shares held by the Plan at year end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business. The common stock is valued at the closing price reported on the active market on which the individual securities are traded. The interest-bearing cash's carrying value approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

### Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

### 5. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by Fidelity, the trustee as defined by the Plan and, therefore, these transactions and fees paid to the trustees qualify as party-in-interest transactions to the Plan.

### 6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

### 7. TAX STATUS:

The Plan elected to adopt the volume submitter plan of Fidelity. The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2014 that stated the volume submitter plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving this opinion letter and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

### 8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2017 and 2016:

**10. NONEXEMPT TRANSACTIONS:**

During 2017, certain employee withholdings totaling \$107,771 were not remitted to the Plan on a timely basis within the Department of Labor guidelines. Those transactions constituted nonexempt prohibited transactions. The Employer is in the process of fully correcting those transactions through the Voluntary Fiduciary Correction Program.

During 2015 and 2014, certain employee withholdings totaling \$652,823 and \$1,673,763, respectively, were not remitted to the Plan on a timely basis within the Department of Labor guidelines. Those transactions constituted nonexempt prohibited transactions. The Employer fully corrected those transactions through the Voluntary Fiduciary Correction Program during 2016.

**11. SUBSEQUENT EVENT:**

During 2018, the Plan was amended to change the definition of compensation. In addition, the amendment modified automatic enrollment provisions for certain employees.
