Union employees whose employment is governed by a collective bargaining agreement, leased employees, non-resident aliens, employees who participate in the Company’s work co-op or internship programs and temporary employees who fail to complete a period of service are not eligible to participate in the Plan.

Contributions

Participants may contribute on a pre-tax or after-tax Roth basis up to 100% of their annual eligible compensation, subject to certain Internal Revenue Code (“IRC”) limitations (\$18,000 for 2017). Participants who have attained or will attain the age of 50 by the last day of the plan year may elect to make catch-up contributions, as defined by the Plan, subject to IRC limitations (\$6,000 for 2017). Participants may also increase or decrease their deferral percentages on the first day of any pay period.

The Plan includes an automatic-enrollment provision whereby eligible employees will be automatically enrolled in the Plan at a 3% pre-tax contribution. Participants may waive the automatic enrollment.

Ideal Clamp Products 401(k) Plan

Notes to Financial Statements

The Company makes a safe harbor basic matching contribution of 100% of the first 3% of employee contributions, plus 50% of the next 2% of employee contributions. Catch-up contributions are matched.

The Company may also make an annual discretionary profit sharing contribution. Participants are eligible to receive a discretionary profit sharing contribution if they have completed a year of service (12 months of service with at least 1,000 hours) and are employed by the Company on the last day of the plan year. These discretionary contributions will be allocated in the ratio that a participant's annual total compensation bears to the compensation paid to all eligible participants for the plan year. No annual discretionary profit sharing contributions were made for the Plan year ended December 31, 2017.

Rollover contributions transferred from other qualified retirement plans or Individual Retirement Accounts ("IRA") are accepted as permitted by the Plan Document.

Participants Accounts and Investment Options

Each participant's account is credited with (1) the participant's pre-tax, after-tax Roth, catch-up, and rollover contributions; (2) the Company's safe harbor basic matching contribution and discretionary profit sharing contribution; and (3) an allocation of plan earnings or losses thereon. Each participant's account is charged with withdrawals and expenses. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each fund.

Participants may direct the investment of their account balances into various investment options offered by the Plan, and may change their investment elections at any time. The Plan offers various registered investment companies and a collective investment trust as investment options for participants. The benefit to which participants are entitled is the vested portion of their accounts. If a participant does not affirmatively elect an investment allocation, a Target Date Fund appropriate for the participant's age will be selected for them.

Vesting and Forfeitures

Participants are immediately 100% vested in their pre-tax, after-tax Roth, catch-up, rollover and employer safe harbor basic matching contributions. Participants are 100% vested in the discretionary profit sharing contribution upon completion of three years of service. A participant's vesting percentage in discretionary contributions shall be 100% if the participant dies while employed, becomes disabled, or reaches normal retirement age (age 65).

In the event the Plan has forfeited balances, forfeitures may be applied to reduce future employer contributions or pay plan administrative expenses. The forfeitures account had a zero balance at December 31, 2017 and 2016. During the year ended December 31, 2017, there were no forfeitures used to reduce employer contributions or applied to administrative expenses.

Payment of Benefits

A participant's vested interest in the Plan is payable upon termination of employment for any reason or upon death. Upon termination of service, the participant may (1) elect to receive the distribution in a lump sum, (2) roll over their account balance to another qualified plan or IRA, or (3) leave the account in the Plan up to age 70½, at which time one of the above distribution options must be selected if the participant is no longer employed.

If a participant dies before benefits have begun, the vested portion of the account is paid to the beneficiary in a lump sum.

Terminated participants whose account balance is less than \$1,000 will receive a lump-sum cash distribution if the participant does not elect another form of distribution. If the participant's balance is over \$1,000 but no more than \$5,000 it will be rolled into an IRA in the name of the participant. Terminated participants may elect to withdraw any portion of their accounts at any time after they terminate, provided the minimum amount requested is at least \$1,000.

Actively employed participants can begin withdrawing their employer safe harbor basic matching contribution account along with their pre-tax, after-tax Roth and rollover balances without penalty at age 59½. In-service hardship distributions are allowed if certain criteria are met. A beneficiary may elect to rollover any portion of a distribution that would constitute an eligible rollover distribution, if it were made by a participant, surviving spouse or alternate payee.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to 50% of his or her non-forfeitable balance not to exceed \$50,000. Notes are secured by the balance in the participant's account and bears an interest rate based on the rates available for similar borrowings from commercial institutions and is fixed for the term of the note. Interest rates on outstanding notes at December 31, 2017 range from 5.25% to 6.25%. Notes are repaid ratably through payroll deductions over a period of five years or less, unless the note qualifies as a home loan. Only one note may be outstanding at a time, and a participant may not originate more than one new note in a twelve month period.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan be terminated, the assets of the Plan would be distributed to the participants based on their individual account balances as determined under the provisions of the Plan. To the extent not already vested, participants would be fully vested upon termination of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 4, *Fair Value Measurements and Disclosures*, for discussion of fair value measurements.

Income Recognition

Interest income is recorded as earned on the accrual basis. Dividend income and capital gains distributions are recorded on the ex-dividend date. Investment transactions are recorded on the trade-date basis. Interest and dividend income includes interest on the collective investment trust funds and dividends on holdings in registered investment companies. Net appreciation in the fair value of investments represents the realized and unrealized gains and losses on the investments.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2017 and 2016 there were no benefit payments authorized and approved for payment but not paid as of year-end.

Contributions

Participant contributions and related safe harbor basic contributions are recognized in the period during which the Company makes payroll deductions from the participant's compensation.

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimus. No allowance for credit losses have been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan may pay for eligible Plan expenses as provided by the Plan Document. Fees, primarily loan origination, distribution fees, and asset-based fees, are charged directly to the participant's account and are included in administrative expenses. Administrative expenses of \$57,982 were paid by the Plan for the year ended December 31, 2017. All other expenses of the Plan incurred during 2017 were paid by the Company and are excluded from these financial statements.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified the following information included in the accompanying financial statements and supplemental schedule as complete and accurate:

- Cash, investments and participant notes receivable as reported in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
- Investment income and interest earned on notes receivable from participants as reported on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017;
- Investment information included in the Notes to Financial Statements;
- All investment information included in the Supplemental Schedule - Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) – As of December 31, 2017.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS AND DISCLOSURES

Financial Accounting Standards Board Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodology used at December 31, 2017 and 2016:

Registered investment companies (mutual funds): The shares of mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund Collective Investment Group Trust: The Wilmington Trust Collective Investment Trust III for MetLife Group Annuity Contract No. 25554 (the “Fund”) was formed as a collective investment group trust. The Fund is comprised of a group annuity contract which primarily consists of fully benefit responsive investment contracts. The Fund is valued daily at the NAV of the units of the collective investment trust. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. If the Plan initiates a full redemption of the Fund, the issuer reserves the right to require 12 months’ notification in order to ensure that security liquidations will be carried out in an orderly manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

<i>As of December 31, 2017</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 22,214,097	\$ -	\$ -	\$ 22,214,097
Total assets in the fair value hierarchy	\$ 22,214,097	\$ -	\$ -	22,214,097
Investments measured at net asset value (a)				4,933,785
Total investments at fair value				\$ 27,147,882

<i>As of December 31, 2016</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 20,481,122	\$ -	\$ -	\$ 20,481,122
Total assets in the fair value hierarchy	\$ 20,481,122	\$ -	\$ -	20,481,122
Investments measured at net asset value (a)				4,717,446
Total investments at fair value				\$ 25,198,568

(a) *In accordance with Subtopic 820-10, certain investments that were measured at NAV value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.*

The availability of observable market data is monitored to assess the appropriate classification of financial statements within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2017, there were no transfers in or out of level 1.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<i>Investment Type</i>	<i>Fair Value – December 31, 2017</i>	<i>Fair Value – December 31, 2016</i>	<i>Unfunded Commitments</i>	<i>Redemption Frequency</i>	<i>Redemption Notice Period</i>
Collective Investment Group Trust (a)	\$4,933,785	\$ 4,717,446	None	Daily	May require up to 12 months for full liquidation

(a) *The fund was created to establish a stable value fund investment strategy. The fund's objective is to provide safety of principal, adequate liquidity and a competitive yield with low return volatility.*

5. INCOME TAX STATUS

The Company adopted a Volume Submitter plan document sponsored by SunGard Business Systems, LLC. The Internal Revenue Service ("IRS") has determined and informed SunGard Business Systems, LLC, by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA qualifies under Code Section 401. The plan administrator and Company management believe that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The plan administrator and Company management believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date, therefore no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions and by letter dated August 30, 2017, the Company was notified by the IRS that the Plan was selected for examination for the plan year ended December 31, 2015. The Company received a closing letter from the IRS on April 20, 2018 and based on results of this examination, there were no matters that would impact the Plan's financial statements, footnotes or supplemental schedule.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has a service agreement with the Recordkeeper which shall continue indefinitely, unless cancelled by either party with prior written notice. Payments to the Recordkeeper by the Plan consisted of administrative fees totaling \$57,982 for the plan year ended December 31, 2017. Also, the Trustee receives indirect fees charged within the investment accounts. In addition, participants could borrow from their accounts (notes receivable from participants). The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

7. CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan provides for various investments in registered investment companies and a collective group investment trust. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investment securities are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2017 and 2016 there were one and two investments, respectively, held which individually accounted for more than 10% of net assets available for plan benefits. See the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2017.

8. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through September 19, 2018 which is the date the financial statements were available to be issued. No events or transactions discovered during this evaluation require recognition or disclosure in the financial statements.
