1. Plan Description

The following description of the Titan Security Services Pension Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Full-time non-union employees of Titan Security Services, Inc. and affiliated companies (the "Company" and "Sponsor") and union employees covered under the Metropolitan Chicago Security Agreement Contractors between the Company and SEIU, Local 1 immediately become eligible to participate in the Plan after attainment of the age of 18 and completing six months of service with the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustees oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Contributions are automatically invested in a designated balance fund until changed by the participant.

The Company may make a discretionary profit sharing contribution to the Plan determined each year by the Trustees. Non-union participant matching contributions are discretionary and matching contributions for union employees are made in accordance with the terms of the collective bargaining agreement between the Company and the Union. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Non-union employees are 100% vested in the Company's contribution portion as long as the participant is employed on the last day of the Plan year. Union employees' vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is as follows:

Years of Service	Vesting %
0-3	0%
3 +	100%

Payments of Benefits

On termination of services due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a ten year period, or an eligible rollover. Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited non-vested accounts.

2. Summary of Accounting Policies

The financial statements of the Plan are prepared under the accrual method of accounting.

Subsequent Events

Subsequent events were evaluated through September 18, 2018, which is the date the financial statements were available to be issued.

2. Summary of Accounting Policies (Continued)

Administrative Expenses

All administrative expenses of the Plan are paid by the Company.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies. Shares of mutual funds are valued at quoted market price, which represent the net asset value of shares held by the Plan at year end.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to mutual fund investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

New Accounting Standards

In July 2015, the FASB issued new guidance impacting benefit plan accounting and reporting ("ASU 2015-12"). ASU 2015-12 requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts. It also simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans, and provides employee benefit plans with a measurement-date practical expedient for asset fair value. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan has adopted ASU 2015-12 in 2016 and has applied ASU 2015-12 retrospectively, as required and as reflected in the statements of net assets available for plan benefits and in the notes to the financial statements. Certain historical disclosures that are no longer required have been removed. The adoption in 2016 did not have a material effect on the financial statements.

3. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

3. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2017	Level 1	Total
Registered investment companies	$ 3,384,022	$ 3,384,022
Total assets at fair value	$ 3,384,022	$ 3,384,022

December 31, 2016	Level 1	Total
Registered investment companies	$ 2,901,831	$ 2,901,831
Total assets at fair value	$ 2,901,831	$ 2,901,831

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

5. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

7. Summary of Information Certified by Plan Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Trustee:

	2017	*2016*
Investments at Fair Value:		
Registered investment companies	$ 3,384,022	$ 2,901,831
Interest-bearing cash	29,201	479
Investment income	406,378	81,933
Benefits paid to participants	133,400	37,878

8. Parties-in-Interest

Certain Plan investments are shares of mutual funds and managed by Ascensus Trust Company. Ascensus Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions with parties-in-interest included purchases and sales of assets through the Trustee, contributions from the Company and fees paid to the Trustee. Fees paid to Ascensus Trust Company and reflected in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2017 totaled $480.

9. Transfer

On April 29, 2016, the Plan merged with the Titan Security 401(k) Plan. The Titan Security Services Pension Plan was the surviving Plan and renamed the Titan Security Services Pension Plan. The Titan Security 401(k) Plan adopted the Plan's document. On May 13, 2016, investments from participants totaling $1,406,220 were transferred into the new Plan. On July 19, 2016, investments from personal choice retirement accounts totaling $1,259,413 were transferred into the new Plan.

10. Subsequent Event

On January 1, 2018 the Plan split into two plans, Titan Security Services Pension Plan (the surviving plan), and Titan Security Services Union Pension Plan (the new plan). On March 5, 2018, investments from participants totaling $11,606 were transferred into Titan Security Services Union Pension Plan.
